**Recommended Retail Price List
and Technical Specification**

Effective 1st October - 31st December 2008

Big
on Values...

Škoda. Manufacturer of happy drivers.

Create
your own Roomster

Škoda Finance

Typical 8.9% APR Solutions on the whole Roomster range.

Škoda Finance has some fantastic offers for Roomster customers between 1st October and 31st December 2008 which could make driving a new Škoda more affordable than you thought.

Every new Roomster qualifies for low rate Solutions, a flexible finance plan that could help you drive the car you want and still keep within your budget. With no need for a large deposit - all you need is as little as one month's payment! You then choose a repayment

period between 18 and 42 months and, because part of the vehicle's value is deferred to the end of the agreement your monthly payments are kept low. At the end of the agreement you have 3 choices, keeping you in the driving seat:

- Part exchange your car for a new Škoda
- Pay the optional final payment and keep your car
- Return your car to the Škoda retailer (subject to terms and conditions)

And these are just some of the great options available to you. Talk to your local retailer for more information and a personalised quotation.

Taking care of all your driving needs

You can protect your purchase with our great added-value products such as payment protection and asset protection, or budget for all your routine servicing costs with fixed-cost maintenance. Ask your local retailer for details.

With complimentary seven-day insurance from Škoda Insurance you can get on the road quicker than ever before. For more information, or to obtain a competitive annual quotation, please call 0800 051 3145.

Retail sales only. Indemnities may be required. Subject to status. Available to over 18s for orders taken before 31st December 2008 (subject to availability). Škoda Finance, Freepost Škoda Finance.

Offer may be varied or withdrawn at any time.

Škoda Insurance is underwritten and administered by Zurich Insurance Company. Škoda Insurance is a trading name of Volkswagen Insurance Services (Great Britain) Limited which is an appointed representative of Volkswagen Financial Services (UK) Limited, Freepost VWFS. Volkswagen Financial Services (UK) Limited and Zurich Insurance Company are authorised and regulated by the Financial Services Authority.

 Roof rails
 'Scout' styled body mouldings
 'Scout' floor mats
 'Scout' upholstery
 Sunset glass
 TPM (Tyre Pressure Monitor)

All prices are OTR RRP

Škoda Roomster features and benefits

Living Room

The 'Living Room' offers the passengers a large, comfortable, airy, light and flexible space. The cinemascope rear seats are slightly raised and in tandem with the deeper rear windows offer greater views to keep those small children occupied. The Varioflex seating offers 20 seating combinations to suit all of your needs.

Driving Room

The 'Driving Room' of the Roomster is different from the conventional MPV. The position of the seats and the dash are such that it is just like driving a car, rather than your average people carrier. The controls are logical and in easy to reach places, allowing you to concentrate on the road.

Electrically heated and adjustable door mirrors

The door mirrors can be adjusted from the small control situated on the driver's door. This allows a comfortable start to your journey without you having to stretch across the car to adjust the passenger door mirror. The heated mirror function allows the mirrors to be defrosted quickly on those cold winter mornings. Standard on Roomster 2, 3 and Scout.

Storage

There are numerous storage spaces and cubby holes in the Roomster. From the drawers under the passenger seat (Roomster 2, 3 and Scout) to the double glovebox and 1.5 litre bottle holders in the sides of the doors. The Roomster will have a cubby hole to suit you.

Single CD + MP3 Player

Standard across the range is the 2 DIN radio 'Dance'. The single CD player allows you to play CDs with recorded MP3 tracks on, whilst the 3.5mm jack allows you to plug your MP3 player in and listen to it through the Roomster stereo.

Manual air conditioning

Air conditioning offers great advantages over standard ventilation and the first is keeping your car cool through the summer months. Perhaps more surprisingly it becomes an effective tool in the winter, demisting the windows faster than standard ventilation. Other added benefits include increased residual values and desirability. Manual air conditioning is standard from Roomster 2.

Airbags

All Roomsters are equipped with driver and front passenger, side and curtain airbags. These are designed to inflate upon impact thus protecting the driver and passengers from serious head and chest injuries.

Cruise control

Provides you with comfort on long journeys by assisting you to maintain safe driving speeds by setting your speed as the circumstances dictate. Optional on Roomster 1, 2 and Scout. Standard on Roomster 3

3 year / 60,000 Mile Warranty

ŠkodaAuto is pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner (see page 21 for more details).

Inclusive Škoda Assistance cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Roomster for comprehensive roadside assistance through a fleet of dedicated patrols, and includes European cover.

