RRP (Recommended Retail Price)

\* Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £38), petrol/diesel, and apply to the United Kingdom only.

\*\* All vehicles will be subject to vehicle excise duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). The weight of a vehicle will influence the level of CO<sub>2</sub> emitted. As a result, vehicles with higher levels of specification may emit higher levels of CO<sub>2</sub>. Once a car has been built it will be given its own specific CO<sub>2</sub> emission on which the Vehicle Excise Duty will be charged. The VED bands are shown in the table on the opposite page.

### Standard Equipment

|                                                                    |                                                                               |
|--------------------------------------------------------------------|-------------------------------------------------------------------------------|
| Climatic air conditioning with automatic regulation                | Roof rails (Standard on Estate models only)                                   |
| ABS+MBA+ MSR+ASR (without EDL)                                     | Air re-circulation with a pollen filter                                       |
| Aero wiper with intermittent function                              | Central locking, SAFE system                                                  |
| Steel wheel 'Castle' 6.0J x 15" 195/65 R15 (Full Size Spare Wheel) | Driver and passenger front and side airbags                                   |
| Black bodyside protective moulding                                 | 2 Foldable hooks in the luggage compartment (Standard on Classic Estate only) |
| Body coloured bumpers with black protective mouldings              | Height-adjustable driver seat                                                 |
| Electric front windows                                             | Height adjustable front head restraints                                       |
| Electrically adjustable and heated door mirrors                    | Height adjustable rear head restraints (three)                                |
| Electro-mechanical power steering                                  | Height and reach adjustable four-spoke steering wheel                         |
| Fuel supply cut off switch                                         | Immobiliser                                                                   |
| Headlights with clear optics                                       | Lashing eyelets in the luggage compartment                                    |
| High level third rear brakelight                                   | Passenger airbag de-activation switch                                         |
| Indicators integrated into the door mirrors                        | Passenger vanity mirror                                                       |
| Internally adjustable headlight beam level                         | Stream radio with single CD player                                            |
| Laser etched VIN codes on all windows                              | Three rear three-point seat belts with pre-tensioners                         |
| Rear mudflaps                                                      | Two ISOFIX child seat fittings                                                |
| Rear wash/wipe                                                     | Storage compartment in parcel shelf (estate only)                             |
|                                                                    | Split folding rear seats (Estate only)                                        |

RRP (Recommended Retail Price)

\* Recommended 'On the Road' prices include delivery, 12 months Road Fund Licence, DVLA First registration Fee (at £38), petrol/diesel, and apply to the United Kingdom only.

\*\* All vehicles will be subject to vehicle excise duty based on the fuel type of the vehicle and its carbon dioxide (CO<sub>2</sub>) emissions level, measured in grams per kilometre (g/km). The weight of a vehicle will influence the level of CO<sub>2</sub> emitted. As a result, vehicles with higher levels of specification may emit higher levels of CO<sub>2</sub>. Once a car has been built it will be given its own specific CO<sub>2</sub> emission on which the Vehicle Excise Duty will be charged. The VED bands are shown in the table on the opposite page.

Please confirm figures with your Škoda Retailer  
Edition: UK January 2006. VAT is calculated at 17.5%.  
For fuel consumption data, please refer to page 15.

1 17" 'Zenith' Alloy wheels

2 Xenon headlamps (available as an option)

3 Twin chrome exhaust

4 Rear spoiler (Hatchback)

## Škoda Octavia features and benefits

### Air Conditioning - Safety and Comfort

Air conditioning offers great advantages over standard ventilation and the first is keeping your car cool during the summer months. But surprisingly becomes an effective tool in winter, demisting the windows faster than standard ventilation. Other added benefits include increased residual values and desirability.

### ESP - Safety

This is a completely automatic function, where the driver has the option of switching it on or off. The most remarkable characteristic of ESP is that it ensures the vehicle follows the path desired by you according to the rotation of the steering wheel. This makes some unorthodox driving manoeuvres difficult and near impossible (slides and spins).

