C4 PICASSO
& GRAND
C4 PICASSO
THE VISIOSPACE

BEAUTIFULLY INDIVIDUAL. CITROËN C4 PICASSO AND GRAND C4 PICASSO SHARE SOMETHING VITAL. PURE INDIVIDUALITY.

IT'S PARTLY THE SWEEPING LINES AND ARCHING CURVES. IT'S DEFINITELY THE CRAFTED INNOVATION AND QUALITY. IT'S ALL ABOUT DESIGN THAT CAPTURES THE IMAGINATION. FROM THE BREATHTAKING WIDE SCREEN SWEEP OF THE WINDSCREEN AND ROOF, OVER THE SMOOTHLY SCULPTED QUARTER LIGHTS TO THE PERFECTLY INTEGRATED REAR SPOILER, THIS IS A DYNAMIC, UNIQUE PROFILE: INDIVIDUALLY BEAUTIFUL.

THE C4 PICASSO

The C4 Picasso is designed with excellence as standard. The solid build and dynamic shape impose a bold and distinctive personality while the super wide angle windscreen and large quarter lights immediately leap to onlookers' attention.

A dipping roof line, rear spoiler and a wave-shaped window line along the sides create an amazing and unique aerodynamic profile.

C4 PICASSO
& GRAND
C4 PICASSO
DYNAMIC DESIGN

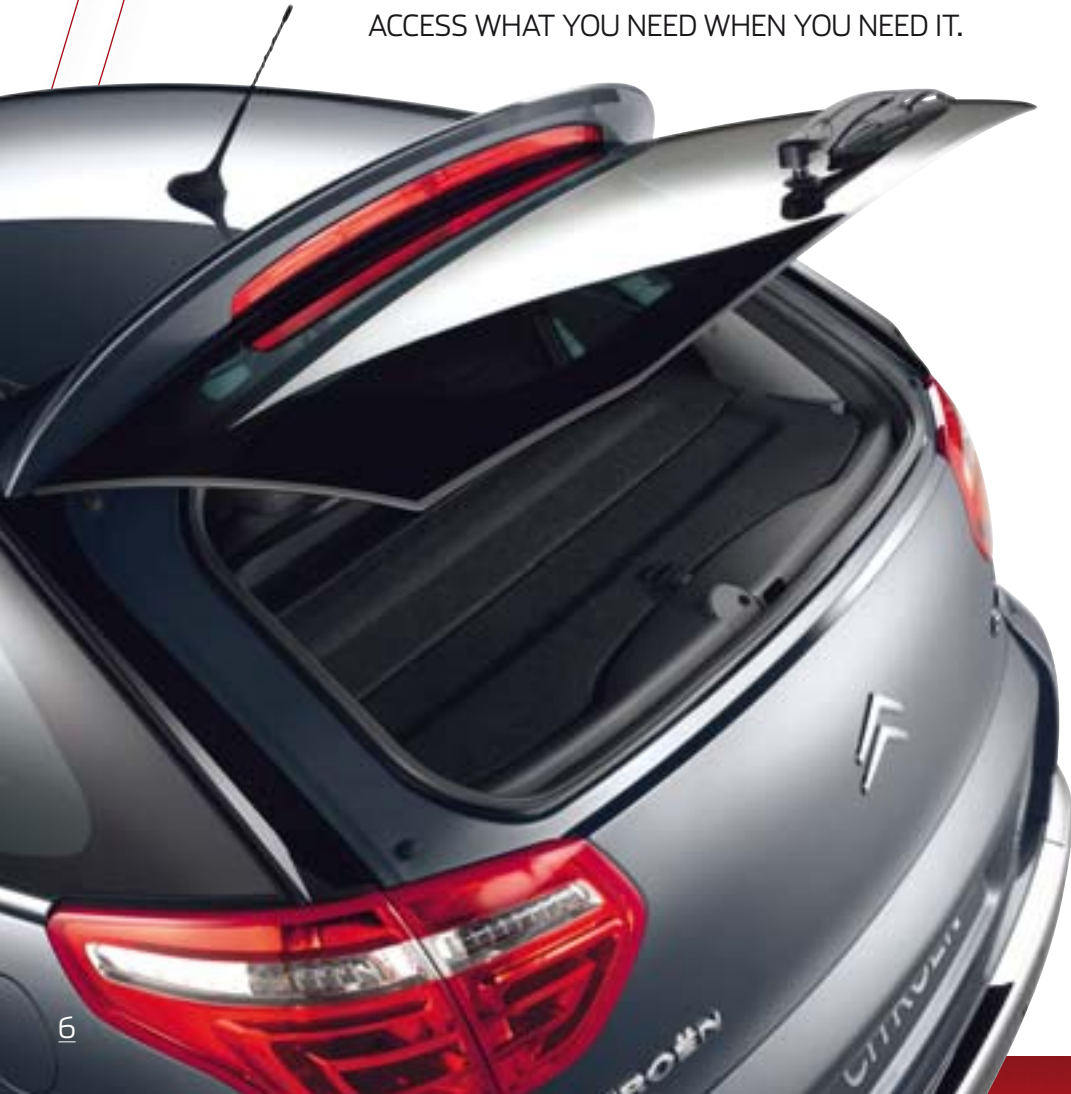

THE GRAND C4 PICASSO

The Grand C4 Picasso is an impressive 7-seat MPV. Designed to capture the imagination, the sweeping lines and arching curvature – from the panoramic windscreen and roof to rear spoiler – are crafted with innovation and character. The solid, smooth curves to the quarter lights, headlamps and indicators have been created with personality in mind, that will seduce your eye and welcome you in to a new style of beautifully crafted driving.

