Embrace life.

An aerial photograph of a city, likely Johannesburg, South Africa, showing a dense urban landscape with various buildings and greenery. The sky is bright with some clouds. A semi-transparent white box is overlaid on the right side of the image, containing text.

You're welcome.

Thanks to its ingenious FlexDoors® – part of the Opel Meriva Ergonomic System – Opel Meriva welcomes you with open arms. Both side doors open to a wide 84°, so getting in and out is easier than ever. That means much more room when you need to secure children in their child seats.

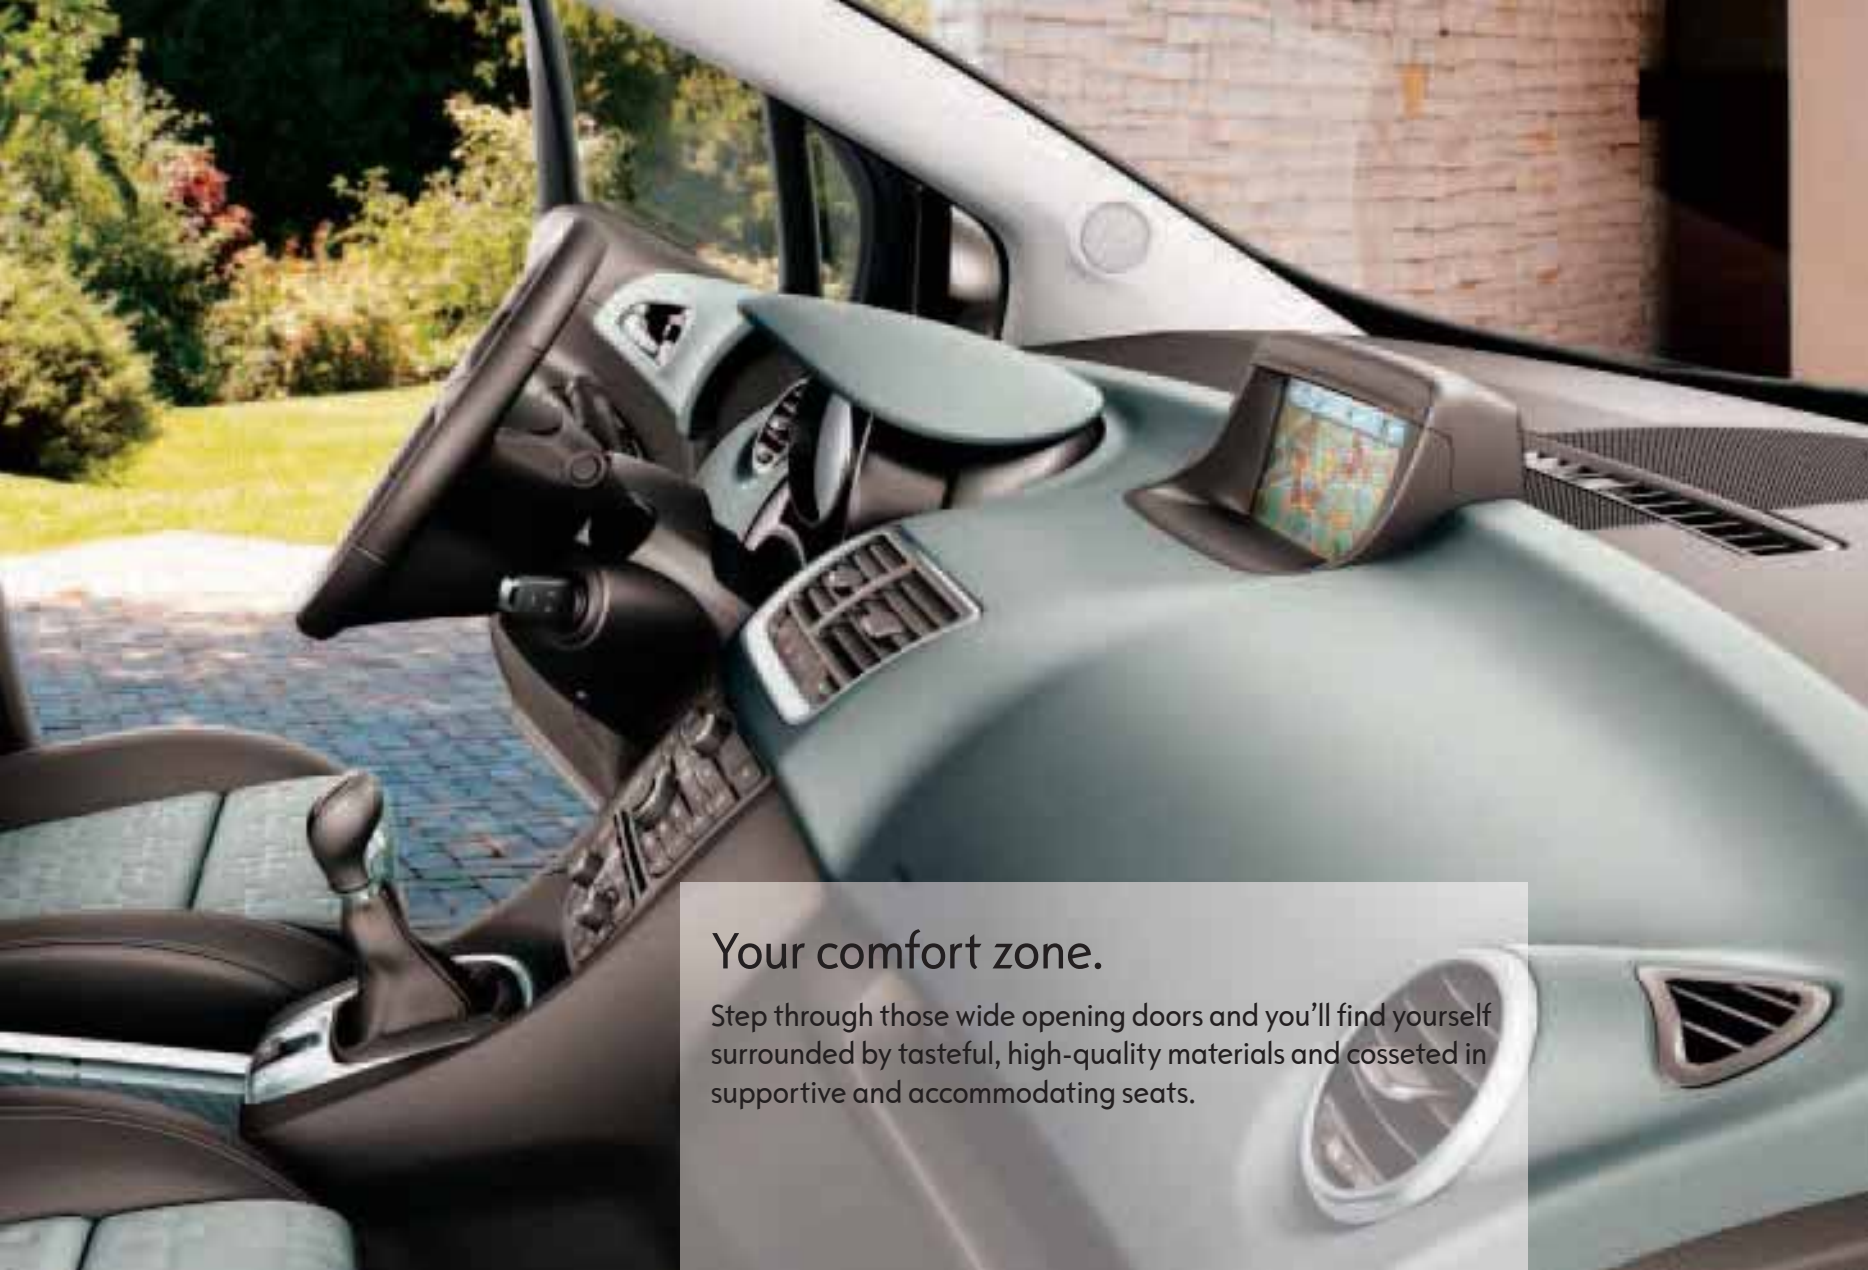

You're in control.

Thanks to a high seating position, clear instrumentation, and a gear lever that's located perfectly in the sloping centre console.

