

# 2017 Passat

Exceptional exists  
for less than you think.

From only \$27,570.\*

You don't always have to go with the flow. It's more important to be true to yourself. So if you want room for a family or your golf foursome, but an SUV or minivan isn't your style, the 2017 Passat sedan is the right move. An efficient 4-cylinder TSI® engine or available 3.6L VR6 engine offers plenty of power, while expertly engineered suspension and driving components deliver a smooth-as-silk drive, even through twists and turns. Inside the cabin, available leather seating surfaces add sophistication and elegance, while on-board technology like standard App-Connect keep you up to date with the world around you. It's the perfect vehicle for a sedan aficionado. And it comes with a very attractive price.

## Key Features

### App-Connect<sup>†</sup>

It's intuitive and easy to use. With simple voice commands you can search for your favourite music, find the perfect lunchtime bistro, and stay connected with family and colleagues. You can also dictate text messages and have incoming texts read to you. Works via Android Auto™, Apple CarPlay™ and MirrorLink™.

### Laser seam welding

State-of-the-art laser welding helps create a very strong body shell that offers better protection for the occupants, better handling, and less wind noise in the cabin.

### Available Easy Open trunk

With the keys in your pocket or purse, place your foot under the back bumper, kick your foot and the trunk pops open. It's very handy when you've got the clubs over your shoulder.

### Available R-Line Package

Add a sporty flair to your Passat with a package that includes anthracite-coloured 19-inch Salvador aluminum alloy wheels, a stylized front bumper with contrasting black accents, and a modified rear diffuser.

### Available LED headlights and tail lights

They're incredibly bright, use less energy and last longer than conventional bulbs. They also give the 2017 Passat a very distinctive look, front and back.

### Available Adaptive Cruise Control<sup>‡\*\*</sup>

You can set your desired speed and a following distance you're comfortable with. If the vehicle in front slows down or gets too close, your speed is automatically adjusted.

<sup>†</sup>Do not drive distracted. <sup>‡</sup>Driver assistance feature. Drivers must continue to perform manual checks before proceeding and pay full attention to the road. <sup>\*\*</sup>In emergency situations, it is still necessary to apply the brakes manually.