INGENIOUS LAYOUT, AMAZING SPACE. TO TRAVEL IN REAL STYLE AND COMFORT YOU NEED EVERYTHING IMPORTANT WITHIN EASY REACH. WITH THE C4 PICASSO AND GRAND C4 PICASSO IT COULDN'T BE EASIER.

FROM THE DASHBOARD TO THE DOOR PANELS AN INGENIOUS COMBINATION OF STOWAGE COMPARTMENTS ENSURES THAT YOU CAN ACCESS WHAT YOU NEED WHEN YOU NEED IT.

THE LOAD LOVER

In classic 5-seat configuration, the C4 Picasso has an impressively spacious boot. Approximately 500 litres beneath the luggage cover, and when all the seats are folded away, that grows to an amazing 1734 litres capacity. The Grand C4 Picasso provides 576 litres with five seats in place, and with all seats folded, an amazing 1951 litres – nearly 2m³! A handy stowage net allows rear seat passengers (or row two seat passengers in the Grand C4 Picasso) to store personal objects safely, while carefully placed securing hooks in the boot open up numerous configurations.

OUTSIDE THE BOX

On C4 Picasso VTR+ and Exclusive models, the Modubox is fitted to the right hand side of the boot to securely accommodate all kinds of possessions. Supremely practical, it has a load capacity of 22kg and can be removed from the boot and used as a trolley.

EASY ACCESS

The boot is always easy to reach and convenient to use. The opening rear tailgate window on Exclusive models means that the boot can comfortably be accessed, even in tight spaces.

C4 PICASSO
& GRAND
C4 PICASSO
STYLISHLY
PRACTICAL

IN-FLIGHT COMFORT

Front seat backrests on VTR+ and Exclusive models are fitted with aircraft style tables for row two passengers. They're shaped to fit the curve of the seatback so that no legroom is sacrificed.

STORE MORE

The upper section of the dashboard provides two large lidded storage spaces at either end, both lit and lined with slip-proof fabric to prevent belongings rattling and moving about. On the front passenger side is the illuminated glove compartment, which comprises of two useful spaces for smaller everyday objects as well as two air freshener refills (VTR+ and Exclusive models only).

CHILL OUT ZONE

Models with the 6-speed Electronic Gearbox System can offer even more usable space, with a storage compartment in the lower central part of the dashboard. The compartment is also a cooler, and can chill a 1.5litre or two 0.5litre bottles, even when there's warm air blowing through the cabin. Open the compartment and the lid becomes a tray with twin can holders.

FREEDOM FOR SEVEN

The Grand C4 Picasso's exceptional cabin space comfortably accommodates seven adults in its three rows of seats, and all rear seats can disappear or spring into life as required. All second row seats are the same width, while third row seats are easy to deploy, by pulling the strap in a single upward movement - it's supremely flexible in a moment, with no need to remove seats and no hassle. Access to the third row is made easy by the two outer second row seats, which tilt forward. There's no compromise anywhere, this is freedom and luxury for seven.

C4 PICASSO
& GRAND
C4 PICASSO
UNLIMITED
CONTROL

THE JOY OF TRAVELLING.
THIS IS A JOURNEY FOR THE
SENSES. IN THE C4 PICASSO
AND GRAND C4 PICASSO,
DRIVER AND PASSENGERS
HAVE COMPLETE CONTROL
OVER SOUND, TEMPERATURE,
AMBIENT LIGHT AND EVEN SCENT.

SPACE, CREATIVE DESIGN AND SMART, INNOVATIVE TECHNOLOGY COMBINE TO DELIVER A GENUINELY FRESH DRIVING EXPERIENCE: LET THE NEW JOURNEY BEGIN.

CHOOSE LIGHT

You can control precisely how much light bathes the cabin, because the panoramic wide angle windscreen features two independent sliding sunblinds, which you can instantly manually adjust. The rear windows have retractable sunblinds with integrated rollers to filter light while maintaining a clear view out. Perfect natural lighting for all – it's one of life's real luxuries.

UNIQUE SEATS

In the Grand C4 Picasso, a unique moving seat design gives easy access to row three. In an instant, the outer seat cushions in row two lift upwards, allowing you to slide the whole seat forward with one smooth movement – now just step inside.

ENVIRONMENTAL CARE

The Citroën C4 Picasso and Grand C4 Picasso's ingenious ventilation controls distribute air so effectively through the cabin that each front seat and row two passenger can adjust their own air conditioning and ideal temperature on SX, VTR+ and Exclusive models. Exact airflow and temperature can also be set automatically and the driver can make safe, swift adjustments via the control panel. For a unique luxury touch, switch on the air freshener on VTR+ and Exclusive models, which will wash the cabin in a specially developed invigorating fragrance.

THE ENTERTAINMENT CENTRE

This is a place for music lovers. An optional MP3 compatible Philips Hi-Fi on Exclusive models has been developed specially for the C4 Picasso and Grand C4 Picasso and is powered by Dolby Surround digital amplification and no fewer than eight speakers and a subwoofer: welcome to the Citroën concert hall. The sensory excitement can be taken further with the optional Entertainment Pack on Exclusive models, which includes two 7" 16/9 screens for rear seat passengers. These are cleverly designed to retract behind the aircraft-style trays mounted in the front seat backrests, and thanks to the DVD player's auxiliary twin deck, DVDs can be played independently. Watch a film or plug in your games console, but one thing you'll never be is bored...

INFORMATION REVOLUTION

Driving and other important information appears on the bold, dashboard centre screen. Different information and screen background colour are instantly selectable, and light intensity can be adapted to suit all conditions. Clarity is uncompromised, 24 hours a day. The display is also connected to the optional NaviDrive function and hands-free GSM telephone.

