Drive your way™

HYUNDAI i30

HYUNDAI

It's good to be different, that's what we believe at Hyundai.

It's what keeps us ahead of the rest.

fiveyear warranty

Hyundai offers a Five Year Warranty across its passenger car range. This warranty comes with unlimited mileage on all Hyundai passenger cars not used for hire or reward or commercial use^A. It's a testament to our commitment to you, and the confidence we have in the quality of our cars. Please see page 34 for further details or visit your Hyundai dealer for full warranty terms and conditions.

^A Vehicles used for hire or reward or commercial uses are covered by a five year, 100,000 mile warranty, which does not include Hyundai RAC Assistance. Warranty cover excludes fair wear and tear. Please visit www.hyundai.co.uk for full warranty terms and conditions or check with your Hyundai dealer.

Our mission

To pursue excellence and deliver cars that inspire, so you can live your life the way you want.

Everyone's different.

We're proud to be different too. We like to think time spent in your car can be quality time. That's why we have an extensive product range to meet your lifestyle needs. From nippy city runabouts to rugged off-roaders there's a Hyundai that's just right for you.

True quality matters. To us and to you. Our vehicles are built to the highest quality standards and are covered by our Five Year Warranty.

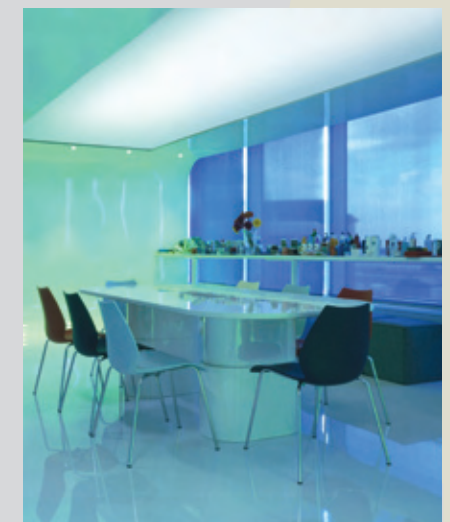

Quality isn't compromised when you buy a Hyundai. Our inclusive package of quality, performance and value means you can concentrate on the things that matter to you.

inspiration

individuality

True quality matters

Inspiration, innovation, individuality: all touchstones of the Hyundai philosophy, underpinning our mission to deliver quality, reliability and excellence.

hatchback

estate

i30

The Hyundai i30 is a triumph of imagination, engineering and design as well as a fluid combination of form and function. The addition of an estate model has only enhanced the i30's desirability for today's driver, providing choice and flexibility to suit your lifestyle.

We continue to push the boundaries at Hyundai, and the i30 hatchback and estate are vehicles that stand out by virtue of their styling, build quality and performance.

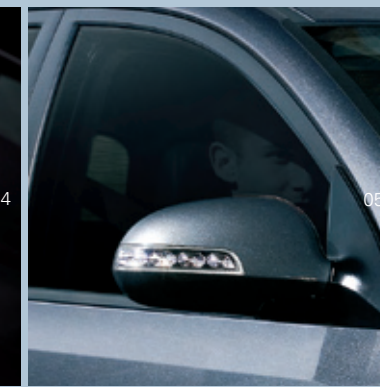

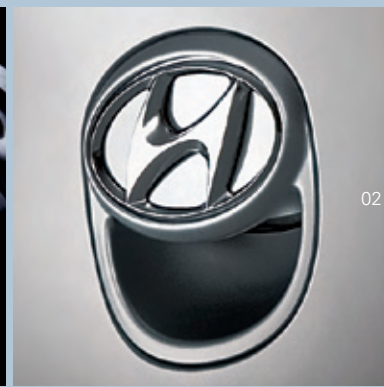

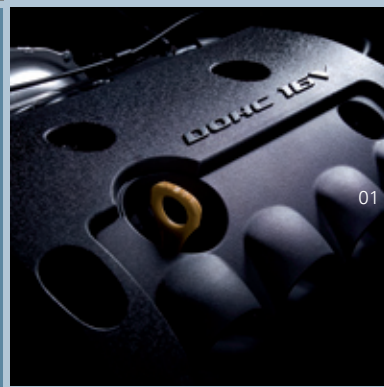

Their design is both distinctive and dynamic, with an eye catching use of curves, space and sleek lines that give both cars great kerb appeal.

The i30 looks as good as it drives. Alloy wheels are standard on the i30 because we think they're what you deserve, whilst the all round independent suspension will give your passengers a stable and comfortable ride. The i30 also has a soft-touch hidden boot release and an enhanced aero wiper blade design that reduces noise and aids efficiency.

