

2016 Jetta GLI

Unforgettable rush.

Performance shouldn't be reserved for just the racetrack. That's why the 2016 Jetta GLI has been engineered from the ground up to make everyday performance more exhilarating than ever. Its 210 HP 2.0 TSI[®] engine is powerful, yet remarkably efficient thanks to German ingenuity. And together, the engine and lightweight chassis make the 2016 Jetta GLI so athletic, your inner race-car driver will squeal with delight. Sporty-looking and value-packed with the latest tech, like the available 6.33" Discover Media infotainment system, the Jetta GLI will make every kilometre of your drive feel like the best one yet.

Reflex Silver Metallic	GLI	Autobahn
Deep Black Pearl	GLI	Autobahn

Please drive safely and obey all traffic laws, including speed limits.

Key Features

Standard rearview camera^{††}

Parking has never been easier with the rearview camera. It's literally like having eyes in the back of your head.

KESY – keyless access with push-start button

It's easy to lose your keys at the bottom of your bag, or not have a hand free to reach the keys in your pocket. But with KESY keyless access, you can lock or unlock your doors and start your Volkswagen without having to search for your keys. You don't even have to know what pocket they're in.

Available Bi-Xenon headlights with Adaptive Front-light System (AFS)*

In every way, our lights go further. When night falls, Bi-Xenon lights shine brighter than halogen or regular filament bulbs, and, with AFS, can turn up to 13 degrees around corners.

Composition Media infotainment system[†]

The Composition Media infotainment system in the Jetta GLI is truly a work of art. With a 6.33" colour touchscreen, it provides high-resolution graphics and lets you play your favourite digital music files, the radio, and more. Plus, it integrates with App-Connect, so you can stay focused on the road ahead.

Available Blind Spot Detection*

Blind Spot Detection uses radar sensors to detect when an object enters the blind spot on either the driver or passenger side of the vehicle.

App-Connect[†]

Think smart, with App-Connect, using either Android Auto™ from Google®, CarPlay™ from Apple®, or MirrorLink™. Its intuitive interface and powerful voice command actions let you easily search online for songs, directions or even your favourite restaurant, so you'll keep your eyes on the road, and not on your screen.

*Feature is available on higher trims only and/or as an option. See the Features page for details. ^{††}Do not drive distracted. ^{†††}Driver assistance feature. Drivers must continue to perform manual checks before proceeding.