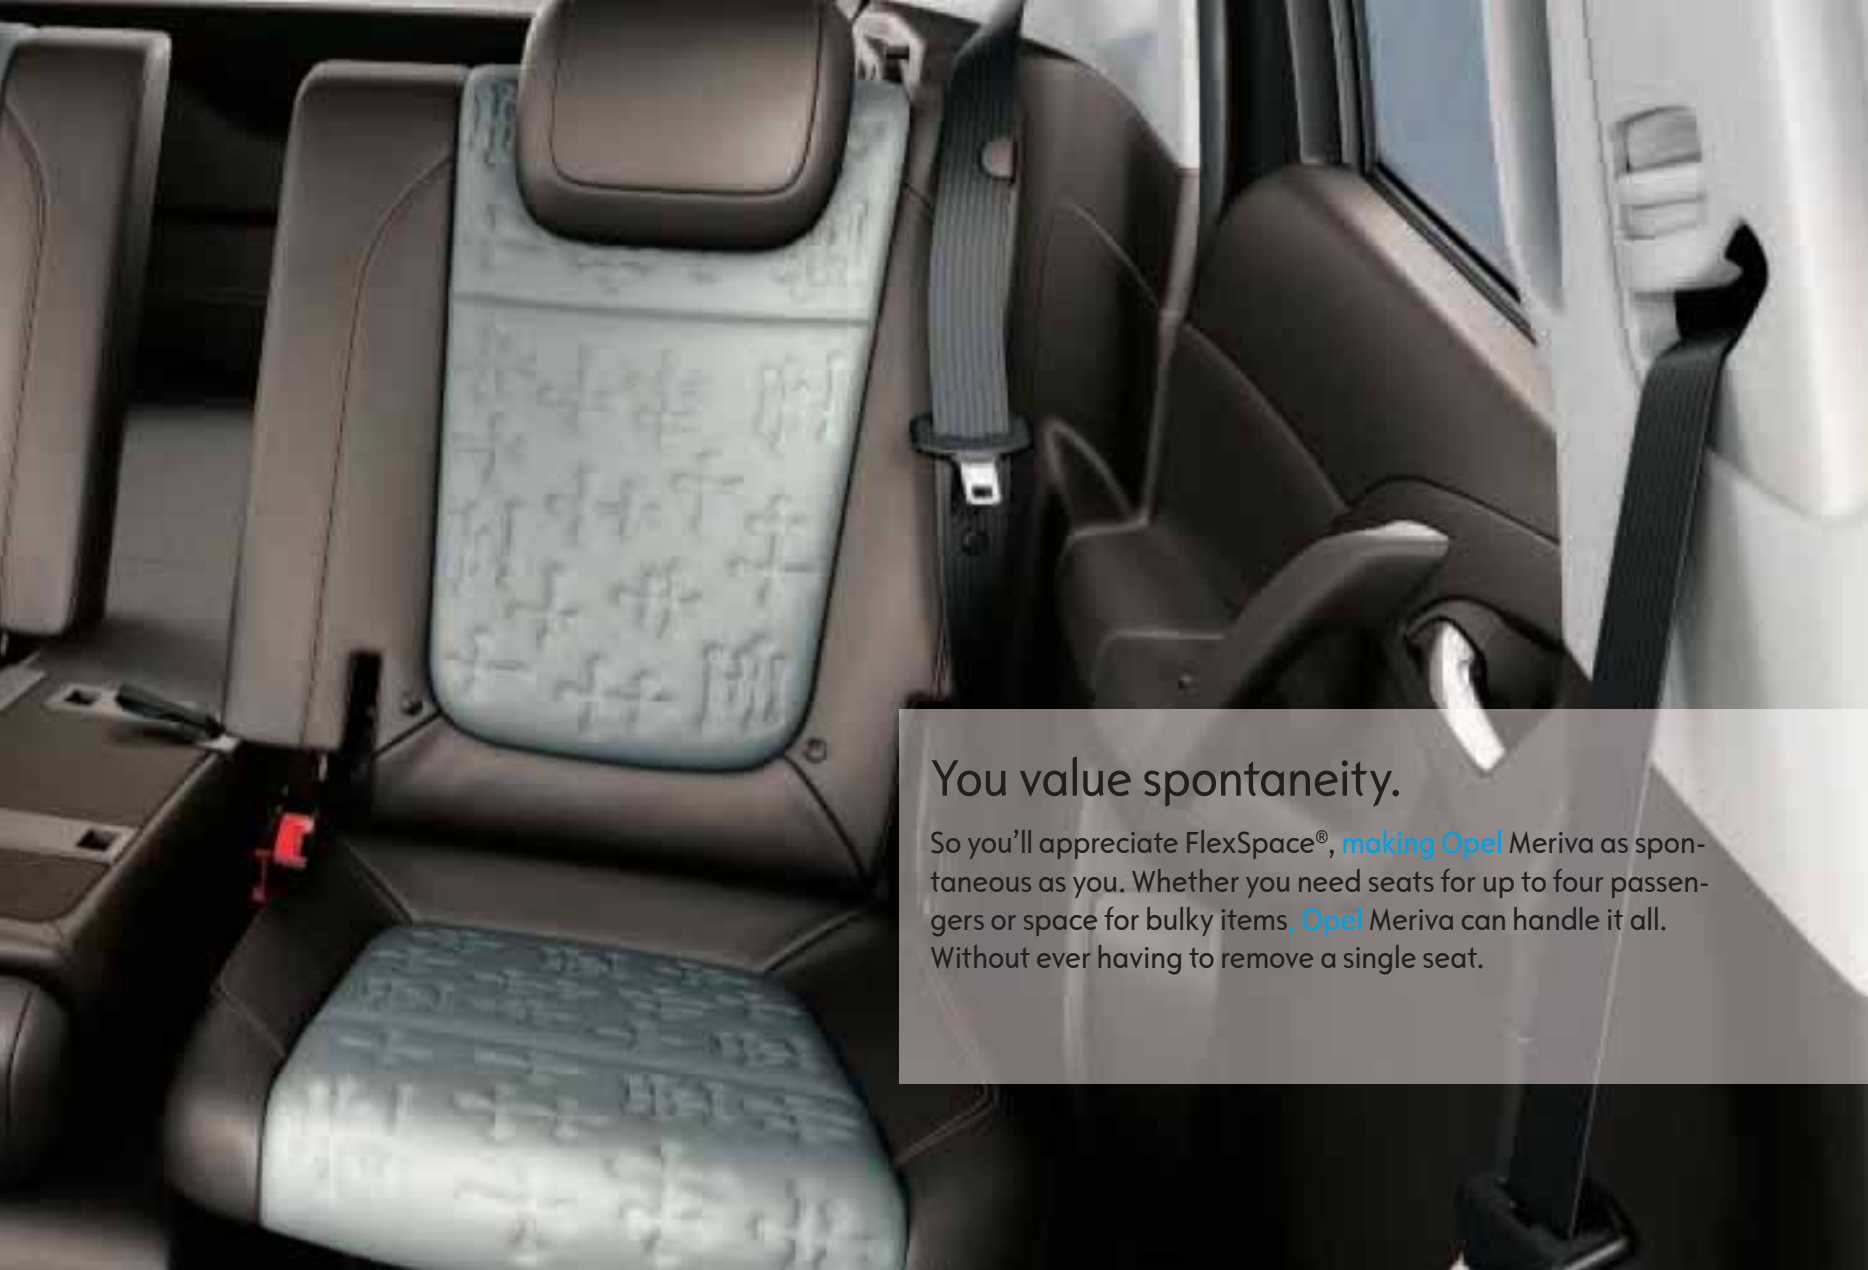

Your comfort zone.

Step through those wide opening doors and you'll find yourself surrounded by tasteful, high-quality materials and cosseted in supportive and accommodating seats.

You value spontaneity.

So you'll appreciate FlexSpace®, making Opel Meriva as spontaneous as you. Whether you need seats for up to four passengers or space for bulky items, Opel Meriva can handle it all. Without ever having to remove a single seat.

A close-up photograph of a car's interior, focusing on the front passenger seat. The seat is upholstered in a light-colored material with a prominent, embossed diamond-shaped pattern. To the right, a portion of the driver's seat and a black seatbelt buckle with a red release button are visible. The lighting is soft, highlighting the texture of the seat fabric.