Take a closer look and you'll spot body coloured, folding door mirrors³ with integrated side repeater lights², offering you added convenience and helping guard against incidental damage.

The i30 engine range is fully Euro IV compliant, with petrol models benefiting from an efficient lightweight aluminium engine with Continuously Variable Valve Timing (CVVT). Diesel engines have a Variable Geometry Turbocharger (VGT), which optimises fuelling requirements for increased engine power and efficiency.

The i30 range may come with many features as standard, but there's nothing at all standard about them, and you'll discover this for yourself when you get behind the wheel. It's just what you've been waiting for.

comfort

You'll be pleasantly surprised at the amount of space and legroom inside the new i30 Estate.

For the driver we've created a cabin that is built to be both comfortable and practical, with everything in easy reach and thoughtfully located. For passengers there's plenty of room to stretch out and relax on a journey, thanks to the extra long wheelbase. The i30 Estate can cope with a trip to the shops, a family holiday on the road or that golf weekend you've been promising yourself. For storage and flexibility, the i30 Estate really is hard to beat, with plenty of useful compartments to stow away all of those everyday possessions. The i30 Estate is a car that will meet your every need without compromising the levels of comfort and performance you'd find in the i30 Hatchback. So whichever model you choose we're sure it'll be fun deciding.

* Model featured is the i30 1.6 CRDi Estate Premium in Steel Grey
All features shown refer to the i30 estate model.

- 01 Luggage net
- 02 Storage compartment
- 03 Audio and climate control¹
- 04 Sunglasses holder
- 05 Spacious boot
- 06 Full load space configuration

Please note that the location of auxiliary connections varies between the estate and hatchback models. Non-Hyundai supplied iPod™ cable may not offer full operational control from the vehicle audio system. Please ask your dealer for further details and to confirm specific iPod™ model compatibility. iPod™ is a trade mark of Apple, Inc., registered in US and other countries.

¹ Premium model only

Room to move and manoeuvre

Once you're behind the wheel of the Hyundai i30 you'll feel immediately in control and at one with the car. Everything has been designed to be integrated and intuitive so that the driving experience is unique and rewarding.

interior The second you bathe in the glow of the i30's blue illuminated instrument lighting, which has the added benefit of reducing eyestrain, you know you're sitting in a car that's special.

Inside the i30 hatchback and estate, you'll delight in the unexpected. The iPod™, USB and auxiliary input interface provides you with the ability to listen to your portable media library on the move, and with the Hyundai iPod™ connection cable you can take control of your iPod™ through the vehicle's audio system. The i30 hatchback has one of the longest wheelbases in its class, giving rear passengers increased legroom and the freedom to move, whilst the i30 estate offers you even more space over the hatchback. Two stage heated front seats¹ complement the leather upholstery² and help to guard against the chill on colder days and, at the touch of a button on the i30's steering wheel, audio functions and cruise control² can be easily activated.

You'll soon discover the i30 is full of pleasant surprises, like the air conditioned glove box that helps drinks and snacks stay cool, and the automatic dimming rear view mirror¹ that reduces glare from behind. The stylish seats offer a wide range of adjustments to provide a safe and relaxing driving position, with the driver gaining the benefit of a full range of height and lumbar settings to take the strain out of any long journey. In addition, the steering column can be adjusted for height and reach to help achieve the optimum driving position for comfort and safety.

We've also maximised the amount of storage space in the i30, with handy storage areas and an extensive boot capacity to cater for your luggage on family trips out or weekends away. For those that need even more space, the i30 estate delivers an impressive cargo area, whilst both models feature a 60/40 split configuration. The flexible, accommodating and spacious interior of the i30 has the capability to meet all your needs.

safety & security

The i30 doesn't compromise on safety; it's just not our style. You can be certain that it's a car that will perform and protect equally as well.

Across its range, the i30 is equipped with an excellent array of features to protect passengers and the car, and as soon as you take your seat you'll feel secure. As a driver you'll be reassured to know that the i30's seatbelts work on a reminder system providing a clear indicator for any seatbelt that hasn't been engaged or is released accidentally during a journey. Active front head restraints will help cushion your neck against the impact of a rear collision, and reduce the possibility of sustaining a whiplash injury, whilst anti-submarine seats reduce the risk of driver and front passenger sliding under the seatbelt in the event of an accident. In addition, driver, front passenger, front side and full length curtain airbags, plus front seatbelt height adjustment and pre-tensioners, provide an exceptional level of protection for every minute of your journey.