### DSG Transmission

DSG transmission (Direct Shift Gearbox) uses the very latest technology to aid your driving safety and comfort. The DSG gearbox can operate two modes (fully automatic and manual Tiptronic). This means comfortable gear shifting with no loss in performance usually found with automatics, but also provides excellent acceleration and greater fuel economy than standard automatics. Available on Diesel engines.

### Xenon Headlights

Increase brightness up to 2.5 times more than halogen lights whilst using 35% less energy giving you the added benefit of increased visibility at night. Please note Xenon is only on dipped beam.

### Light assistant

Includes three functions to aid safety. Coming Home function ensures headlights remain on for a period of time after the door's have been shut. The Tunnel light automatically activates the headlights depending on the exterior conditions, and the daylight function ensures that the vehicles sidelights are always on when the engine is started. Optional on all models.

### Cruise Control

Provides you with comfort on long journeys by assisting you to maintain safe driving speeds by setting your speed as the circumstances dictate.

### Parking Sensors

These will assist you when parking your vehicle by informing you when you are approaching objects or other vehicles through an audible tone. This is always a better solution than bodywork repairs.

### Height adjustable steering wheel + height adjustable drivers seat

Enables you to get comfortable in your car. This not only helps on a long journey but adds to your safety.

### 3 year / 60,000 Mile Warranty

ŠkodaAuto are pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner (see page 21 for more details).

### Inclusive AA cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Octavia for Roadside Assistance, Relay and Relay Plus, Home Start and includes European cover.

## Factory Fitted Optional Equipment

| Available on all models                                                               | Basic     | VAT     | RRP    |

\* Weight depending on equipment level \*\* Fuel consumption and CO<sub>2</sub> emissions according to EU Directive 99/94. □ Where law permits.

#### Power transmission

**Clutch** Hydraulically-activated single-plate dry clutch with diaphragm spring, asbestos-free coating.

**Manual transmission** Five-speed manual transmission, fully synchronised with direct gearshift, six speed manual transmission (2.0 TDI PD/140bhp).

#### Number of Gears

|                   |                                       |
|-------------------|---------------------------------------|
| 5 Speed Manual    | 1.4 16V, 1.6 MPI, 1.6 FSI, 1.9 TDI PD |
| 6 Speed Manual    | 1.9 TDI PD 4x4, 2.0 FSI, 2.0 TDI PD   |
| 6 Speed Tiptronic | 1.6 MPI, 1.6 FSI, 2.0 FSI             |
| 6 Speed DSG       | 1.9 TDI PD, 2.0 TDI PD                |

#### Chassis

**Front axle/rear axle** McPherson axle with the bottom triangular control arms and Independent multi-link suspension with one longitudinal and two cross arms and torsion stabiliser.

**Suspension** Coil springs, telescopic shock absorbers, rear springs located outside the shock absorbers (gas shock absorbers in rear).

**Braking system** Hydraulic dual circuit brake system with diagonal interconnection, vacuum assisted dual rate brake booster.

**Front brakes** Disc brakes, with hollow discs, internal cooling and single-piston floating calliper.

**Rear brakes** Disc brakes with full discs and single-piston floating callipers.

**Handbrake** Mechanical handbrake operating on rear wheels.

**Steering** Direct rack and pinion steering with electromechanical power steering.

**Turning circle (m)** 10.2

#### Tank

**Fuel tank content** 55/7 litres

**Fuel** Lead-free petrol with RON 95 or Lead-free petrol with RON 91<sup>†</sup>. Only Lead-free petrol RON 98 or Lead-free petrol with RON 95<sup>†</sup> for 1.6 FSI/115bhp. Diesel (1.9 TDI PD/105bhp and 2.0 TDI PD/140bhp) CZ 49, bio-diesel CZ 49, at the minimum, according to DIN 51606.

#### Bodywork

**Bodytype** Five-door, five-seat, double-space steel bodywork, Fully galvanized body.

#### Official fuel consumption for the Octavia range in mpg (litres/100km):

**urban** 23.5 (12.0) - 40.9 (6.9);  
**extra urban** 40.4 (7.0) - 64.2 (4.4);  
**combined** 31.7 (8.9) - 53.3 (5.3).

**CO<sub>2</sub> Range** 143 - 214 g/km

<sup>†</sup> Lower efficiency when using lower RON petrol.