Your on-board organizer.

FlexRail® is a unique versatile modular storage system located where everyone can use it – between the front seats. Its components can be endlessly rearranged to store virtually everything you need on board.

You'll enjoy every journey.

There's much more [to Opel](#) Meriva than meets the eye. Besides the outstanding versatility, you'll be able to enjoy the performance of powerful yet economical engines within the safety and control of its superbly engineered chassis.

Time to make the neighbours jealous.

Introducing the perfect balance of flexibility and style. With an alluring black roof and resulting two-tone body, the new Opel Meriva Design Edition lets its looks do the talking. Darkened rear windows, fog lamps, and sporty 18" alloy wheels make it the most attractive family all-rounder.

It's your game. Your way of life. And now, your choice.

[Opel](#) Meriva is available in three different trim versions. Each has its own character.

Opel Meriva Essentia

The very essence of Opel Meriva.

Standard features:

- FlexDoors®
- FlexSpace®
- Electric parking brake
- Power mirrors, heated, front
- Power windows, front
- Remote power for doors, tailgate, and fuel filler cap

A person wearing a blue dress is shown from the side, with their arms outstretched towards a vast, green landscape. The background features rolling hills, a line of trees, and a sky with scattered clouds. The overall mood is one of openness and connection with nature.

Embrace the future with open arms.

Embracing life means taking responsibility for it, too. So reducing pollution is a priority for us all. At Opel this means constantly working to bring down emission levels and developing new cars that are more efficient than ever before. This includes the Opel Ampera, an electric car that can drive up to 40–80 km on battery power and up to 500 km with its on-board generator. Cleaner manufacturing and scrappage points across Europe prove Opel's commitment through every phase of a vehicle's life. We all share the same world. Let's embrace it.

Badge_Ecoflex_12

Opel Meriva ecoFLEX. For some drivers the environment comes before everything else. If you share this commitment Opel Meriva offers a real choice. The Opel Meriva ecoFLEX with the 1.3 CDTI engine with 70 kW (95 hp) and Start/Stop System cuts CO₂ emissions to just 109 g/km and is the most economical and environmentally friendly way to enjoy the Opel Meriva.

Engine range. All petrol engines feature lightweight components and advanced technologies such as dual cam phasing for good performance and low consumption. The 1.4 Turbo engine with 88 kW (120 hp) is also available with a Liquefied Petroleum Gas (LPG) system, offering the additional benefits of considerably lower fuel costs and nearly doubled range.

For fans of diesel power there is a broad range of common rail diesel engines, from the frugal 1.3 CDTI versions to the 1.7 CDTI with 96 kW (130 hp) and impressive 300 Nm torque. The Start/Stop System is available for the 1.3 CDTI with 70 kW (95 hp) and the 1.7 CDTI engines with 81 kW (110 hp) and 96 kW (130 hp).

The high-mounted gear shifter enables positive, smooth shifting with the 5- and 6-speed manual transmissions, making gear changing a pleasure. A 6-speed automatic transmission is offered with the 1.7 CDTI with 74 kW (100 hp). On the road, it adapts itself to the style of the driver and the conditions, while in addition ActiveSelect® lets the driver shift manually.

me12_i02_069

Icon_StartStop_MY11

Start/Stop System. A running engine in a stationary car consumes fuel and emits CO₂ emissions. Opel's Start/Stop System automatically stops the engine when the car comes to a standstill. The engine promptly restarts as soon as the clutch is engaged.

All information was accurate and up to date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulation 2007/715/EC and regulation 2008/692/EC, taking into consideration the vehicle weight in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated consumption and CO₂ figures. In addition, it may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. The driving performance figures shown are attainable when the vehicle is empty (without driver) plus a load of 200 kilograms.

Engine data is preliminary.

Integrated safety systems. Opel's SAFETEC® synchronizes all safety systems in the Opel Meriva, including driver assistance functions, stability programmes, warning systems, and passive safety features. The result is coherent and effective protection for all on board.

Static Cornering Light. On tight bends at low speed an additional left or right reflector is switched on, throwing light into the corner at a 90° angle.

