happy
drivers...

The new **Škoda**Fabia

**Recommended Retail Price List
and Technical Specification**

Effective 1st October - 31st December 2007

Škoda Fabia features and benefits

Boot space

The boot has grown, providing 300 litres of space (with the seats up), 40 litres more than before, and an impressive 1,163 litres of space with the seats down.

Safety

Safety is paramount on the New Fabia and amongst many other excellent new features, driver and passenger front airbags come as standard on all New Fabias.

3.5mm auxiliary socket (for MP3 players etc.)

Fitted as standard on all models, this will allow you to listen to your portable MP3 player, DAB radio or even a cassette player through the Fabia 'Dance' stereo.

Clever Škoda touches

Holders in both front door panels for 1.5 litre bottles and a clever elastic strap for holding items in place are examples of some of the many clever touches on the New Fabia.

Air conditioned glovebox

Standard on Fabia 2 and 3, the air conditioned glovebox allows you to keep food or drink cool (as long as the temperature on the a/c is cool), as well as being one of the many cubby holes in the New Fabia.

Cornering front fog lights (optional)

When driving at low speeds and turning the vehicle into a road or at a junction, the 'corner' function illuminates an additional area of the road to the side of the vehicle, increasing visibility for the driver.

Single CD + MP3 player

Standard across the range is the 2 DIN radio 'Dance'. The single CD player allows you to also play CDs with recorded MP3 tracks on.

Manual air conditioning

Air conditioning offers great advantages over standard ventilation keeping your car cool through the summer months. Perhaps more surprisingly it becomes an effective tool in the winter, demisting the windows faster than standard ventilation.

3 year / 60,000 Mile Warranty

ŠkodaAuto are pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner (see page 21 for more details).

Inclusive Škoda Assistance cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Fabia for comprehensive roadside assistance through a fleet of dedicated patrols, and includes European cover.

Introducing the New Škoda Fabia...

The design of the New Fabia follows the new family face of the Škoda brand, reflecting the styling first seen on the Roomster. The sculpted grille and bonnet, the cockpit-style wraparound windscreen with the black A pillars and 'floating' roof combined with the new rear 'C' shaped lights make for a car that is stylish, contemporary and appealing.

The modern exterior design is matched by the style and quality of the interior. New soft touch surfaces, ergonomically laid out controls and quality, durable upholstery make the car a joy to drive. The car is bigger overall than the one it replaces, with more boot space, headroom and legroom giving drivers and passengers a comfortable experience and providing lots of room for luggage.

As well as the modern interior and exterior design New Fabia features the usual clever storage solutions that you would expect from the Škoda engineers and an extensive engine line-up to suit the varying needs of drivers.

With all the New Fabia's improvements it still maintains the core values that have always been true of the brand overall; value for money and the legendary "extra bit of car."

Škoda. Manufacturer of happy drivers.

Škoda Fabia 1

Hatch	CO ₂ (g/km)	VED Band**	Insurance Group	Recommended Basic	VAT	RRP	Recommended OTR*
1.2 6v HTP 60bhp	140	C	1E	£6,340.43	£1,109.57	£7,450.00	£7,990.00

Power transmission

Clutch Hydraulic single dry clutch disc with membrane spring, asbestos free.

Manual transmission Five-speed manual transmission, fully synchronised with direct gearshift.

Automatic transmission 6-speed Tiptronic.

Chassis

Front axle/rear axle McPherson suspension with lower triangular links and torsion stabiliser.

Suspension Coil springs, telescopic shock absorbers, rear springs located outside the shock absorber.

Braking system Hydraulic dual-diagonal circuit braking system vacuum assisted.

Front brakes Ventilated disc brakes in sliding calliper design with piston.

Rear brakes Drum brakes with two self-adjusting brake shoes, or disc brakes (on vehicles fitted with ESP – except 1.2 12V HTP 70bhp and 1.4 TDI PD 70bhp. ESP not available on 1.2 6V HTP 60bhp).

Handbrake Mechanical handbrake operating on rear wheels.

Steering Maintenance free rack and pinion steering with power assist.

Turning circle (m) 10

Tank

Fuel tank content 45 litres

Fuel Unleaded petrol RON 95 or unleaded petrol RON 91[†]/Diesel.

Body type Five-door, five-seat, double-space steel bodywork, fully zinc-coated.

Official fuel consumption for the Fabia range in mpg (litres/100km):

urban 27.7 (10.2) - 49.6 (5.7);
extra urban 47.1 (6.0) - 68.9 (4.1);
combined 37.7 (7.5) - 61.4 (4.6).

CO₂ Range 120 - 180 g/km

[†]Using low-octane fuel may affect engine performance.

Measurements and Weights

Škoda Fabia Hatchback

Exterior dimensions (mm)

Length (mm)	3,992
Width (mm)	1,642
Height (mm)	1,498 [†]
Wheelbase (mm)	2,462
Track front (mm)	1,420
Track rear (mm)	1,410
Clearance (mm)	135 [†]

Interior dimensions (mm)

Headroom front/rear (mm)	989/994
Comfort measure front (mm) (max/min)	1,075/858
Comfort measure rear (mm) (max/min)	864/621
Width of front/rear seats (mm)	1,380/1,384
Boot capacity (litres)	300
Boot capacity with rear seats folded (litres)	1,163

Figures are for vehicle carrying average load and three passengers.