C4 PICASSO
& GRAND
C4 PICASSO
INNOVATIVE
TECHNOLOGY

BEYOND THE MPV. CITROËN C4 PICASSO AND GRAND C4 PICASSO REDEFINE THE MPV. THEY'RE PACKED WITH TECHNOLOGY AND DESIGN THAT BREAKS NEW GROUND AND PUTS YOUR NEEDS FIRST.

VITAL FUNCTIONS ARE CENTRALISED ON THE FIXED-CENTRED CONTROLS STEERING WHEEL, SO THAT WHEN YOU TURN IT, THEY REMAIN IN PLACE: NATURALLY, THE STEERING WHEEL IS HEIGHT AND REACH ADJUSTABLE. ALSO AVAILABLE IS THE 6-SPEED ELECTRONIC GEARBOX SYSTEM, WHICH OFFERS THE CHOICE OF FINGERTIP GEARSHIFT CONTROL USING THE WHEEL MOUNTED PADDLES, OR RELAXED, SEAMLESS AUTOMATIC CHANGES.

Innovative thinking surrounds everyone in the bright, spacious cabin. The glazed area is huge, allowing the light to flood in through the panoramic windscreen and optional sunroof, while the sophisticated internal lighting system creates a warm, welcoming atmosphere throughout.

LIGHT THE NIGHT

On Exclusive models, unique attention to detail has been paid to internal lighting. Soft, diffuse light glows from guides under the central fascia strip, the door panels and the roof, and it's totally adjustable using a translucent button on the dashboard. There are also small LEDs set into the internal door handles and front roof panel.

The light thinking goes further. In the boot on VTR+ and Exclusive models is a rechargeable torch, which also acts as a boot light when in place. Remove it from the clip and you have a ready to use torch with up to 40 minutes of power – it's typical of the useful, original bright ideas packed into every C4 Picasso and Grand C4 Picasso.

MORE BRIGHT IDEAS

Reach out into one of the door panel stowage compartments on Exclusive models and they light up automatically, so there's no rummaging about in the dark! Mounted in the front seat backs are dedicated reading lights, designed to illuminate the fold down tables. It means that passengers can comfortably read without disturbing the driver or anyone else.

C4 PICASSO
& GRAND
C4 PICASSO
ENVIRONMENTAL

1.6HDi 19

Grand C4 Picasso 1.6HDi SX won Best MPV at the 2008 WhatCar? Green Awards.

THE ENVIRONMENTAL BENCHMARK.

THE CITROËN C4 PICASSO AND GRAND C4 PICASSO REDEFINE THE MPV IN ALL THE WAYS THAT MATTER, SO NATURALLY THEY MUST BE MODELS OF ENVIRONMENTAL EFFICIENCY, WITH ULTRA-LOW EMISSIONS, STAND-OUT FUEL CONSUMPTION AND RECYCLABLE MATERIALS.

LIGHT, SMOOTH, EFFICIENT

From the very start, C4 Picasso and Grand C4 Picasso have been designed to make a minimal impact on the environment. Remarkable aerodynamics and carefully chosen light materials, such as aluminium for the bonnet and roof and magnesium for seat frames, keep weight and fuel consumption right down.

CLEAN SHEET ENGINEERING

Choose the 1.6Hdi 110hp diesel with 6-speed Electronic Gearbox System or 5-speed manual, or the punchy 2.0Hdi 138hp, and a fine balance of economy, refinement and flexible performance is assured, but both go further. They are fitted with the Diesel Particulate Filter System (DPFS) which uses advanced anti-pollution technology to remove harmful carbon particles from the exhaust gases, before they reach the great outdoors.

EGS EQUALS LESS CO₂

The amazing Electronic Gearbox System (EGS) is essentially two gearboxes in one, offering the choice between rapid fingertip manual changes or a smooth automatic, but its sophistication also cuts the amount of CO₂ produced, easily beating ordinary manuals.

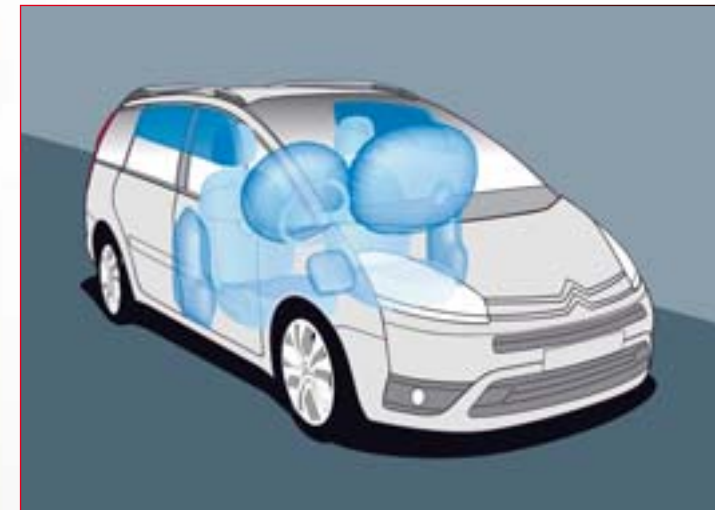

IN SAFE HANDS. THE DEPTH OF ACTIVE AND PASSIVE SAFETY FEATURES THROUGHOUT THE CITROËN C4 PICASSO AND GRAND C4 PICASSO MAKE IT A VERY WELL PROTECTED PLACE TO SPEND TIME.

