## ŠkodaRoomster Accessories

# ROOM FOR ORIGINALITY

The unique and original design of the Škoda Roomster provides you with extremely flexible interior solutions and very generous storage space. Built using the latest in Škoda's hybrid technology, the car has been designed with both the driver and passenger in mind. The car can be seen in two halves, the 'Driving Room' and the 'Living Room'.

Of course, all of this extra flexible storage space opens up many exciting possibilities on how to fill it as you pursue sport, travel, trips and adventures with your friends and family. To help you customise the Roomster to suit your individual needs, we present in this brochure the wide range of Škoda Approved and Škoda Original Accessories available at your local Škoda Retailer.

All Škoda Accessories are manufactured with Škoda's strict safety standards in mind and with a two-year warranty\* on all products, you can be assured they've been designed to last.

Many of the products featured here will require fitting by your local Retailer, so you should always ensure that you ask for a fitted price. | RRP's shown in this brochure are an indication of the price of the item excluding fitting and are for guidance only.

Škoda Original Accessories – just one of the many products and services available from your local Škoda Retailer or Authorised Repairer.

Comfort is different for different people. That's why Roomster accessories are tailor-made for your specific needs. Those expecting 'comfort for comfort's sake' should skip this chapter though – we aren't offering any golden door handles or snakeskin upholstery! Our comfort is by no means purposeless.

On the contrary it offers utility. We have car cool/warm boxes of varied dimensions, sunblinds, wind deflectors or accessories which may prove useful for any or all kinds of journeys. In short, comfort and utility have found common space in the Roomster.

\* Dependant on vehicle equipment level. Please contact your Skoda retailer for further information.

# SAFETY

We believe that the safety of your smallest passengers is more important than anything else. That is why we offer a wide selection of thoroughly tested child seats that guarantee children both an extraordinarily high degree of safety as well as comfort. In addition, we have many products prepared for the Roomster

that contribute to the safety of all passengers. However, the vehicle itself is often subject to danger and so we have accessories that ensure its protection, for example rear parking sensors or protective side strips.