Škoda Fabia and the environment

ŠkodaAuto views the development and manufacture of environmentally friendly products as one of its foremost priorities, and this in all phases of the products' life cycle. In order to fulfil this criterion we have taken the following steps in the manufacture of our vehicles:

We have placed the main emphasis on the use of recycled materials. The parts used in the New Fabia are marked according to appropriate standards. This allows their fast identification during disassembly and any subsequent separation of various groups of parts. Construction design of these parts is optimised with regard to their easy and fast disassembly when the vehicle is being dismantled at the end of its life cycle.

We manufacture Škoda vehicles using progressive technologies in the most modern production facilities which correspond to the highest and strictest criteria. For anti-corrosion protection of the painted part of the vehicle we always and without exception use leadless cathodesis (KTL) and waterbased colours.

Cutting the consumption of fuel and emissions is done within the framework of the concern strategy with both petrol and diesel engines. In the area of combustion we achieve lower consumption of fuel by minimising the frictional loss in wheel traction, optimising vehicle aerodynamics, reducing energetic consumption and decreasing the weight of parts and at the same time continuing to meet all of the required parameters. All engines we offer meet the current emission guidelines.

In construction of the vehicle we pay special attention to limiting the possibility of the escape of service fluids, in the framework of manufacturing of the vehicle, its operation and service. All products of ŠkodaAuto meet the requirements of laws and guidelines for the protection of the environment, both earth and water.

In consequence of using the most modern analytical methods and the follow-up measures, we are also able to decrease noise levels and improve sound quality.

The result of all of these activities is that the Škoda Fabia car fulfils not only the requirements in the technical area, in safety and quality, but also in the area of protection of the environment. ŠkodaAuto thereby contributes to the preservation of a clean, healthy environment while at the same time guaranteeing the mobility and satisfaction of their customers.

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

MSR: the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

EDL: the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

MBA: the mechanical brake assist system increases brake effort under emergency braking conditions through a dual rate servo.

ASR: anti-slip regulation traction control ensures the New Fabia's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

ESP: electronic stability programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multifunction touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

Customer services

Helpful and dependable

Your Škoda retailer will care for and cherish your New Fabia as much as you do. Which is why in recent surveys, Škoda retailers have come out top in Europe for customer care. It's not just that they service and maintain your Fabia to the highest standards, not just that their technicians are specially trained in all aspects of Škoda cars, or that most spares are carried in stock or delivered within 24 hours. It's more that they believe in old fashioned service. You're not just a number to them but a valued customer. Which is why they are more than willing to listen and help with any enquiries or problems you may have.

3 year / 60,000 Mile Warranty

ŠkodaAuto are pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner. your New Fabia also benefits from a 3 year paint and a 10 year Anti-Perforation warranty. We recommend that the car is serviced and maintained at an authorised Škoda retailer or repairer to ensure the warranty cover is maintained. Ask your Škoda retailer for full details of this warranty.

Inclusive Škoda Assistance cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Fabia for comprehensive roadside assistance through a fleet of dedicated patrols, and includes European cover.

Škoda Security

In addition to being fitted with an engine immobiliser, your Fabia will be included in the International Security Register (ISR). This is a free 24 hour owner and mileage checking service available to the police and public. A single phone call can confirm if the person with the vehicle is the owner, deterring thieves. The ISR is registered under the Data Protection Act.

These offers are only available to Škodas imported by ŠkodaAuto UK and purchased from official ŠkodaAuto UK retailers.

Around 140 retailers in the UK

So there's bound to be one near you. Which means faster service, help and advice when you need it.

Finance

ŠkodaAuto Finance specialises in providing funding solutions for Škoda drivers. Whether your Škoda is for private or business use, you can choose from a range of funding options.

Finance products available:

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all ŠkodaAuto Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local Škoda retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. ŠkodaAuto Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Škoda. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

Škoda Customer Services number

08457 745 745.

Calls may be monitored and/or recorded.

Accessories

A comprehensive range of Škoda Original and Škoda Approved accessories are available to suit most lifestyles available from your Škoda retailer. Please ask for the separate Accessories brochure for further information. All Accessories are available with a three year warranty when purchased with a new vehicle.

Motor Insurance

Competitive and comprehensive motor insurance designed especially for Škoda drivers from ŠkodaAuto Insurance*. All new and used Škodas come with complimentary seven-day cover upon request - we'll e-mail a cover note directly to your Škoda retailer, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and it can start when the seven-day cover expires.

For more information contact your local Škoda retailer or call 0800 051 3145 to get a quote or to arrange your complimentary cover for your Škoda.

*ŠkodaAuto Insurance is underwritten and administered by Zurich Insurance Company.