Introducing the Škoda Roomster

When two young men, Laurent and Klement set out on the first steps of the Škoda brand in 1895, it's unlikely they could ever have dreamt of a vehicle like the Roomster.

Then again, the requirements of the modern day driver have evolved, and Škoda's historical dedication to innovative and practical car design has never been more apparent than in the Roomster.

This revolutionary 5-seater MPV combines practical, modular interior space with eye catching design.

The flexibility of its interior is peerless. The space is clearly divided in two, with the "driving room" in the front designed for maximum driver comfort. The rear space is known as the "living room" designed with the experience of the passengers in mind. With its unique 'Varioflex' seating system, which provides over 20 different seating positions in the rear, the seats can be manoeuvred to ensure that the rear space is maximised regardless of the use. So if it's practicality and looks that you need, look no further than the Škoda Roomster.

Škoda. Manufacturer of happy drivers.

Škoda Roomster 'Varioflex' seating

The 'Varioflex' seating provides a flexible and functional array of seat positions. The outer seats are able to slide backwards and forwards and recline, whilst the middle seat folds down to create an additional armrest and convenient table and drinks holders (table and drinks holders standard on Roomster 2, 3 & Scout).

The 'Varioflex' seating has over 20 different seat combinations. All seats can individually be folded down, lifted up and secured behind the front seats or removed completely.

The centre seat can be removed and the two outer seats pushed inwards to create a more spacious two seat 'Living Room'.

All 3 seats can be removed quickly and easily to create an enormous flat loadspace with a volume of 1,780 litres*

* 1,780 litres represents a space large enough to hold a small flock of sheep, goats or one concrete block from the Hoover dam! (Source - AQA)

The Roomster has been designed with both the driver and passengers in mind. The interior is split between the 'Driving Room' and the 'Living Room'.

Factory Fitted Optional Equipment

Available on all Roomsters	Basic	VAT	RRP

Power transmission

Clutch Hydraulic single dry clutch disc with membrane spring, asbestos free.

Manual transmission Manual 5-speed fully synchronized, automatic 6-speed with Tiptronic manual gear changing.

Number of Gears

5 Speed Manual
6 Speed Tiptronic

Chassis

Front axle/rear axle McPherson suspension with lower triangular links and torsion stabiliser, compound link crank-axle.

Suspension Telescopic shock absorbers with coil springs, in the rear outside the springs.

Braking system Hydraulic dual-diagonal circuit braking system vacuum assisted.

Front brakes Disc brakes with inner cooling, with single/piston floating caliper.

Rear brakes Drum brakes with two self-adjusting brake shoes, or disc brakes (depending on engine type).

Handbrake Mechanical manual operating on rear wheels.

Steering Direct rack and pinion steering with electrohydraulic power steering.

Turning circle (m) 10.5

Tank

Fuel tank content 55 litres

Fuel Unleaded petrol min. RON 95 (91)†

Body type Five-door, two compartments, five seater.

Technical glossary

ABS: the anti-lock braking system prevents the wheels from locking during heavy or emergency braking, enabling the vehicle to remain steerable. When braking, wheel speed sensors measure the road wheel speed and should one or more wheels start to lock the system reduces brake pressure to that wheel.

MSR: the engine torque control system recognises when the wheels are subject to too much slippage and regulates the power supply by intervening in the engine management system. This prevents wheelspin when, for example, changing down on a smooth or wet road surface. MSR is a constituent part of the ASR system.

EDL: the electronic differential lock continually compares the rpm of the drive wheels, and if it identifies a difference between them which could lead to an individual wheel spinning, for example if the two wheels are on different types of surface or accelerating on wet leaves, the system brakes the wheel affected until uniform rpm of all drive wheels is restored.

MBA: the mechanical brake assist system increases brake effort under emergency braking conditions through a dual rate servo.

ASR: anti-slip regulation traction control ensures the Roomster's stability when pulling away or accelerating. If the engine power or torque being transmitted to the drive wheels is too great, for example on a slippery road surface, engine torque is automatically reduced until optimum road-holding returns, thus preventing wheelspin. A light indicates whether the ASR system is on. It can be manually switched off.

ESP: electronic stability programme is designed to stabilise the dynamic handling response of the vehicle by counteracting any tendency towards oversteer or understeer. The ESP constantly compares the actual movement of the vehicle with predetermined values and according to the situation ESP reacts by braking each wheel individually (according to direction of slip) and automatically adjusting the engine's output.

CAN Bus: the CAN Bus is an electronic data bus which links the various different electronic control systems in the car. It ensures ideal co-ordination between systems and reduces the amount of wiring needed in the car.

