## Škoda Fabia Accessories

# YOUR PERFECT PARTNER

The Škoda Fabia is all about flexibility and practicality. It is just as much at home on the busy city high street as on a winding country lane. There is plenty of room for passengers and luggage, whether you're transporting the kids or carrying the snowboards. In short, the Fabia is a universal vehicle, which can be perfectly adapted, with a range of accessories, to suit your lifestyle. Whatever your requirements of your car, be it sports, comfort or safety, your Fabia can be your perfect partner.

Škoda offers a full range of accessories for both Fabia Hatch and Fabia Estate.

All Škoda Original Accessories are manufactured with Škoda's safety standards in mind and with a two-year warranty\* on all products, you can be assured they've been designed to last.

Many of the products here will require fitting by your local retailer, so you should always ensure that you ask for a fitted price. RRP's shown in this brochure are an indication of the price of the item excluding fitting and are for guidance only.

As product and price information changes from time to time, Škoda recommends that you visit [www.accessories.skoda.co.uk](http://www.accessories.skoda.co.uk) for the most up-to-date information.

\*Products purchased at the same time as a new Fabia or Fabia Estate will be covered for a period of three years. In addition to Original Škoda Accessories this brochure also features approved and aftermarket products. These products may have different warranty periods to Original Škoda Accessories and these are indicated where appropriate.

# SAFETY & SECURITY

As you would expect from a modern car, Fabia is equipped with many safety features. By adding Škoda Original Accessories you will be enhancing the protection offered to you, your passengers and your car. We offer child seats for children of all ages, including Isofix Duo Plus Top Tether seats, which can

be attached to the rear side seats using a special safety belt. For those challenging journeys in difficult conditions we offer snow chains and front fog lamps, while the car alarm and locking wheel bolts will help protect the car against theft.
