# ŠKODA Yeti - Accessories

Get yourself a compact SUV ŠKODA Yeti and you'll find it the perfect companion for both leisure and day-to-day use. Products from the **ŠKODA Genuine Accessories** range allow you to underline your vehicle's image, increase its practicality or customise the comfort features to exactly suit your needs. ŠKODA Genuine Accessories are essentially an extended range of the standard and extra equipment. This means that the products on offer have been approved by ŠKODA Auto.

## Sport & design

## Decorative off-road package

## Transport

Under the general term transport you will find a wide variety of accessories allowing you to safely transport your things, especially sports gear. A ski box in the ŠKODA design is also available. You can also ensure that even when the car is full, you and your passengers will ride in total comfort.

**Lockable bicycle carrier with aluminium profile;** capacity up to 20 kg (3T0 053 668)  
No photo: **Lockable bicycle carrier with metal profile** (LBT 009 003A)

**Luggage basket;** including fastening net and straps (LBT 009 006)

**Lockable ski and snowboard box;** capacity up to 5 pairs of skis or 4 snowboards; 380-litre capacity (5L6 071 175); successfully passed City Crash Test  
No photo: **Lockable luggage box;** 370-litre capacity (LBT 009 002A)

**Transverse roof rack** (LAS 630 001)  
The luggage rack control is very simple. To assemble and fix the luggage rack, turn the eccentric lever to the lower position (see the detail)

The City Crash is a method of testing genuine accessories products that can be fitted to the vehicle's body, such as roof railings, transverse roof racks and other transport systems including boxes, bicycle, ski and surfboard carriers etc.

**Method:** A section of the body is fitted to special skids, which are travelling at a speed of 30 km/h. At the moment of the simulated collision, the force reaches between 9 and 12 G's and lasts for 80 ms.

**Evaluation:** In order to successfully pass the City Crash test, none of the transported objects may get detached from the body, which demonstrates that the safety of both pedestrians and other vehicles in real traffic is not endangered by the product.

**Bicycle carrier for a tow bar;** 2 bikes capacity (3T0 071 105)

**Interior bicycle holder** for 2 bicycles for floor without spare wheel or false boot floor (3T9 056 700)

**Lockable ski or snowboard rack with aluminium profile;** capacity up to 4 pairs of skis or 2 snowboards (LBB 000 001)  
No photo: **Lockable ski or snowboard rack with metal profile** (LBT 071 027)