WITH PIONEERING TECHNOLOGY SUCH AS THE LANE DEPARTURE WARNING SYSTEM AND BENCHMARK CHILD SAFETY FEATURES, EACH JOURNEY, BIG OR SMALL IS REASSURINGLY SECURE AND RELAXING FOR ALL THE FAMILY. THE WHOLE STRUCTURE IS ENGINEERED TO ABSORB ENERGY IN THE EVENT OF A COLLISION AND THE CABIN IS A REINFORCED, IMMENSELY STRONG SAFETY CELL WITH THREE POINT SEAT BELTS ALL ROUND AND SEVEN AIRBAGS.

AIRBAG ADVANCES

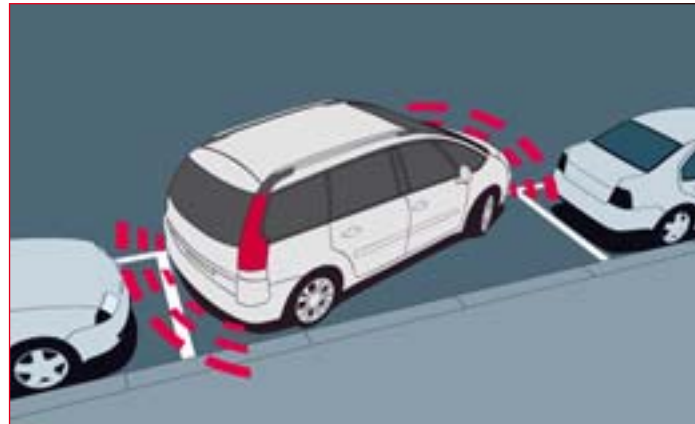

The C4 Picasso and Grand C4 Picasso feature a steering column airbag that is designed to protect the driver's knees and shins. And because of the unique steering wheel design, the main driver's airbag can deploy at exactly the right angle for maximum protection. This airbag also automatically adjusts the pressure and volume of deployment, depending on the force of a collision. Front seats also hide two further side airbags and all passengers in outer seats are protected by curtain airbags.

STABLE IS SAFE

All C4 Picassos are inherently safe, thanks to their sophisticated suspension design, but the Electronic Stability Programme (ESP) adds a further level of security. By monitoring progress through a bend, it senses whether oversteer or understeer is developing, modifying engine torque and applying a precise measure of braking for ultimate stability and control.

FRONT & REAR PARKING SENSORS

Parking your new C4 Picasso or Grand C4 Picasso Exclusive shouldn't add to the burden of a busy day. Optional front and standard rear parking sensors enable you to manoeuvre safely and quickly into the tightest spots, fully aware of hidden obstacles. Rear parking sensors are also optional on VTR+ models.

ABS + EBD + EBA

Standard ABS electronically regulates braking to avoid locking wheels, so the driver can still safely steer in an emergency. Connected to the ABS, Electronic Brakeforce Distribution (EBD) ensures that braking pressure is evenly applied to all wheels so that should the need arise, all braking power can effectively be used. In an emergency there is also Emergency Braking Assistance (EBA). This technology automatically maximises braking effort when it detects strong input. This compensates for the fact that many people don't brake enough under pressure and it reduces stopping distances.

ALWAYS ON COURSE

Citroën's cutting edge Lane Departure Warning System (LDWS) as part of the optional Detection Pack on Exclusive models works at speeds above 50mph. By using infra-red sensors, this ingenious system detects any crossing of white lines. If the car drifts out of lane without the indicators being used, vibration is felt through the left or right side of the driver's seat, depending on the direction of drift. It's a simple, inspired way of letting you know that corrective action is needed.

SOME ASSISTANCE

C4 Picasso and Grand C4 Picasso are fitted with a hill start assist function that helps the driver to set off or manoeuvre on gradients. When the brake pedal is released, the ESP automatically maintains a stationary position for up to two seconds, offering the driver the time to move their foot from the brake to the accelerator without the vehicle moving forwards or backwards on a slope.

RANGE
OVERVIEW

FREEDOM OF CHOICE.
CITROËN C4 PICASSO
AND GRAND C4
PICASSO BROADEN
YOUR CHOICES IN
SO MANY WAYS.

THROUGH PIONEERING DESIGN AND THOUGHTFUL FEATURES; WITH USABLE SPACE AND FLEXIBLE ACCOMMODATION. THE DIVERSITY OF TECHNOLOGY, EQUIPMENT AND STYLE ON OFFER ACROSS THE RANGE TAKES FREEDOM OF CHOICE FURTHER.

EXCEPTIONAL MODELS FOR AN EXTRAORDINARY RANGE.

WITH CITROËN C4 PICASSO AND GRAND C4 PICASSO THERE ARE NO 'BASE' MODELS, AS YOU'LL SEE FROM THE FANTASTIC LIST OF STANDARD EQUIPMENT ON THE LX. THIS IS SIMPLY THE STARTING POINT OF A RANGE THAT RECOGNISES INDIVIDUALITY AND LOVES TO SET THE MPV BENCHMARKS. SX MODELS BRING OUT THE UNIQUE CHARACTER OF THE C4 PICASSO AND GRAND C4 PICASSO - FROM CUTTING EDGE MUSIC TECHNOLOGY TO ZONED AIR CONDITIONING AND FURTHER REFINEMENT OF THE EXTERIOR THROUGH COLOUR.