Dynamic Curve Light. Controlled via the steering angle and speed, the adaptive headlights swivel up to 15° to optimize night driving vision in curves.

Adaptive Forward Lighting (AFL). Night driving has always had the potential to generate stress. Opel Meriva's advanced halogen AFL system projects the headlamp beams into curves and provides extra side illumination when making extreme turns. The result: less stress, more safety.

logo_5awards_2010_pos.eps

Euro NCAP. The Opel Meriva has been awarded the maximum 5-star rating by Euro NCAP for its excellent safety performance.

Park Assist. Front- and rear-mounted sensors sound an acoustic warning of potential parking hazards. Selecting reverse gear automatically activates it for both forwards and rearwards parking.

Active headrests. A well-established and proven Opel safety feature, the active front headrests move forward under impact to guard against whiplash and other head and upper body injuries.

Airbags. Wrap-around protection includes front and side airbags, with curtain airbags that protect passengers in both seat rows. The passenger airbags can be switch deactivated.

Open for ideas. True to Opel's credo of creating cars that make positive contributions to our lives, every Opel Meriva embraces these unique and eminently practical innovations. Together, FlexDoors®, FlexSpace®, and ergonomic sports seats constitute the Opel Meriva Ergonomic System.

me12_i02_061

icon_FlexDoors_MY11

FlexDoors®. Access to and from the rear seats has never been easier than this. Because the rear doors are rear-hinged, they open to a much wider angle, making getting in or out – or securing children in their seats – child's play. Even for grown-ups.

icon_FlexSpace_MY11

FlexSpace®. How many seats do you need today? Five? Four? Three? Just two? And how much luggage space? In Opel Meriva the choice is yours. This easy-to-use rear seat system (standard) provides unbeatable levels of versatility – without ever having to remove a seat.

me12_i02_060

me12_i02_062

me12_i02_063

me12_t02_074

Comfort class. Opel Meriva offers standards of comfort and convenience far above the highest expectations for its class.

Icon_ErgSeat_MY11

Ergonomic sports seat. Are you sitting comfortably? If not, your driving could be as badly affected as your posture. Opel

Meriva's fully orthopaedic sports seats can be adjusted 6 ways, and have 4-way electro-pneumatic lumbar support. Available for driver and front passenger.

- 1 4-way active headrests
- 2 4-way adjustable lumbar support
- 3 Seat back recliner
- 4 Seat height adjuster
- 5 Cushion tilt control
- 6 Adjustable seat cushion extension

Icon_HSW_MY11

Heated steering wheel. Offers additional comfort by heating the steering wheel to a convenient temperature.

me12_i03_065

Electronic Climate Control (ECC). The driver and front passenger just select their ideal temperature, and the ECC automatically keeps it that way.

me11_t01_075

Electric parking brake. The electric parking brake not only saves space, it also releases automatically when you drive off, making hill starts much easier.

me115_t02_079

Heated steering wheel. Warm hands on cold starts make winter easier to bear. The steering wheel starts to feel warm after just 45 seconds.

Panorama sunroof. The sunroof stretches over both seat rows, making the whole car light and airy. It protects against too much sun with an electrical-operated sunshade.

Comfort & Convenience

mepi11_i01_522

Flex Floor. The rigid load compartment floor can be located at two different heights. The higher position provides a flat load surface at the same height as the flat folded rear seats and conceals further storage space beneath the floor. The lower position makes room for taller loads.

me11_t01_076

Also part of the Opel Meriva Ergonomic System:

Icon_FlexFix_MY11

FlexFix®. This fully integrated exterior rear carrier system, capable of safely transporting two bicycles, disappears into the rear bumper when not in use. Always there when you need it, out of sight when you don't.

me12_i02_066

Up to 32 storage possibilities. Flexibility also means there is space for almost everything in exactly the right place. Small items, 1.5 litre PET bottles, a notebook, or a handbag – all in all [the Opel Meriva](#) features up to 32 open and closed storage places.

me12_t02_092

Icon_Rail_MY11

FlexRail®. No two days are the same and there's always something else you need to have with you. So you need a safe place to put it. Located between the front seats, this variable stowage system is easy to rearrange to suit your and your passengers' needs. It could not be simpler. Or cleverer.

