THE URBAN PLAYER

Checking out the new Fabia Sport is one smart move. Because at long last credible sports styling is no longer reserved for the privileged few. Suffice to say that this new Fabia Sport is set to score top marks in the looks and versatility department. One urban player you'll most definitely want on your team.

The good news doesn't stop there. We're confident that once you give the Fabia Sport a thorough once-over you'll be particularly impressed with just how much car you'll be getting. And because it's a Škoda, you know that reliability, intelligent technology, exacting safety standards, comprehensive equipment and just plain fun all come as part of the package.

PLAYING THE FIELD

If you haven't found your perfect match quite yet, the award-winning Fabia has the kind of good looks that will win you over. It's recently been given a facelift with lots of attention paid to the detail and it shows. Detail like the characteristic front grille, the redesigned front bumper, the clear optic headlights and the distinctive rear cluster lights. Both modern and original, the Fabia is the supermini for today's true individual.

And the New Fabia Sport has some special features that set it even further aside from the rest of the pack. Taking the exterior for starters there's the eye-catching factory-fitted rear spoiler that's bound to turn a few heads. Put this together with the sports chrome tail pipe, front fog lights, sunset privacy glass and 15" alloy wheels and you've got all the essential ingredients for laid-back urban style.

With the New Fabia Sport there's definitely no chance of going unnoticed. Of course the good looks don't stop with the exterior so you might find everyone suddenly wants a ride. The Fabia interior has also had a makeover giving a completely modern and comfortable feel. Cabin comfort is further enhanced by air-conditioning that you may be pleasantly surprised to hear comes as standard. Also all-inclusive are power assisted steering, ABS together with driver and front passenger airbags.

THERE'S NO HIDING PLACE!

As you might expect, the New Fabia Sport also has an extra edge in the cabin too. Firstly there are ultra-stylish sports seats that provide both comfort and support. And the CD autochanger makes it easier to catch all your sounds when you're on the road.

Available in Corrida Red, Black Magic Pearl Effect, Flamenco Red Metallic, Diamond Silver Metallic and Lemon Yellow. The Fabia Sport gives credible and attainable sports styling.
