

# 2017 Golf SportWagen

Volkswagen

Exceptional exists for  
less than you think.

From only \$24,890.\*

\*Base MSRP of a new and unregistered 2017 Golf SportWagen 1.8 TSI® Trendline with 5-speed manual transmission is \$24,890, \$1,645 freight and PDI and \$100 a/c levy included. Licence, insurance, registration, options, any dealer or other charges and applicable taxes are extra. Dealer may sell for less. Higher trimlines of the 2017 Golf SportWagen are shown and some include optional equipment.

**When "Adventure" is your nickname, you'd better be driving the right vehicle.** The 2017 Golf SportWagen with available 4MOTION® All-Wheel Drive fits the bill perfectly. It delivers a uniquely sporty driving experience that you just can't get from an SUV. And it offers complete versatility so you can pack it full of family, friends and gear when it's time to get away. Plus, it features the on-board technology that lets you stay in touch with the world and discover that hidden gem of a BBQ joint. So when adventure comes calling, call back from the remarkably well-equipped SportWagen.

#### Versatility

When life is spontaneous, you want a vehicle that lives and breathes adaptability. Because sometimes it's those "drop everything" trips that become the best ones.

#### Performance

It may be a wagon but it's surprisingly quick and agile, whether you're driving in city traffic or on a scenic byway.

#### Design & interior

Discover the perfect marriage of functionality and clean design. It makes it easier to appreciate the big wide world out there.

# Search and enjoy.

Make every journey more enjoyable with the right technology. The 2017 Golf SportWagen keeps you connected with family and friends, lets you navigate quickly and effortlessly, and keeps your music going all night long.

## Available Discover Media infotainment system with satellite navigation\*

Got an adventure in mind? Make sure you go fully equipped. This easy-to-use infotainment system features a 6.5" colour touchscreen with proximity sensor, CD player, satellite navigation and two SD card slots all at your fingertips.

## Available App-Connect\*

With simple voice commands you can search for your favourite tunes, find an interesting new place to eat, and stay in touch with family and friends. You can also dictate text messages and have incoming texts read to you. It's the ultimate adventure tool. Works via Android Auto™, Apple CarPlay™ and MirrorLink™.

## Available Fender® Premium Audio System

Handle those long drives without skipping a beat. This 400-watt system delivers uncompromised clarity in high, low and mid ranges. And each of the 8 speakers has been carefully situated to give you the very best listening experience possible.

\*Do not drive distracted.

## Versatility. To go.

Be boy-scout prepared for your next adventure, whether it's south of the border or up to the ski hill. The 2017 Golf SportWagen offers lots of ways to configure the cargo area, so you're always able to squeeze in that one last thing.

### 60/40 split folding rear seats with centre pass-through

People, gear: you've got it covered. The 60/40 fold-flat rear seats give you plenty of options when you have to get stuff from A to B. The handy fold-down centre armrest lets you carry longer items like skis and still have a seat for four passengers.

### Variable cargo load floor

This handy adjustable rear cargo floor lets you store rarely used items like washer fluid neatly out of the way. Or simply take it out to create additional cargo space.

# Some cars just love a good road trip.

Even sitting still, the 2017 Golf SportWagen looks ready for adventure. The clean aerodynamic styling, roof rails and gently sloped rear hatch come together perfectly to create a sporty profile. But it's still a supremely versatile vehicle that can handle a ton of gear, at a moment's notice.

## Available panoramic power sunroof

Turn the control to slide open the sunroof and you're enjoying fresh air and sunshine. If you want a more intimate mood, a full sunshade can cover the entire sunroof at the touch of a button.

## Available integrated front fog lights

Driving in fog is hard enough. You don't need light reflecting into your eyes to make it harder. That's why these lights point directly at the ground, making it safer for you and everyone else on the road.

## Power adjustable and heatable exterior mirrors with LED turn signals

Turn signals that turn your car into a sleek and modern ride that's ready to take on modern traffic.

# Sporty performance comes naturally.

One of the best things about the 2017 Golf SportWagen is that it's fun to drive. It's able to make quick work of twists and turns and up and downs. Plus the available Tiptronic® transmission lets you enjoy the thrill of a manual transmission.