The CAN Bus system (described above) requires a new generation of towing electrical adapters and the Roomster utilises a 13-pin European System. This can then be easily converted to a single 7 pin socket for users with a trailer. For users with Caravans a number of options are available depending on the need for a fixed/detachable Towbar, ability to use reversing sensors and age of Caravan. A number of different 13 Pin to Twin 7 pin adapters are available - please ask your retailer for more information.

Fuel cut-out: should one or more of the airbags inflate after an accident, this system automatically cuts out the fuel supply, thus preventing subsequent leakage of the diesel or petrol.

Trip Computer: the Trip computer not only features an impressive range of data displays, operating it is simplicity itself. A multi-function touch key enables you to call up all relevant data on the easy-to-read display. Features include external temperature, time, current fuel consumption, average fuel consumption, miles driven and average speed.

DPF: diesel particulate filter is part of the exhaust system responsible for cleaning the engine exhaust gases before they enter the atmosphere. The DPF catches soot particles emitted in the exhaust gas and it works in conjunction with the catalytic converter, which reduces the amount of harmful gases entering the atmosphere. The DPF must periodically be emptied of the soot particles, a process known as regeneration. This involves elevated exhaust system temperatures. A driving style is required during regeneration, where a constant vehicle speed above 37 mph must be maintained. This does not always suit customers who make frequent short journeys or experience stop/start driving or drive within inner-city or urban areas

HBA: Hydraulic Brake Assistant - speeds up the brake effect in case of hard braking.

Customer services

Helpful and dependable

Your Škoda retailer will care for and cherish your new Roomster as much as you do. It's not just that they service and maintain your Roomster to the highest standards, not just that their technicians are specially trained in all aspects of Škoda cars, or that most spares are carried in stock or delivered within 24 hours. It's more that they believe in old fashioned service. You're not just a number to them but a valued customer. Which is why they are more than willing to listen and help with any enquiries or problems you may have.

3 year / 60,000 Mile Warranty

ŠkodaAuto are pleased to provide a two year unlimited mileage warranty. In addition, ŠkodaAuto UK provides a further warranty on new vehicles supplied by them through their appointed retailer network which is valid until the vehicle has completed 60,000 miles or the end of the third year, whichever is the sooner.

Your Roomster also benefits from a 3 year paint and a 10 year Long life body protection warranty. We recommend that the car is serviced and maintained at an authorised Škoda retailer or repairer to ensure the warranty cover is maintained. Ask your Škoda retailer for full details of this warranty.

Inclusive Škoda Assistance cover for 3 years

Accessed through a dedicated Freephone number, this free back-up service covers your Roomster for comprehensive roadside assistance through a fleet of dedicated patrols, and includes European cover.

Škoda Security

In addition to being fitted with an engine immobiliser, your Roomster will be included in the International Security Register (ISR). This is a free 24 hour owner and mileage checking service available to the police and public. A single phone call can confirm if the person with the vehicle is the owner, deterring thieves. The ISR is registered under the Data Protection Act.

These offers are only available to Škodas imported by ŠkodaAuto UK and purchased from official ŠkodaAuto UK retailers.

Around 140 retailers in the UK

So there's bound to be one near you. Which means faster service, help and advice when you need it.

Finance

Škoda Finance specialises in providing funding solutions for Škoda drivers. Whether your Škoda is for private or business use, you can choose from a range of funding options.

Finance products available:

- Solutions – a personal contract plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Škoda Finance products you can choose a fixed-cost maintenance plan designed to help you budget accurately. No matter what finance product you choose, your local Škoda retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs. Škoda Finance is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230.

Motability

People in receipt of the Higher Mobility Component of the Disability Living Allowance receive special help from Škoda. Preferential prices on low cost Contract Hire are available through your local approved Motability retailer. For full details, contact your retailer.

Škoda Customer Services number

08457 745 745.

Calls may be monitored and/or recorded.

Accessories

A comprehensive range of Škoda Original and Škoda Approved accessories are available to suit most lifestyles available from your Škoda retailer. Please ask for the separate Accessories brochure for further information. All Accessories are available with a three year warranty when purchased with a new vehicle.

Motor Insurance

Competitive and comprehensive motor insurance designed especially for Škoda drivers from Škoda Insurance*. All new and used Škodas come with complimentary seven-day cover upon request - we'll e-mail a cover note directly to your Škoda retailer, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and it can start when the seven-day cover expires.

For more information contact your local Škoda retailer or call 0800 051 3145 to get a quote or to arrange your complimentary cover for your Škoda.

*Škoda Insurance is underwritten and administered by Zurich Insurance Company.
