Škoda. Manufacturer of happy drivers.

Create
your own Fabia

Škoda Finance

Typical 8.9% APR Solutions on the whole Fabia range.

Škoda Finance has some fantastic offers for new Fabia customers between 1st October and 31st December 2008 which could make driving a new Škoda more affordable than you thought.

Every new Fabia qualifies for low rate Solutions, a flexible finance plan that could help you drive the car you want and still keep within your budget. With no need for a large deposit - all you need is as little as one month's payment! You then choose a repayment

period between 18 and 42 months and, because part of the vehicle's value is deferred to the end of the agreement your monthly payments are kept low. At the end of the agreement you have 3 choices, keeping you in the driving seat:

- Part exchange your car for a new Škoda
- Pay the optional final payment and keep your car
- Return your car to the Škoda retailer (subject to terms and conditions)

And these are just some of the great options available to you. Talk to your local retailer for more information and a personalised quotation.

Taking care of all your driving needs

You can protect your purchase with our great added-value products such as payment protection and asset protection, or budget for all your routine servicing costs with fixed-cost maintenance. Ask your local retailer for details.

With complimentary seven-day insurance from Škoda Insurance you can get on the road quicker than ever before. For more information, or to obtain a competitive annual quotation, please call 0800 051 3145.

Retail sales only. Indemnities may be required. Subject to status. Available to over 18s for orders taken before 31st December 2008 (subject to availability). Škoda Finance, Freepost Škoda Finance.

Offer may be varied or withdrawn at any time.

Škoda Insurance is underwritten and administered by Zurich Insurance Company. Škoda Insurance is a trading name of Volkswagen Insurance Services (Great Britain) Limited which is an appointed representative of Volkswagen Financial Services (UK) Limited, Freepost VWFS. Volkswagen Financial Services (UK) Limited and Zurich Insurance Company are authorised and regulated by the Financial Services Authority.

Škoda Fabia features and benefits

Boot space

The hatchback's boot has grown providing 300 litres of space (with the seats up), 40 litres more than before and an impressive 1,163 litres of space with the seats down. The estate provides an enormous 480 litres of boot capacity (with the seats up) and 1,460 litres with the seats down.

Safety

Safety is paramount on the Fabia and amongst many other excellent new features, driver and passenger front airbags come as standard on all Fabias.

3.5mm auxiliary socket (for MP3 players etc.)

Fitted as standard on all models, this will allow you to listen to your portable MP3 player, DAB radio or even a cassette player through the Fabia 'Dance' stereo.

Clever Škoda touches

Holders in both front door panels for 1.5 litre bottles and a clever elastic strap for holding items in place are examples of some of the many clever touches on the Fabia.

Air conditioned glovebox

Standard on Fabia 2, Sport, 3 and GreenLine, the air conditioned glovebox allows you to keep food or drink cool (as long as the temperature on the a/c is cool), as well as being one of the many cubby holes in the Fabia.

Cornering front fog lights (optional)

When driving at low speeds and turning the vehicle into a road or at a junction, the 'corner' function illuminates an additional area of the road to the side of the vehicle, increasing visibility for the driver.

Single CD + MP3 player

Standard across the range is the 2 DIN radio 'Dance'. The single CD player allows you to also play CDs with recorded MP3 tracks on.

Air conditioning

Air conditioning is standard on all models except Fabia 1. Air conditioning offers great advantages over standard ventilation keeping your car cool through the summer months. Perhaps more surprisingly it becomes an effective tool in the winter, demisting the windows faster than standard ventilation.

3 year / 60,000 Mile Warranty

ŠkodaAuto is pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner (see page 21 for more details).

Inclusive Škoda Assistance cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Fabia for comprehensive roadside assistance through a fleet of dedicated patrols, and includes European cover.

Introducing the Škoda Fabia...

Now available in hatchback, estate and with the frugal, low CO₂ emitting GreenLine, the Škoda Fabia range has truly arrived. The design of the Fabia follows the family face of the Škoda brand, reflecting the styling first seen on the Roomster. The sculpted grille and bonnet, the cockpit-style wraparound windscreen with the black A pillars and 'floating' roof combined with the new rear 'C' shaped lights make for a car that is stylish, contemporary and appealing. And with the introduction of the GreenLine, the Fabia is now more fuel efficient and produces the least amount of CO₂ than any other vehicle in the Škoda range.

The modern exterior design is matched by the style and quality of the interior. New soft touch surfaces, ergonomically laid out controls and quality, durable upholstery make the car a joy to drive. With outstanding boot space, headroom and legroom, not to mention lots of room for luggage, drivers, passengers and luggage all travel in comfort.