## 1.8 TSI® engine

In the 2017 Golf SportWagen, performance and practicality go together like you and fun. There's plenty of power to get you and your crew across town or across country. And you'll enjoy fuel economy that will put a well-deserved smile on your face.

Fuel Consumption*	Engine	City L/100 km	Highway L/100 km
Manual	1.8 TSI®	9.6	6.8
Automatic	1.8 TSI®	9.3	6.9
Automatic DSG® with 4MOTION®	1.8 TSI®	10.6	8.0

\*Fuel consumption figures are estimates based on Natural Resources Canada's approved criteria and testing methods. Your fuel consumption will vary.

## Available 4MOTION® All-Wheel Drive with automatic transmission\*

Better grip for a better driving experience. If road conditions change, the system calculates the optimal drive torque for the rear axle and shifts power accordingly. It ensures optimum traction on most surfaces even in adverse weather conditions.

## Available 6-speed automatic DSG® with Tiptronic®

Want to really enjoy the open road? Switch to Tiptronic® and enjoy all the sportiness of a manual transmission without needing a clutch.

\*Appropriate all-season or winter tires are required when driving during cold, snowy or icy weather conditions, or else slipping may occur. Winter tires may be mandatory in your province or territory.

# Comfort, for the long haul.

It's a big world out there, and exploring every byway and back road can take time. So you want to have a really comfortable place to call the shots from. The 2017 Golf SportWagen is that place. From the perfect temperature to the perfect seating position, all your journeys will be a trip down comfort lane.

## **Available leather-wrapped multifunction steering wheel**

This multifunction steering wheel is exceptionally user-friendly and lets you control your phone, your music, the radio and more without taking your hands off the wheel. The leather part makes it super comfy to hold.

## **Customizable ambient interior lighting**

Add a true level of customization when your adventures take you into the night. Ambient LED lighting in the door handles, foot wells and centre console help you find things more easily and look totally cool.

## **Available 12-way power driver seat including power adjustable lumbar support**

Arrive fatigue-free even after a really long drive. With easy-to-use controls, adjust the seat height and depth plus the seat and backrest angles for a perfect fit. Also, the lumbar support helps reduce loads on the spinal column.

## **Available Climatronic® dual-zone electronic climate control**

Allows both driver and passenger to set the temperature for their side of the cabin. For example, if the passenger feels hot, they can simply adjust their temperature control for a cooler blast of air. It's ideal when one side of the cabin has the sun coming in.

## **Heatable front seats and washer nozzles**

Enjoy the comfort of a warm seat. And the comfort of knowing that the washer nozzles will work on the coldest of days, so you can keep your windshield clear when you're on a winter adventure.

# Discover just how safe, safe can be.

Dramatization.\*

Every drive can be a new adventure. Which means you never know what can happen. Good thing the 2017 Golf SportWagen is equipped with a variety of advanced safety features to help you avoid a collision and help you stay safe.

### Available Front Assist with Autonomous Emergency Braking\*

A radar sensor measures the distance and relative speed of vehicles in front of you and provides you with a warning if it detects the possibility of a rear-end collision.

### Available Light Assist

This is a very convenient feature when you are driving outside of the city and are using the high beams. The system can automatically turn off the high beams temporarily when there is a vehicle ahead of you in your lane or coming toward you in the oncoming lane.

### Available Park Distance Control\*

Backing up to within mere centimetres of a wall is impressive. And easy, thanks to sensors that emit a beeping sound that gets faster and faster the closer you get to a solid object.

### Intelligent Crash Response System (ICRS)\*\*

Looking out for you when you need it most, this automatic safety system disables the fuel pump, turns on the hazard lights and unlocks all doors in the event of a collision.

### Standard rearview camera\*

Get a better view of what's behind you when you're backing up so you can avoid obstacles you may not notice using the mirrors or by turning your head.

### Available Lane Assist\*

The system senses if your car is drifting out of your driving lane and warns you by gently counter-steering the car back in line.

\*Not all airbags will deploy, and if multiple airbags do deploy, they will be in various stages of inflating/deflating.

\*Driver assistance feature. Drivers must continue to perform manual checks before proceeding and pay full attention to the road.  
\*\*ICRS will only engage if an airbag is deployed or a safety belt tensioner fires.