**C4 PICASSO
& GRAND
C4 PICASSO
LX & SX**

CITROËN C4 PICASSO AND GRAND C4 PICASSO - LX FEATURES:

- ABS with Electronic Brakeforce Distribution (EBD)
- Emergency Braking Assistance (EBA)
- Electronic Stability Programme (ESP) with traction control
- Seven airbags
- High-frequency multi-function remote control central locking with deadlocks
- Automatic electric parking brake
- Rear spoiler (C4 Picasso)
- Rear air deflector (Grand C4 Picasso)
- Boot courtesy light
- Cruise control with speed limiter
- Super wide panoramic acoustic windscreen
- Height and reach adjustable multi-functional fixed-centred controls steering wheel
- Five individual seats (C4 Picasso)
- Seven individual seats (Grand C4 Picasso)
- Three full size individual, sliding, fold flat rear seats in row 2
- Two underfloor foldaway rear seats in row 3 (Grand C4 Picasso)
- Three foldable and retractable rear head restraints in row 2
- Height-adjustable driver's seat
- Front electric windows with 'one-touch' operation and anti-pinch
- Electrically adjustable and heated door mirrors
- 16" steel wheels with 'Antigua' wheel covers - set of four (C4 Picasso)
- 16" steel wheels with 'Lofoten' wheel covers - set of four (Grand C4 Picasso)
- Spare wheel (C4 Picasso)

CITROËN C4 PICASSO AND GRAND C4 PICASSO - SX FEATURES: (ADDITIONAL TO LX)

- RDS stereo radio/MP3 compatible CD player with steering mounted controls
- Six speakers
- Air conditioning with dual-zone temperature setting, pollen and particulate filter
- **Look Pack** - body colour painted bumpers, side rubbing strips, door handles and door mirrors

C4 PICASSO
OPTIONS

OPTIONS ARE ABOUT FREEDOM OF CHOICE. FREEDOM IS ABOUT GOING WHERE YOU WANT AND DOING AS YOU PLEASE. THE CITROËN C4 PICASSO AND GRAND C4 PICASSO OPTIONS INVITE YOU TO DO SO IN STYLE AND IN SAFETY.

NAVIDRIVE PACK

The NaviDrive Pack is the control hub of the C4 Picasso and Grand C4 Picasso - and a masterpiece in sophisticated technology. The 30GB hard drive contains European mapping, so even as you cross borders you can pinpoint your position exactly. The NaviDrive Pack also provides live traffic updates in the UK.

HI-FI PACK

Want more 'punch' from your punk or extra clarity from your classical music? Choose the Philips Hi-Fi system with an amplifier and nine loudspeakers including a subwoofer.

BOOT PACK

For even more practicality the Boot Pack comes with an opening tailgate window with sunblind and boot net, plus an insulated Modubox on the C4 Picasso or luggage retention net on the Grand C4 Picasso.

DETECTION PACK

With the front parking sensors, the audible warning increases in frequency the nearer you get to an obstacle. The detection pack also includes the parking space 'gap' measurement system – which scans the necessary spaces before telling you whether the parking manoeuvre is possible, difficult or inadvisable.

PANORAMIC FIXED SUNROOF

The perfect accompaniment to the wide-angle panoramic windscreen, this panoramic fixed sunroof will immerse your senses in a whole new driving experience.

ACCESSORIES

MAKING THE TECHNICAL PERSONAL.
ACCESSORIES ARE ALL ABOUT ADDING YOUR PERSONALITY TO THE MIX, WHETHER THAT MEANS CHILD SAFETY FEATURES, ENTERTAINMENT OR COMMUNICATION TECHNOLOGY. THE END RESULT WILL BE A CAR THAT FAITHFULLY REFLECTS YOUR NEEDS.

Visit www.accessories.citroen.co.uk to view the full range of C4 Picasso and Grand C4 Picasso accessories.

MUDFLAPS

Contoured front and rear mudflaps are available for the C4 Picasso and Grand C4 Picasso.

ALLOY WHEELS

Along with the 16" 'Malawi' alloy wheels (right), Citroën offer 17" 'Scandola' alloy wheels.

ROOF BARS,
ROOF BOXES,
SKI & SNOWBOARD
CARRIERS AND
BICYCLE CARRIERS

Citroën traversing roofbars (A & B) are designed to match the contours of your C4 Picasso and Grand C4 Picasso and can be used with Citroën bicycle carriers, ski/snowboard carriers and roof boxes for quick and easy transport and storage solutions.

Citroën roof boxes (C) are available in 280, 340, 370 or 430 litre capacities.

Citroën bicycle carriers (D) are a secure and hassle-free way of transporting your bike. Please contact your local Dealer for information about additional fixings that may be required.

OPTIMAT CARPET SET

With a made-to-measure design that makes them easy to fit and maintain, Citroën mats work in harmony with the interior lines of your C4 Picasso.

MINI BAR-COOL BOX

Keeps your drinks cool on the move in the Grand C4 Picasso.

MP3 ADAPTOR

Enjoy music from your own MP3 player and control your song selection through the dashboard stereo thanks to this clever little MP3 adaptor.

MP3 player not included.

TOWBARS

Citroën towbars have been developed to ensure the highest standards of safety and strength. Conventional and fixed swan neck towbars are available along with demountable towballs.

ENVIRONMENTAL COMMITMENT

All Citroën vehicles are designed to be 85% recyclable.

WHATCAR?
GREEN AWARDS 2008

Citroën was a double winner at the 2008 WhatCar? Green Awards. The new C5 1.6HDi VTR+ saloon won Best Family Car and Grand C4 Picasso 1.6HDi SX won Best MPV.

INTRODUCING THE ECOLOGICAL CAR

The Citroën C-Cactus concept (above), a car designed on ecological principles. It includes a significant proportion of recycled or recyclable materials and, like the plant it is named after, it is low on liquid consumption. At the same time, C-Cactus is designed to be no more expensive than a mid-range family car. This can be attributed to the use of new materials and to a rational design process using a smaller number of parts. C-Cactus is an essential vehicle reflecting a new vision of the car, many of its thoughts and themes will appear in modern Citroën vehicles to come.