As well as the modern interior and exterior design the Fabia features the usual clever storage solutions that you would expect from the Škoda engineers and an extensive engine line-up to suit the varying needs of drivers.

With all the Fabia's improvements it still maintains the core values that have always been true of the brand overall; value for money and the legendary "extra bit of car."

Škoda. Manufacturer of happy drivers.

Power transmission

Clutch Hydraulic single dry clutch disc with membrane spring, asbestos free.

Manual transmission Five-speed manual transmission, fully synchronised with direct gearshift.

Automatic transmission 6-speed Tiptronic.

Chassis

Front axle/rear axle McPherson suspension with lower triangular links and torsion stabiliser.

Suspension Coil springs, telescopic shock absorbers, rear springs located outside the shock absorber.

Braking system Hydraulic dual-diagonal circuit braking system vacuum assisted.

Front brakes Ventilated disc brakes in sliding calliper design with piston.

Rear brakes Drum brakes with two self-adjusting brake shoes, or disc brakes (on vehicles fitted with ESP - except 1.2 12V HTP 70bhp and 1.4 TDI PD 70bhp. ESP not available on 1.2 6V HTP 60bhp).

Handbrake Mechanical handbrake operating on rear wheels.

Steering Maintenance free rack and pinion steering with power assist.

Turning circle (m) 10

Tank

Fuel tank content 45 litres

Fuel Unleaded petrol RON 95 or unleaded petrol RON 91[†] / Diesel.

Body type Five-door, five-seat, double-space steel bodywork, fully zinc-coated.

Official fuel consumption for the Fabia range in mpg (litres/100km):

urban 27.7(10.2) - 53.3(5.3);
extra urban 47.1(6.0) - 83.1(3.4);
combined 37.7(7.5) - 68.9(4.1).

CO₂ Range 109 - 180 g/km

[†] Using low-octane fuel may affect engine performance.

All bhp figures are metric and are worked out using a conversion rate of 1.36 of KW figures - these metric bhp figures are otherwise known as PS

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

MSR: the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

EDL: the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

MBA: the mechanical brake assist system increases brake effort under emergency braking conditions through a dual rate servo.

ASR: anti-slip regulation traction control ensures the Fabia's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

ESP: electronic stability programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares

the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multifunction touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas.

Customer services

Helpful and dependable

Your Škoda retailer will care for and cherish your new Fabia as much as you do. It's not just that they service and maintain your Fabia to the highest standards, not just that their technicians are specially trained in all aspects of Škoda cars, or that most spares are carried in stock or delivered within 24 hours. It's more that they believe in old fashioned service. You're not just a number to them but a valued customer. Which is why they are more than willing to listen and help with any enquiries or problems you may have.

3 year / 60,000 Mile Warranty

ŠkodaAuto are pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner.

Your Fabia also benefits from a 3 year paint and a 10 year Long Life Body Protection Warranty. We recommend that the car is serviced and maintained at an authorised Škoda retailer or repairer to ensure the warranty cover is maintained. Ask your Škoda retailer for full details of this warranty.

Inclusive Škoda Assistance cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Fabia for comprehensive roadside assistance through a fleet of dedicated patrols, and includes European cover.

Škoda Security

In addition to being fitted with an engine immobiliser, your Fabia will be included in the International Security Register (ISR). This is a free 24 hour owner and mileage checking service available to the police and public. A single phone call can confirm if the person with the vehicle is the owner, deterring thieves. The ISR is registered under the Data Protection Act.

These offers are only available to Škodas imported by ŠkodaAuto UK and purchased from official ŠkodaAuto UK retailers.

Around 140 retailers in the UK

So there's bound to be one near you. Which means faster service, help and advice when you need it.

Finance

Škoda Finance specialises in providing funding solutions for Škoda drivers. Whether your Škoda is for private or business use, you can choose from a range of funding options.

- Finance lease
- Contract hire

With all Škoda Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local Škoda retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

Škoda Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Škoda. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

Škoda Customer Services number

08457 745 745.

Calls may be monitored and/or recorded.

Accessories

A comprehensive range of Škoda Original and Škoda Approved accessories to suit most lifestyles are available from your Škoda retailer. Please ask for the separate Accessories brochure for further information. All Accessories are available with a three year warranty when purchased with a new vehicle.

Motor Insurance

Competitive and comprehensive motor insurance designed especially for Škoda drivers from Škoda Insurance*. All new and used Škodas come with complimentary seven-day cover upon request – we'll e-mail a cover note directly to your Škoda retailer, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and it can start when the seven-day cover expires.

For more information contact your local Škoda retailer or call 0800 051 3145 to get a quote or to arrange your complimentary cover for your Škoda.

*Škoda Insurance is underwritten and administered by Zurich Insurance Company.
