Opel Astravan

With sleek, modern styling, it looks better than a van should. With perfectly matched engines and transmissions, it performs better than a van should. And with the latest dynamically tuned chassis and optimized interior comfort, it drives better than a van should, too. But with exceptional carrying capacity and flexibility at the business end, it's exactly as a van should be. Opel Astravan. The ultimate driver's van.

Max. load compartment volume 1.58 m³

Max. payload up to 565 kg

Max. load floor length 1.83 m with Flex bulkhead

Anti-lock Braking System

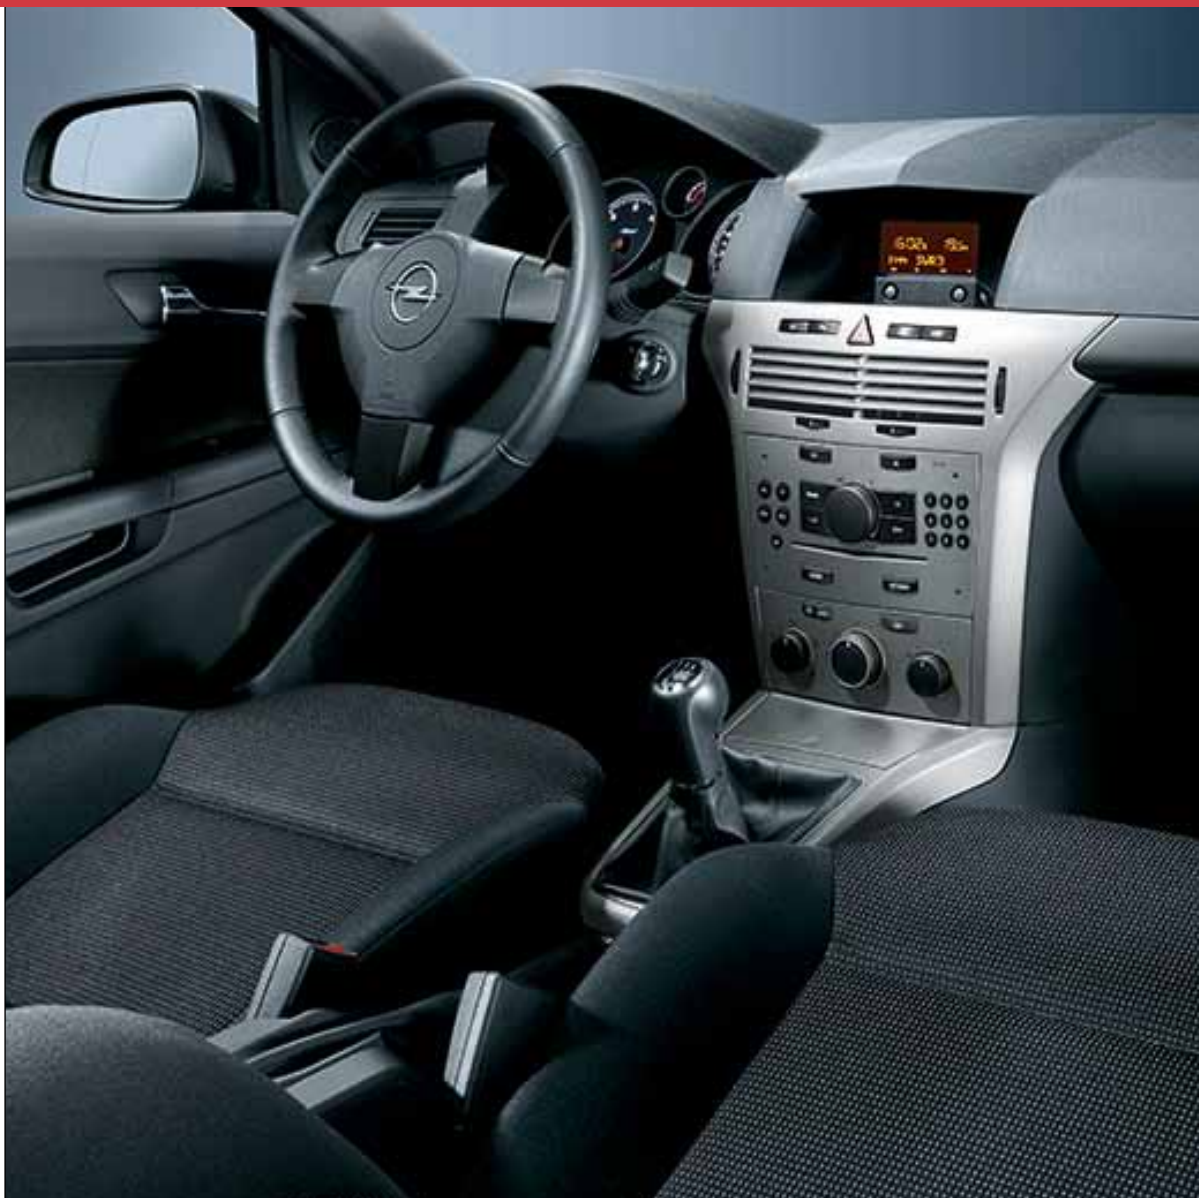

Electronic Stability Program Plus (ESP^{®Plus})

60,000 km/2 years main service interval

12 year anti-corrosion warranty

Standard equipment. Don't let those good looks fool you. The Opel Astravan is ready for the toughest assignments. Equipment (varies according to model) includes:

- ABS
- ESP[®]Plus
- All-round disc brakes
- Driver's and passenger side airbag
- Particle/pollen filter
- Power windows
- Remote power door locks
- Height-adjustable driver's seat
- Tilt and telescopic steering column
- 15" steel wheels
- Cupholder in centre console
- Fabric Alpha/Elba, Charcoal

Individual options. Specific option packs and a wide range of individual options are available, including:

- Air conditioning
- Low profile roof rails (black)
- Quickheat warm-up system
- Tyre Pressure Monitoring System (TPMS)
- Hill Start Assist (HSA)
- Rain sensor
- Cruise control
- Rear Park Pilot
- Front fog lamps
- Anti-theft alarm
- Alloy wheels
- Foldable co-driver's seat
- Lumbar support driver's seat
- Removable trailer hitch
- Power windows front

◀ **Load compartment.** The Opel Astravan can easily take a sideways loaded euro-pallet. The load compartment is pre-equipped with a floor-protective rubber mat. The half-height metal bulkhead protects the driver and the passenger.

▶ **Towing hitch.** A towing hitch with removable ball head is available for a maximum towing capacity of up to 1,400 kg.