GREEN EFFICIENCY. CITROËN HAS BEEN PIONEERING CLEANER, MORE FUEL-EFFICIENT MOTORING, SUCH AS THE COMMON RAIL HDi ENGINES NOW FITTED IN ALL NEW CITROËN DIESELS, LONG BEFORE ALL THE HYPE...

CITROËN HAS ALWAYS BEEN AT THE FOREFRONT OF GREENER TECHNOLOGY AND THE C4 PICASSO AND GRAND C4 PICASSO ARE NO EXCEPTIONS. TODAY, WE HAVE ONE OF THE UK'S WIDEST RANGES OF LOW EMISSION VEHICLES – THREE OF WHICH ARE IN THE TOP FOUR FOR LOW CO₂ AND FUEL-EFFICIENCY. WE ALSO PRODUCE THE UK'S MOST ECONOMICAL LIGHT COMMERCIAL VEHICLE, THE NEMO VAN.

On the technology side, we've been equipping more of our vehicles with more environmentally friendly breakthroughs, such as Stop & Start SensoDrive. When the driver brakes to a halt, the engine stops, and starts again the moment the brake pedal is released – research has shown that it can improve fuel consumption by up to 15% in heavy traffic. Our Electronic Gearbox System (EGS) also boasts impressively greener credentials, with less pollution and up to 5% more economy than a conventional manual gearbox system. In addition, Citroën has expanded the use of the exceptionally efficient, self-regenerating Diesel Particulate Filter System (DPFS) in our models.

Cleaner, greener driving without taking away from the drive – that's what you can continue to expect from the C4 Picasso and Grand C4 Picasso.

airdream[®]

AIRDREAM - A BENCHMARK

When it comes to the environment we wanted to show our genuine commitment as well as our profound expertise, so we have devised a benchmarking scheme with the signature 'Airdream' reserved exclusively for the cleanest vehicles in our range. To qualify for the AIRDREAM signature, vehicles must meet three standards:

1. a) Stop & Start, b) CO₂ emissions of 120g/km or less, c) fitted with DPFS with CO₂ below 158g/km.
2. Manufacturing quality of ISO14001.
3. 95% of recoverable materials.

EMISSION CONTROL TECHNOLOGY

C2 and C3 Stop & Start models (right) reduce CO₂ emissions and fuel consumption by as much as 27%*. This is achieved by automatically switching off the engine as the car rolls to a stop and remains in standby while the brake pedal is depressed. The system automatically restarts the engine instantaneously the second your foot lifts from the brake.

*According to independent Autocar magazine tests

C4 PICASSO
& GRAND
C4 PICASSO
CARE

ESSENTIAL CARE.

CITROËNS ARE RENOWNED FOR THEIR RELIABILITY – AND THE CITROËN C4 PICASSO AND GRAND C4 PICASSO ARE NO EXCEPTION. WITH THE ADDED REASSURANCE OF A WARRANTY, ROUTINE SERVICING AND MAINTENANCE, AS WELL AS 24-HOUR ROADSIDE ASSISTANCE, YOU ARE PROTECTED AT EVERY TURN.

CITROËN ADVANTAGE

Enjoy your Citroën for years to come with Citroën Advantage. This extended warranty gives you long-term cover if you're planning to keep your new Citroën for more than three years, or anticipate your mileage to be more than 60,000 miles over this time.

To find out more, contact your Citroën Dealer or call the Customer Contact Centre on 0844 463 3500.

CITROËN MAINTENANCE

From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens.

To find out more, contact your Citroën Dealer or Citroën Authorised Repairer.

CITROËN ASSISTANCE

For all models except C6: In response to a free telephone call, Citroën Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. C6: Citroën Assistance covers all incidents and for a period of 3 years.

Full details are available on request from Citroën UK via cuk_contactcentre@citroen.com

CITROËN WARRANTY

Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

* 2 years' unlimited warranty. No-fee customer option of 1 year's Dealer provided extended warranty, only on cars sourced from Citroën UK Limited.

Note: dealer provided warranty is limited to 60,000 miles for cars.

** Against all internal to external perforation to bodywork or underbody.

DRIVE YOUR WAY.

GET BEHIND THE WHEEL OF YOUR NEW C4 PICASSO OR GRAND C4 PICASSO, WITH CITROËN'S DRIVENOW RANGE OF FINANCE AND CAR INSURANCE PRODUCTS. HERE YOU CAN FIND EVERYTHING YOU NEED FOR AN ENJOYABLE MOTORING EXPERIENCE. LET YOUR JOURNEY BEGIN...

& GRAND
C4 PICASSO
FINANCE
& INSURANCE

Own your vehicle with this flexible package designed to fit your budget.

A new Citroën car every two or three years with monthly payments structured to suit your budget.

Enjoy the convenience of a new car without the stress and hassle of ownership.

TO FIND OUT MORE ABOUT CITROËN PRODUCTS AND SERVICES, GO TO WWW.CITROEN.CO.UK OR CONTACT YOUR CITROËN DEALER.

A tried and tested finance package that allows you to own your vehicle.

An alternative to vehicle ownership that allows you to control your business cash flow and gain tax efficiencies.

Own a vehicle with a finance solution that offers ultimate flexibility to complement your business cash flow.

A non ownership finance solution that keeps costs fixed and risks low.