Once you sit in an i30, you'll feel totally secure and enclosed, with deadlocks, automatic speed sensitive door locking² and a window safety system¹, which employs an anti-trap mechanism both front and rear. Other safety features include an automatic dimming rear view mirror¹, which cuts down the headlight glare from other vehicles behind you, and a screenwash warning light to alert you when you are running low.

In addition, i30 is the only vehicle in its class to offer an Electronic Stability Programme (ESP) and a Five Year Warranty as standard across the range. This advanced electronic system is pro-active in controlling brake pressure to each wheel, and manages the engine power output during acceleration and braking on low friction road surfaces. ESP works in combination with the Anti-lock Braking System (ABS), Electronic Brake force Distribution (EBD) and Traction Control (TC), a combination of systems that aid in delivering the maximum road holding and brake efficiency possible, putting you firmly in control and instilling confidence no matter what the driving conditions.

technology

The Hyundai i30 estate and hatchback create a great impression wherever they go and are cars made for today with tomorrow's technology. It's what you might expect from a company that prides itself on continuous innovation.

The i30 has a vast array of technology to keep you and your passengers comfortable and safe. A centralised iPod™ interface and portable media player connection minimise the risk of distraction to help keep you perfectly in tune on the road, whilst the Tyre Pressure Monitoring System² (TPMS) will flag up any significant reduction in tyre pressure, helping to prolong the life of your tyres and deliver the optimal level of fuel efficiency and vehicle control. With its advanced Electric Power Steering system (EPS), the i30's steering allows greater directional control with more precise feel at higher speeds, whilst benefiting from reduced operational noise and greater efficiency compared to a more conventional hydraulic system. We've even thought of those outside the car by integrating cushioned bumpers which aid in the reduction of possible pedestrian injury, whilst the reinforced safety structure of the i30 features crumple zones and a rigid passenger safety cell, all helping to keep occupants safe in the event of a collision by absorbing impact energy. In the event of a light collision, special elements within the front bumper structure may help to reduce repair costs by further absorbing impact and avoiding it being transferred through the car.

The Hyundai i30 drives safely and securely, with great performance and superb handling thanks to our total commitment to using technology efficiently and effectively in order to exceed your expectations. Whether it's the hatchback or estate, there's much more to the i30 than meets the eye.

capable

There's little the i30 can't handle, rising to every occasion at every opportunity. There's an incredible amount of space for you, your passengers and your luggage, but it's on the road where the i30 comes into its own, with features that make it a joy to drive and a class performer with few equals.

Reversing sensors¹

Sensors mounted in the rear bumper sound an audible warning of potential hazards when reversing.

Active head restraints – front

These react according to the severity of the impact, protecting the driver and front passenger against possible whiplash injuries.

Reinforced body structure

A combination of deformable crumple zones and extra reinforcement of key parts of the body structure – including the dash and the steering wheel – give added all-round protection.

ESP

Integrating both ABS and a Traction Control System, the Electronic Stability Programme assists and enhances braking and handling performance.

Folding door mirrors¹

These electronically operated and heated mirrors fold at the touch of a button. Integral side repeater lamps⁴ provide an extra touch of style.

Cushioned bumpers

Maximise pedestrian safety in the event of a collision thanks to energy absorbing core material.

Windscreen wiper aero blades

The aerodynamic profile of the wiper blades helps improve wiper efficiency and reduces noise.

Automatic dimming rear view mirror¹

Automatically darkens when sensing bright lights approaching from the rear.

Rain¹ and automatic light sensor²

The sensor will activate your windscreen wiper blades at the first sign of wet weather and your lights according to ambient conditions.

Integral roof rack mounting points

Allows for easy installation of your Hyundai roof rack.

Multiple airbag system

Dual front, front side and full length curtain airbags provide all-round protection in case of impact and create an effective safety zone.

Ventilated disc brakes (front only)

Improved cooling efficiency for increased performance.

Long wheelbase

Provides extra internal space for increased legroom and comfort.

Automatic door locking³

Speed sensitive operation enhances passenger safety by preventing unwelcome entry during your journey.

ABS with EBD and Traction Control System

The i30 is fitted with state of the art 4 channel ABS as standard and combined with EBA for increased stopping power.

