

2016 Golf

Unforgettable drive.

The 2016 Golf is the modern hatchback that makes every drive worth remembering. Under the hood, its turbocharged engine delivers more than enough power and torque to dart past 18-wheelers, crush hills, and make objects disappear in your rearview mirror. In the cabin, you'll find all the comforts that you'd expect of a German-made car – and perhaps a few you might not. Take App-Connect, for example, which allows you to integrate your smartphone into your Golf's infotainment system. With it, you can search online using its powerful voice command functionality to get directions, stream your favourite music, and more. The only thing missing from the Golf is you and your friends, so hop in, open the available panoramic sunroof, blast some tunes through the available Fender® Premium Audio System, and get the party started.

Please drive safely and obey all traffic laws, including speed limits.

Key Features

Variable cargo load floor

In an over-crowded world, space isn't just a commodity, it's a luxury. That's why the variable cargo load floor in the Golf lowers, giving you an extra 9 cm of room – so you can load up with more sports gear, luggage, or whatever else life throws your way.

Composition Media infotainment system†

The Composition Media infotainment system in the Golf is truly a work of art. With a 6.5" colour touchscreen, it provides high-resolution graphics and lets you play your favourite digital music files, the radio, and more. Plus, it integrates with App-Connect, so you can stay focused on the road ahead.

Available Bi-Xenon headlights with Adaptive Front-light System (AFS)*

Not only brighter than regular bulbs, Bi-Xenon headlights with AFS turn up to 13 degrees around corners before you do.

Standard rearview camera††

As soon as you shift gears to reverse, a camera pops out from behind the VW badge on the rear hatch to give you a full view of what's going on back there. With a rearview camera that's protected from salt, snow and dirt, you can always see what's happening behind you.

Available panoramic sunroof*

Only one word describes a sunroof that tilts, slides and is big enough to allow every passenger a view of the sky: Wow.

App-Connect†

Think smart, with App-Connect, using either Android Auto™ from Google®, CarPlay™ from Apple®, or MirrorLink™. Its intuitive interface and powerful voice command actions let you easily search online for songs, directions or even your favourite restaurant, so you'll keep your eyes on the road, and not on your screen.

*Feature is available on higher trims only and/or as an option. See the Features page for details. †Do not drive distracted. ††Driver assistance feature. Drivers must continue to perform manual checks before proceeding.

Trendline (TL) 3-door