FOR MORE INFORMATION ON CITROËN FLEET AND BUSINESS SALES, PLEASE CALL CITROËN FLEET CONNECT ON **08457 940 940** OR LOOK US UP AT WWW.CITROEN.CO.UK/FLEET

*** Citroën Insurance is arranged by Banque PSA Finance and underwritten by UK Insurance Limited. Conditions apply. Full details available on request. Credit subject to status and to over 18s only. A guarantee may be required. Written quotations available on request from Citroën Financial Services, Quadrant House, Princess Way, Redhill, Surrey RH1 1QA. Citroën Financial Services is a trading name of Banque PSA Finance. Telephone calls may be recorded or monitored for training or quality purposes.

CITROËN INSURANCE*** IS THE ONLY MOTOR INSURANCE DESIGNED SPECIFICALLY FOR CITROËN DRIVERS, WITH COVER DESIGNED AROUND YOUR NEEDS.

To help you drive away your new car without delay, we offer DRIVENOW Instant Cover insurance, providing you with 7 days comprehensive car insurance, for free!

Simply put, Citroën Insurance offers real benefits, quality support and the usual high standards you can expect from a big name brand.

CALL US TODAY ON **0870 024 2725** AND DISCOVER MOTOR INSURANCE DESIGNED EXCLUSIVELY FOR CITROËN DRIVERS.

Lines open 8am - 8pm weekdays, 9am - 5pm Saturdays. Max call charge from a BT landline is 8p per minute. Calls from other networks may vary. Citroën Insurance is underwritten by UK Insurance Ltd. Conditions apply.

...AND EVEN MORE!

Whether you want protection against unforeseen circumstances that may affect your ability to make your monthly payment, or financial protection against a 'total loss' insurance claim, we will have a DRIVENOW product to suit your needs. And you have the confidence of knowing it's all backed up by the brand you know and love, Citroën!

FIXED-CENTRED CONTROLS STEERING WHEEL

A Citroën innovation that makes for safer driving in every way. Whilst the rim of the steering wheel turns normally, the centre hub remains static which means that all the audio, information and driving controls operated from here stay in exactly the same place. It also means that the driver's airbag can be specially sculpted to deploy more favourably than the round ones necessary in cars with conventional steering wheels.

GPS NAVIGATION

Part of the NaviDrive system, the C4 Picasso and Grand C4 Picasso's sophisticated navigation aid has enhanced graphics and a number of useful features including an overhead 3D view of your route which is so much easier to read. It's also possible to enlarge junctions and intersections on screen and includes European mapping and live traffic information.

GSM TELEPHONE (WITH NAVIDRIVE)

With a duplicate SIM card provided by your mobile phone supplier, which you can insert into a C4 Picasso and Grand C4 Picasso with NaviDrive, this enables the audio system to become your mobile phone whilst you are on board.

JUKEBOX FUNCTION (WITH NAVIDRIVE)

Up to 180 hours of music recorded from MP3s or CDs can be stored on the NaviDrive system's hard disc. For ease of use it's possible to set up playlists on the system. All controls are easy to understand and operate.

LANE DEPARTURE WARNING SYSTEM (LDWS)

When the C4 Picasso and Grand C4 Picasso are travelling at speeds in excess of 50mph infrared sensors at the front of the car detect the white lines on the road. If the car starts to cross a white line without the indicator being on the driver is alerted by the vibration device built into his seat.

XENON DUAL-FUNCTION DIRECTIONAL HEADLAMPS WITH CORNERING LIGHTS

A dynamic AFS with lamps that respond to the steering, adjusting the direction of the beam in the direction of the turn by up to 15 degrees. These headlamps contain a directional twin xenon elliptical module for use in the dipped and full-beam positions, and a complex surface "long-range" halogen unit for full-beam only. This combined assembly delivers an extremely high level of forward visibility.

HIGH-PRESSURE DIRECT INJECTION DIESEL ENGINE

Our HDi diesel engines operate with the fuel under extremely high pressure, enabling microscopically precise injection control. With this level of management it's possible to inject at different times during the same engine stroke allowing total control over the combustion process. This has allowed our engineers to reduce carbon monoxide emissions by 40%, unburned hydrocarbons by 50% and engine particulates by 60%. Fuel consumption is 20% lower than a prechamber diesel engine, resulting in an equivalent reduction in CO₂ emissions and thanks to the torque available at low engine speed it could be argued that driveability is now better than in petrol engine cars.

DIESEL PARTICULATE FILTER SYSTEM (DPFS)

Our unique DPFS collects exhaust particulates (soot) that would have been bound for the air around us and burns them off at 550 degrees C. This means that 'black smoke' is eliminated completely. And because the filter is constantly burning the particulates it is self-cleaning and requires no maintenance.

EURO NCAP

Euro NCAP makes available to consumers independent information about a car's comparative safety rating in its class. Each vehicle is tested in three areas - Adult Occupant Protection (up to 5 stars), Pedestrian Protection (up to 4 stars) and Child Protection (up to 5 stars).

ANTI-LOCK BRAKING SYSTEM (ABS)

Computer-controlled braking assistance designed to prevent the wheels from locking under extreme braking. This enables the car to continue being steered and therefore controlled during this braking incident. New C4's ABS system is further enhanced with EBA and EBD (see below).

ELECTRONIC BRAKEFORCE DISTRIBUTION (EBD)

A conventional ABS system cannot account for any of the four wheels wanting to lock more quickly than the others (for example, two of the wheels may be on snow and two on tarmac). EBD reads the deceleration rate of each wheel individually and applies the ABS principles accordingly.

EMERGENCY BRAKING ASSISTANCE (EBA)

As drivers we find it difficult to instinctively brake very hard, but this is often what is needed in those rare emergency situations. The EBA system recognises our 'attempt' to brake hard and in combination with the ABS and EBD systems instantly applies the maximum stopping power possible.

