

2016

Passat

Das Auto.

Unforgettable sophistication.

You already know that it takes balance, dedication and flexibility to build success, both at the office and at home. But what you probably don't know is that a car can be built on the same principles. The new 2016 Passat combines a sophisticated, professional aesthetic with practical flexibility. It's the perfect ride for business 9 to 5 and family 24/7.

Design

We designed the new 2016 Passat to be better than most. With premium quality and craftsmanship in every refined detail, you'll find the little things make a big difference.

Performance

A turbocharged 1.8 TSI® engine and available 3.6 FSI® engine make sure that while the new Passat is a family car, it doesn't have to drive like one.

Interior

Leave no briefcase, bag or bongo drum behind. The new Passat has enough room for you, your family and whatever you want to bring with you.

Safety

The new Passat comes equipped with a sophisticated array of safety technology to help ensure that you, and your loved ones, are secure.

On the road. Always within reach.

Available Fender® Premium Audio System

The 8-speaker system will have you feeling like you've got the best seat in the house. Or in this case, the best seat on the road.

There are no small technological steps here. Only giant leaps. Whether you're rocking out on your family road trips with our available Fender® Premium Audio System, or seamlessly connecting your favourite devices with the intuitive App-Connect – we've added the kind of technology that makes every ride better.

Speakers shown for information only. Actual speakers vary in shape and size.

App-Connect (Android Auto™, Apple CarPlay™, MirrorLink™)*

Connect to the things that matter most. The intuitive interface and voice command actions let you easily search online for songs, directions or even your favourite restaurant. So you'll keep your eyes on the road, and not on your screen.

Available Discover Media*

The new Discover Media infotainment system combines next-generation navigation with in-car media entertainment and App-Connect functionality, all controlled from its easy-to-use 6.33" touchscreen colour display.

Available rear USB port

If you want a USB port for your rear seats – we've got one. Because no matter how long or short your journey is, you should be able to listen to your music from beginning to end.

*Do not drive distracted.

Leading by design.

With a silhouette that's stylish and sleek, the new 2016 Passat is designed to turn heads and bate breath. And it does both in German-engineered spades. Striking the perfect balance between family-oriented and professional, it's a sedan that's as well adjusted as you are.

Available power sunroof

Count your lucky stars. Or just stare at them. Either way the choice is yours.

Available LED headlights with Daytime Running Lights (DRL)

Brand new to the Volkswagen lineup, these LED lights are truly our best and brightest. They're energy-efficient so you'll preserve your car battery while enjoying higher visibility. Look on the bright side and you'll see a 2016 Passat.

Chrome accents

Look polished with polished chrome accents. They give your Passat the sophisticated finish it deserves.

Detailed to the last detail.

There's no need to stand on ceremony for a refined interior like this. In fact, we'd really prefer it if you'd sit. And once you've adjusted the available 8-way power front seats or noticed the abundant legroom available for you and your family – well, you'll prefer to be sitting too.

Available Titan Black/Golden Oak trim

A two-toned trim package that makes luxury more luxurious – in case there wasn't enough luxury already.

Available Vienna leather seating surfaces

There's nothing like relaxing in a soft leather chair after a long day at the office. And now you don't have to wait until you get home to do it.

Ample rear legroom

Get a leg up on legroom with back seats that let you pile in and stretch out.

Available 8-way power front seats with memory for driver's seat

Adjust your seat to your back's content. (See what we did there?)

Available leather-wrapped steering wheel

Never take your hands off the wheel again. And not just because it's wrapped in leather. The music, navigation and settings are all close at hand.

Available interior ambient lighting

There's nothing worse than bad lighting. So we made sure to have good lighting.

It's all business on the road.

In the new 2016 Passat, sophistication and excitement are two sides of the same smartly refined coin. With a standard 1.8 TSI[®] engine and available 3.6 FSI[®] engine, the exact amount of “oomph” is yours to decide, but no matter what you choose, performance is always in the palm of your eagerly anticipating hand.

1.8 TSI[®] engine

This award-winning turbocharged engine delivers 170 HP and 184 lb-ft of torque.

Available 3.6 FSI[®] engine

Our 3.6L engine is engineered to give you 280 HP of pure driving pleasure.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Manual	1.8 TSI [®]	9.4	6.4
Automatic	1.8 TSI [®]	9.4	6.3
Automatic DSG [®]	3.6 FSI [®]	11.9	8.5

*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption will vary.

A higher standard of driving.

Quality is something you need to feel to truly appreciate. Get in the new 2016 Passat and you truly will. Made from high-grade materials that have been finessed into a sophisticated package by our meticulous designers, the new Passat is poised to deliver the kind of quality you can really appreciate.

On the safe side of safety.

Because we know your most precious cargo isn't your cargo, we fitted every new 2016 Passat with an impressive array of safety features. Your family is in good hands – or in this case, in the hands of some of the safest technology around.

Available Adaptive Cruise Control*

Adaptive Cruise Control is genius (if we may say so). It uses sensors to detect the vehicle ahead, and then automatically adjusts your speed to always keep you at a safe distance without ever needing to adjust the gas or brakes.

Available Blind Spot Detection*

Be certain of your surroundings at all times. Radar sensors trigger a blinking symbol on your side mirrors that warn you when an object enters your blind spot.

Driver and passenger airbags

With front, torso and side curtain airbags for the front seats, and side curtain airbags for the back seats, no matter where you're sitting we've got you covered from multiple angles.

Standard rearview camera*

See what lies on the road behind. With a camera installed above your licence plate on the back of your Volkswagen, you'll be able to see what's behind you when you're reversing.

*Driver assistance feature. Drivers must continue to perform manual checks before proceeding and pay full attention to the road.

Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Fuel consumption ratings are estimates based on Natural Resources Canada's (NRCAN) fuel consumption criteria and testing methods for 2016 model year vehicles and are provided for comparison purposes only. Please note that comparisons to seemingly similar vehicles pre-2015 model year will show discrepancies due to the difference in NRCAN approved calculation methods for 2014 model year and older vehicles. Please refer to NRCAN's Fuel Consumption Guide 2016 for estimated fuel consumption figures. Actual fuel consumption will vary based on driving conditions, driver habits and the vehicle's condition, weight carried and additional equipment.