◀ **Electronic Stability Program Plus (ESP[®]Plus).** Controlled brake intervention on up to 3 wheels counteracts even extreme understeer (such as sudden avoidance movements) to maintain overall control.

Safety features. In addition to the standard safety features, also side air-bags are available for enhanced safety.

Accessory range. Choose from an extensive range of purpose-designed Opel accessories for your Opel Astravan, including:

- Load carriers
- Attachment systems
- Bodywork protection
- Security enhancement
- Load restraint systems
- Window grids
- Cargo liners
- Phone-specific cradles for mobile phones

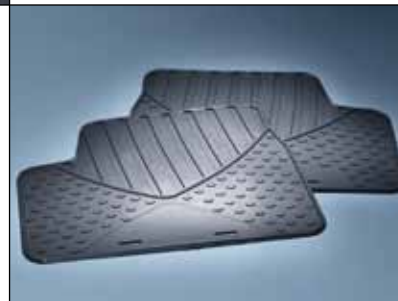

◀ **Park pilot.** Automatically activated by selecting reverse gear, Park Pilot provides audible warning of even very low objects out of sight of the driver.

▶ **Roof base carrier.** The tough and secure base carrier is lockable and allows the fitting of a full range of Opel and Thule attachment systems like roof boxes, ski or bike carriers.

▶ **Floor mats.** All-weather floor mats protect your interior from everyday wear and tear. Easy to install with standard Opel floor mat attachment system. Also available as economy and velours carpet floor mats.

▶ **Professional hands-free kit.** For vehicles without telephone preinstallation. Tested for interference-free operation of other vehicle electronics. Improved voice transmission and reception in conjunction with adhesive window antenna.

◀ **Splash guards.** Easy to install, the splash guards match the vehicle design and help to prevent stone chips, mud splashes, and road dirt and salt build-up.

All information was accurate and up to date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. Fuel consumption data and CO₂ emission data are determined according to regulation R (EC) No. 715/2007 (in the version respectively applicable). The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle variants. Additional equipment may increase the kerb weight of the vehicle and impact the payload. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.