6D6D

Diamond Silver metallic  
1B1B

Sahara metallic  
Q2Q2

Flamenco Red metallic  
2L2L

Deep Sea Dark Blue metallic  
D7D7\*

Island Green metallic  
3K3K

Nature Green metallic  
3Y3Y\*

Stone Grey metallic  
F7F7

Graphite Grey metallic  
U9U9

Black Magic pearl effect  
1Z1Z

Blue Storm metallic  
8D8D\*\*

Highland Green metallic  
7A7A\*\*

8X8X Race Blue Metallic available to order for vRS only.  
Please see retailer for colour.

Octavia Sport is available in the following colours:  
Black Magic pearl effect  
Diamond Silver metallic  
Graphite Grey metallic  
Corrida Red.

\* Not available to order from week 8 (week beginning 21/2/05)

\*\* Available to order from week 23 (week beginning 6/6/05)

Because of errors which may occur in the print, the colours illustrated here may differ from the actual finishes themselves. Your Škoda Retailer will be pleased to advise you.

## Škoda Octavia and the environment

ŠkodaAuto views the development and manufacture of environmentally friendly products as one of its foremost priorities, and this in all phases of the products' life cycles. In order to fulfil this criterion we have taken the following steps in the manufacture of our vehicles:

We have placed the main emphasis on the use of recycled materials. The parts used in the Octavia are marked according to appropriate standards. This allows their fast identification during disassembly and any subsequent separation of various groups of parts. Construction design of these parts is optimised with regard to their easy and fast disassembly when the vehicle is being dismantled at the end of its life cycle.

We manufacture Škoda vehicles using progressive technologies in the most modern production facilities which correspond to the highest and strictest criteria. For anti-corrosion protection of the painted part of the vehicle we always and without exception use leadless cathodesis (KTL) and waterbased colours.

Cutting the consumption of fuel and emissions is done within the framework of the concern strategy with both petrol and diesel engines. In the area of combustion we achieve lower consumption of fuel by minimising the frictional loss in wheel traction, optimising vehicle aerodynamics, reducing energetic consumption and decreasing the weight of parts and at the same time continuing to meet all of the required parameters. All engines we offer meet the current emission guidelines.

In construction of the vehicle we pay special attention to limiting the possibility of the escape of service fluids, in the framework of manufacturing of the vehicle, its operation and service. All products of ŠkodaAuto meet the requirements of laws and guidelines for the protection of the environment, both earth and water.

In consequence of using the most modern analytical methods and the follow-up measures, we are also able to decrease noise levels and improve sound quality.

The result of all of these activities is that the Škoda Octavia car fulfils not only the requirements in the technical area, in safety and quality, but also in the area of protection of the environment. ŠkodaAuto thereby contributes to the preservation of a clean, healthy environment while at the same time guaranteeing the mobility and satisfaction of their customers.

## Technical glossary

**ABS:** the Anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

**MSR:** the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

**EDL:** the Electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

**MBA:** the Mechanical brake assist system increases brake effort under emergency braking conditions through a dual rate servo.

**ASR:** Anti-Slip Regulation traction control ensures the Octavia's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road-holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

**Xenon lamps:** the Xenon lamps produce about 2.5 times the light of standard Halogen lamps with 35% less energy consumption.

**ESP:** Electronic Stability Programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

**CAN Bus:** the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

The CAN Bus system (described above) requires a new generation of towing electrical adapters and the Octavia utilises a 13-pin European System. This can then be easily converted to a single 7 pin socket for users with a trailer. For users with Caravans a number of options are available depending on the need for a fixed/detachable Towbar, ability to use reversing sensors and age of Caravan. A number of different 13 Pin to Twin 7 pin adapters are available - please ask your Retailer for more information.

**Fuel cut-out:** should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

**Trip Computer:** the Trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multi-function touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.