Glossary of Terms

	Full description	Benefits
ABS	Anti-Lock Braking System	Retains steering control under heavy braking
CRDi – Diesel	Common Rail Direct Injection	Reduced emissions, greater economy, increased power
CVVT – Petrol	Continuously Variable Valve Timing	Delivers optimum performance and fuel efficiency
EBA	Electronic Brake Assist	Increases braking effort in emergency situations
EBD	Electronic Brake force Distribution	Distributes braking force between wheels
EPS	Electronic Power Steering	Reduces operational volume and increases efficiency whilst offering enhanced levels of control, feeling and sensitivity

	Full description	Benefits
ESP	Electronic Stability Programme	Enhances the level of vehicle control in unexpected or potentially dangerous situations
TCS	Traction Control System	Prevents wheel spin during heavy acceleration
TPMS	Tyre Pressure Monitoring System	Maintains tyre performance and reduces emissions (not below stated emissions values)
VGT – Diesel	Variable Geometry Turbocharger	Optimises air delivery requirements for optimum engine power and efficiency

accessories

There's little room for improvement when you drive a new Hyundai i30, but we pride ourselves in offering a range of accessories* that is truly extensive. We'll help you to get more enjoyment and pleasure out of your car by considering even the smallest details.

* This page only shows a selection of the accessory range available for the new Hyundai i30. Please speak to your Hyundai dealer for details of availability of the full range.

Hyundai gives you peace of mind.

i30

fiveyear warranty

Our Five Year Warranty demonstrates our confidence in the world class quality of our cars.

Passenger Cars

We offer a Five Year, manufacturer backed, unlimited mileage warranty^Δ, which protects against manufacturing defects** on all Hyundai passenger cars not used for hire or reward or commercial use.

In addition Hyundai offers:

- A Six or Ten year Anti-perforation Warranty[□] against perforation of the bodywork from the inside of the panel outwards.
- One year's Roadside Assistance Programme on all passenger cars not used for hire or reward or commercial use.^{†*Δ}

Hyundai Car Finance

Many of our customers borrow money from somewhere to enable them to purchase their new Hyundai. At Hyundai Car Finance we believe we have a complete solution with a range of products for all Hyundai customers. We provide Hire Purchase or Personal Loan options. Simply finance any amount over any period between 12 to 60 months. For further details on the finance options available, please contact your dealer.

Sequences

Reduce your monthly payments by deferring part of the cost to the end of the agreement, resulting in an optional final payment and offering you three great choices.

Payment protection

We offer three levels of Payment Protection cover to cater for a whole range of circumstances.

Guaranteed asset protection

Did you know that if your vehicle was written off as a result of an accident, fire or theft, your insurance company would only pay the current market value of the vehicle, and not what you actually paid for it? If you wanted to replace your vehicle you would have to find the difference. Gap Insurance can cover you for any shortfall from your insurance company in a total loss situation.

Competitive Advantage System

For further information and the chance to compare us against other cars you may be considering, use the Competitive Advantage System which can be found at www.hyundai.co.uk.

If you need to find out more about Hyundai itself, or any of our vehicle range, please consult your local Hyundai dealer, or feel free to visit our website. There's very little you won't be able to discover and then it's the simple matter of trying and buying, because once you test drive a Hyundai, we're sure it will surprise and excite in equal measure.

www.hyundai.co.uk

[□] Six or Ten year Anti-perforation Warranty dependent on model and model year. i30 benefits from a Ten Year Anti-perforation Warranty.

^Δ Vehicles used for hire and reward or commercial uses are covered by a five year, 100,000 mile warranty, which does not include Hyundai RAC Assistance. Please visit www.hyundai.co.uk for full warranty terms and conditions. Warranty cover excludes fair wear and tear.

* To retain full warranty cover and where appropriate Hyundai RAC assistance, regular servicing of the vehicle in compliance with the maintenance schedule is necessary. This is chargeable to the customer.

** Any component forming part of the original specification manufactured by Hyundai Motor Company or supplied by Hyundai Motor UK Ltd (except tyres and accessories), which are found to be defective as a result of a manufacturing defect during normal usage of the vehicle will, at the discretion of Hyundai Motor UK Ltd, be repaired or replaced, at no cost to the vehicle owner. Components replaced under the terms of the warranty shall continue to have the benefit of the unexpired portion of the warranty only. Warranty cover excludes fair wear and tear. Please visit www.hyundai.co.uk for full warranty terms and conditions.

[†] Roadside Assistance is provided by RAC Motoring Services Reg'd office: RAC House, 8 Surrey Street, Norwich, Norfolk NR1 3NG Reg'd No 1424399. RAC Motoring Services is authorised and regulated by the Financial Services Authority and within the jurisdiction of the Financial Ombudsman Service and the Financial Services Compensation Scheme.
