ŠKODA

ŠKODA Superb – Accessories

The ŠKODA Superb and Superb Combi have been designed with the maximum comfort, convenience and safety for day-to-day operation in mind. We have prepared an offer of **ŠKODA Genuine Accessories** to make your car more suitable for your individual demands and to satisfy your specific requirements in extraordinary situations as well.

Whether you need to enlarge the transport capacity of your car or underline its original style, your choice of accessories will certainly be to your full satisfaction.

The ŠKODA Genuine Accessories products represent an extension of standard and extra equipment options for the Superb and Superb Combi and are approved by ŠKODA Auto.

Sport & design

A sporty style suits elegant cars like the ŠKODA Superb and Superb Combi as well. The best solutions are accessories from the sport & design category, which include the styling kit (on the photo above) covering the front bumper spoiler, TwinDoor spoiler (Superb), roof spoiler (Superb Combi), rear diffuser and stainless steel exhaust pipe end piece. An abundant offer of 16", 17" and 18" alloy wheels or various leather accessories including leather steering wheels is also available.

Music & communication

Undoubtedly, driving the ŠKODA Superb or Superb Combi is an experience in itself. However, it may be more comfortable with great companions, including those from music & communication technology. Radio receivers offered within the ŠKODA Genuine Accessories create not only a pleasant atmosphere inside the car but provide you with traffic announcements as well. Furthermore, all devices allow information transfer between the Maxi DOT display, Climatronic air conditioning and parking assistant. Options also include an integrated DVD player with two screens or navigation systems.

Columbus navigation system: Radio with DVD navigation system including map data for Western or Eastern Europe, integrated SD and MMC memory card reader, player of audio CDs and MP3 or WMA audio files. The DVD drive supports both navigation DVD as well as audio CD, DVD-ROM, DVD±RW, CD-ROM, CD-R, CD-RW, DVD Audio and DVD Video. The navigation system includes digital signal processor with equaliser, integrated 30GB hard disk (10 GB for navigation data; remaining 20 GB can be used for MP3 and WMA audio files) and TMC traffic news support. Ability to control via 6.5" TFT colour touch screen and via voice;
Western Europe maps (3TO 051 230);
Eastern Europe maps (3TO 051 230A)

– for boot with integrated aluminium strips or false boot floor (3T9 061 190A)

* Available from the 3rd quarter of 2011.

Transport

There may be situations when the transport of some luggage inside the car is either dangerous or the boot is simply not spacious enough. Therefore, the ŠKODA Genuine Accessories include many different roof carriers and holders for specialised use (skis and bikes) fixed on to the basic roof rack (Superb) or the transverse roof rack (Superb Combi). A ski box in the ŠKODA design is also available. If you choose a detachable tow bar for your car, you can use it for the transport of bikes or tow a trailer with a total maximum weight of 2,000 kg.

Lockable bicycle carrier with aluminium profile; capacity up to 20 kg (3T0 053 668)
No photo: **Lockable bicycle carrier with metal profile** (LBT 009 003A)

No photo: **Lockable luggage box;** 370-litre capacity (LBT 009 002A)

Transverse roof rack for Superb Combi (3T9 019 110)
The luggage rack control is very simple. To assemble and fix the luggage rack, turn the eccentric lever to the lower position (see the detail)

The City Crash is a method of testing genuine accessories products that can be fitted to the vehicle's body, such as roof railings, transverse roof racks and other transport systems including boxes, bicycle, ski and surfboard carriers etc.
Method: A section of the body is fitted to special skids, which are travelling at a speed of 30 km/h. At the moment of the simulated collision, the force reaches between 9 and 12 G's and lasts for 80 ms.
Evaluation: In order to successfully pass the City Crash test, none of the transported objects may get detached from the body, which demonstrates that the safety of both pedestrians and other vehicles in real traffic is not endangered by the product.

Bicycle carrier for a tow bar; 2 bikes capacity (3T0 071 105)

Basic roof rack for Superb (LAS 800 001)

Interior bicycle holder for 2 bicycles for Superb Combi for fitting into the internal part of the false boot floor (3T9 056 700)
