

# Citroën Care for Car and Driver

A network of Citroën New Car Dealers, Authorised Repairers and Parts Distributors are equipped and trained to meet the needs of today's Citroën customer.

Dealers can offer advice on vehicle funding; via Citroën Contract Motoring with packages such as Contract Hire, Finance Lease or Lease Purchase for Business Users, or via Citroën Financial Services with Elect 3 Personal Contract Purchase for Retail buyers.

In addition Authorised Repairers have a team of technicians skilled in the care and maintenance of Citroën products, using only genuine Citroën parts.

For added Peace of Mind both Business and Retail customers can purchase a Citroën Ensure Maintenance Contract, which covers routine Service and Parts cost, and which can be enhanced to include items such as tyres and extended replacement vehicle cover.

## Citroën Elect 3

With the Elect 3 Personal Contract Purchase Scheme, you decide on the model which best suits your motoring needs, then set your preferred contract period of 24 or 36 months and anticipated annual mileage. At the end of the contract period you have the added flexibility of part exchanging the car for another new Citroën, purchasing it or simply returning it to the Dealer. By choosing Elect 3 you can drive a new Citroën every two or three years.

## Citroën Fleet and Business Sales

All Citroën Dealers are dedicated to meeting the specialist needs of both the fleet and business buyer. Their comprehensive service can include

advice on important business vehicle decisions, such as alternative acquisition methods, disposal of existing cars and vans, priority servicing and much more. In short, their expertise aims to provide a 'total transport solution' for all your fleet or business vehicle needs. If you would like to contact Citroën direct for further information, please call Citroën Fleet Connect on 08457 940 940. Or look us up at: <http://www.citroen.co.uk/fleet>

## Citroën Assist

Whilst Citroën cars are engineered for maximum reliability, you might become stranded through circumstances outside your control. In response to a free telephone call, Citroën Assist brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Alongside UK cover, Citroën Assist also offers a comprehensive European service.

## Comprehensive Warranty

Every new Citroën car offers the benefit of a 3 year\* warranty package, plus a 12 year anti-corrosion\*\* warranty and a 3 year paint warranty.

## Citroën Insurance

Citroën Insurance is as thoughtfully designed as your car and provides real value for money exclusively to Citroën owners. Instant cover is available over the telephone, with convenient instalment options (subject to status). Policies provide 24 hour accident recovery, with all repairs carried out by a Citroën Authorised Repairer, guaranteed for a full three years. For an immediate quote, call 0870 024 2725.

## Internet

The Citroën Website contains full information on all Citroën products and offers available in the UK, together with details of our environmental and recycling policies. The site address is: <http://www.citroen.co.uk> You can contact Citroën directly via [customer-services@citroen.com](mailto:customer-services@citroen.com)

\* 2 years' manufacturer's warranty. No-fee customer option of 1 year's Dealer provided extended warranty, only on cars sourced from Citroën UK Limited.

\*\* Against all internal to external perforation to bodywork or underbody on condition the car undergoes an inspection by a Citroën franchised Dealer every two years from its fourth anniversary.

## Travel the Smartway in your new Citroën with

**smartnav**

by **Trafficmaster™**

intelligent navigation and more...

If you travel by car, you need Smartnav. More than just a satellite navigation system, it provides drivers with a range of support services to make every journey as quick, easy and safe as possible. At the touch of a button, you are connected to a Smartnav Personal Assistant, who will enter details of your destination into a central computer. In just a few seconds, the route is sent to your car.

A powerful computer calculates the route to your destination, incorporating traffic data and the very latest mapping information, to ensure that your journey is as quick and easy as possible. The route is downloaded digitally to your in-car Smartnav unit, which provides you with clear, turn by turn, spoken instructions. It's just like having your very own navigator - without the arguments!

## Performance with care for the environment

The April 2003 budget further developed the government's strategy of protecting the environment through vehicle taxation charges linked to carbon dioxide (CO<sub>2</sub>) exhaust emissions.

The Graduated Vehicle Excise Duty bands have been expanded and Company Car taxation is further increased via stricter CO<sub>2</sub> emission levels required to qualify for the lowest tax rates in future years. In addition the taxable benefit of free fuel is for the first time linked to CO<sub>2</sub> emissions instead of engine size.

With its sophisticated and technologically advanced range of engines, Citroën is well placed to reconcile performance with low taxation levels and reduced environmental impact.

## Graduated Vehicle Excise Duty (Road Fund Licence)

The Graduated VED bands classify all new cars first registered from 1st March 2001 into one of six Vehicle Excise Duty bands, depending on their type of fuel and carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km).

Today more than ever, this means that when choosing a Citroën vehicle you are guaranteed access to superb value for money motoring.

For example, the new Citroën C3, when specified with the 1.4HDI diesel engine produces only 110 g/km of CO<sub>2</sub> and therefore qualifies for the AA band of vehicle excise duty. Most of the other models, when specified with the highly acclaimed 2.0 litre High Pressure Diesel Direct Injection engine and manual gearbox qualify for the A band VED and produce a level of CO<sub>2</sub> emissions that guarantees the lowest level of Benefit-In-Kind Taxation Charges.

Band	CO <sub>2</sub> g/km	Petrol Car	Diesel Car
AAA	Up to 100	£65	£75
AA	101 to 120	£75	£85
A	121 to 150	£105	£115
B	151 to 165	£125	£135
C	166 to 185	£145	£155
D	Over 185	£160	£165

## Company Car Benefit-In-Kind Taxation Charges

The Company Car Benefit-In-Kind Taxation scales linked to CO<sub>2</sub> emission levels are now in their second year. The table opposite shows the percentage of the car's list price to be taxed (P11D value<sup>†</sup>).

The charge levied is based upon the type of fuel used and the level of CO<sub>2</sub> emissions, measured in grams per kilometre (g/km).

## Fuel Scale Benefit Charge

For the first time this year, the taxable value of free fuel provided for private usage is linked to CO<sub>2</sub> emissions. The taxable benefit will be assessed using the same scale as for BLK, and the percentage applied against a set figure. For the tax year 2003/4 this figure is set at £14,400.

For example, the Citroën C5 HDi 110 LX Hatchback has a CO<sub>2</sub> emissions figure of 147 g/km and a P11D figure of £15,442.

The BLK value would therefore be 18% x £15,442 = £2,779.56

The Free Fuel Benefit would be 18% x £14,400 = £2,592.00

An individual driver would pay tax on these figures at their marginal tax rate.
