

The 2020 e-Golf

The future of A to B is e

As the first 100% electric-powered Volkswagen, the e-Golf doesn't only represent the future of car technology, it's the future of driving. From saving money on your daily commute, to saying goodbye to messy gas pumps, you'll never want to go from A to B without the e-Golf again.

Top Features

198 km range

With an estimated range of up to 198 km,* one charge is all it takes to realize the benefits of this gas-free Golf.

Instant Acceleration

100% of the eGolf's 214 lb-ft of torque is available instantaneously.

Discover Pro 9.2" Touchscreen**

Easily swipe through songs with the gesture control feature, check your range and enjoy full control of other media and features with the vibrant Discover Pro 9.2" touchscreen.

Adaptive LED headlights

LED headlights are bright, bold and highly energy efficient. Better still, the Adaptive Front-light System matches your steering as you bend along the road.

Available Digital Cockpit**

The Volkswagen Digital Cockpit is an intuitive, customizable digital display that lets you tailor your display to your unique driving needs. The built-in navigation puts the map right in front of the steering wheel so you can plan and view your route with ease.

Interior lighting and styling

With sleek blue LED accents on the door sills and stainless steel footwells, the interior not only looks great, but the glare-free illumination makes navigating the interior a snap on night drives too.

*Combined range estimate based on Natural Resources Canada (NRCAN) approved guidelines for MY2020. City rating is 1.9 Le/100 km and highway rating is 2.3 Le/100 km. Please refer to vehicles.nrcan.gc.ca for more information. Full charge required. Actual driving range will vary based on driving and charging habits, weather and temperature, battery age and vehicle condition. Battery capacity decreases with time and use. See owner's manual for details. Le is gasoline litre equivalent. **Do not drive distracted. Drivers must pay full attention to the road and safe driving at all times.

Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Fuel/energy consumption ratings are estimates based on Natural Resources Canada's (NRCan) fuel/energy consumption criteria and approved testing methods and are provided for comparison purposes only. Please refer to vehicles.nrcan.gc.ca for more information. Actual fuel consumption will vary based on driving conditions, driver habits and the vehicle's condition, weight carried and additional equipment.