ELECTRONIC STABILITY PROGRAMME (ESP)

This is computer-controlled traction assistance and is provided primarily through the braking systems. The ESP's control unit constantly compares where the driver intends going (through the position of the steering wheel) with where the vehicle is actually going and, if necessary, makes speed corrections to each wheel individually through braking or engine torque to keep the vehicle 'in line'.

ELECTRONIC GEARBOX SYSTEM (EGS)

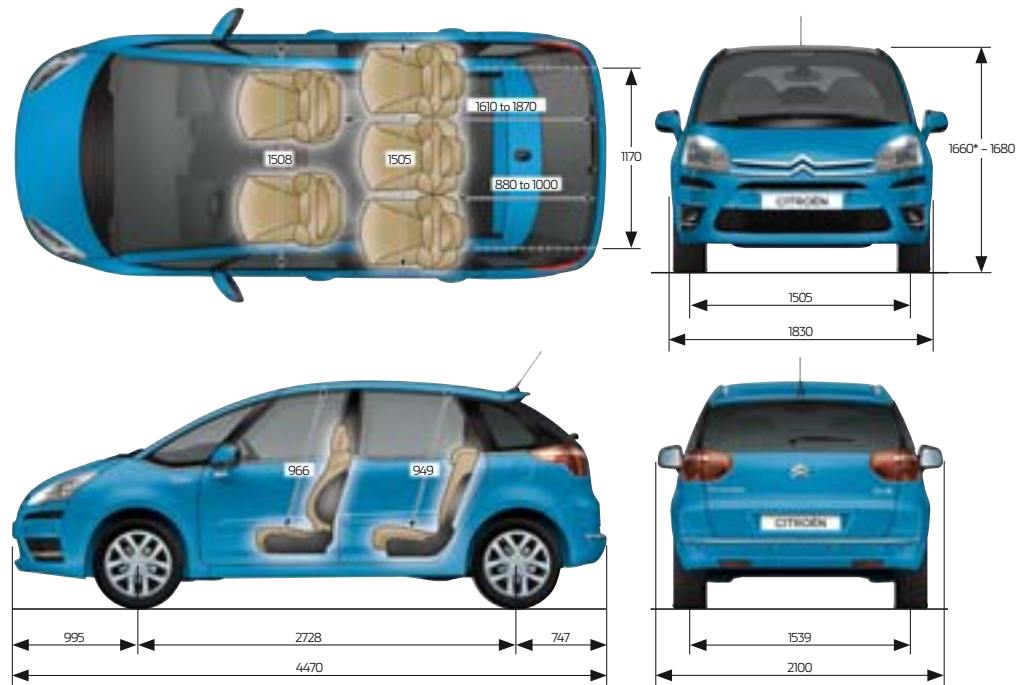

A revolutionary alternative to conventional gearboxes, Citroën's innovative EGS allows you to operate in either 'manual' or 'automatic' modes. 'Manual' gear shift are made using the paddles by the steering wheel, or the sequential lever. In 'automatic' mode the gearbox will control gear change for you, maximising your drive comfort and optimising fuel consumption - to the order of 3 to 5% lower than a conventional manual gearbox, also helped by a sixth gear.

ISOFIX

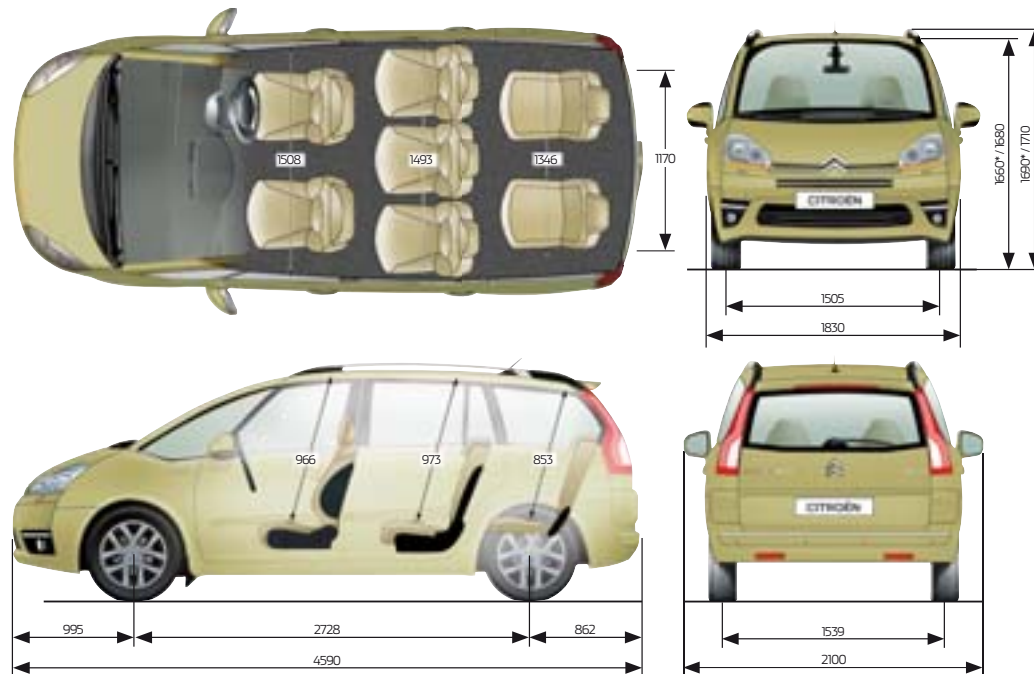

A standardised and more simple method for installing child seats, each seat is 'clicked' into place via a three point system. On new C4, Isofix is installed on the two outer rear seats.