Comfort & Convenience

me12_i02_067

Stay informed, entertained, and in touch. Whatever unit you choose from the infotainment programme in Opel Meriva, you'll enjoy great sound, easy connectivity, and intuitive controls.

CD 300 with Triple Info Display. The CD 300 of the Opel Meriva features preselection for 3 x 6 stations, 4 x 20 W, 4 speakers, MP3 capability, and aux-in. It can be equipped with steering wheel control and Bluetooth™ Mobile Phone Portal.

CD 400 with Graphic Info Display. The CD 400 has a double tuner for optional RDS functionality, 4 x 20 W output, 7 premium speakers. Integrated Dynamic Sound Processor, MP3 capability, and aux-in are standard. Steering wheel control, Mobile Phone Portal with Bluetooth™, USB input, and DAB are optional.

Navi 600 with Color Info Display. The Navi 600 features a high-resolution 7" colour display with continuous map zooming and scrolling function. The navigation map data and point-of-interest information (POIs) is stored on an SD card, which is provided ex factory with navigation data for xxx. Beside fastest and shortest route, the most economical route can be set, also taking the vehicle parameters such as roof load and attached trailer into consideration. CD player, audio with double tuner, 4 x 20 W output, 7 premium speakers, and Dynamic Sound Processor. MP3

capability, USB, and aux-in are standard. Steering wheel control, mobile phone connection with Bluetooth™, and Digital Audio Broadcasting (DAB) are optional.

Navi 900 Europe with Color Info Display. The Navi 900 Europe has the same basic functions as the Navi 600, but comes with navigation data and a comprehensive travel guide including pictures for more than 30 European countries on an 8-GB SD card, the map can be displayed in 3-D bird's eye view for depth perception. Another highlight is the comfortable voice recognition function for navigation, phone, radio, and CD/USB controls. Additional features also include log book function for each trip with USB download, the possibility

to show individual pictures on the display, and automatic POI announcement.

Mobile Phone Portals. Three different Mobile Phone Portals are available. All offer wireless Bluetooth™ systems and optional phone-specific cradles with charging function and antenna connection or a fully integrated system with additional phone module.

me12_i02_068

USB and aux-in. Quick, convenient, and easy to use, the USB and aux-in connectors let you plug in your MP3 player, memory stick, PC, or other mobile devices.

meas11_i01_100

Phone cradles. Direct antenna coupling is a perfect way to improve the GSM signal and reduce the radiation inside your Opel Meriva. Easily connects with the mobile phone and includes charging function.

The choice is yours. Your Opel Meriva can be enhanced to meet your personal needs. All Opel accessories are designed and manufactured to the same high standards as your Opel Meriva.

meas11_e01_080

Bike carrier. Easily mounted on the towing hitch, the carrier securely transports two bicycles, with an optional extension for a third.

meas11_i01_081

Child seats. Opel offers a range of child seats for children of all ages. For ease of installation and safety the seats can be fixed with the standard ISOFIX system including Top Tether. All seats comply with the latest EU standards, including side impact protection.

meas11_i01_086

Hard cargo tray. Specially tailored for your Opel Meriva, the hard cargo tray protects the interior against dirty and also wet items.

me11_e01_087

Removable towing hitch. The high quality ball hitch is easily fixed or removed to suit your purpose. A permanent hitch is also available, both come either with or without the electrical connection harness.

meas11_i01_701

Bluetooth™ mobile hands-free kit. Voice activated, this automatically mutes the radio, using the car radio speakers for clarity. For extra convenience it also has its own call accept or stop control panel.

meas11_e01_719

Registration plate-mounted rear Park Assist. Sensors sound an acoustic warning of potential parking hazards. The park assist is automatically activated by selecting reverse gear.

meas11_e01_718

Protection foil. Help preserve the good looks of your Opel Meriva by using this clear film for the rear bumper. Protects against minor scratches during loading or unloading and can be removed without trace.

meas11_e01_720

Body side mouldings. Add an accent styling and additional protection to your Opel Meriva with this complete set of four body side mouldings. Available primed and in selected body colours.

Add your own sporty flair. Opel has created a range of purpose-designed, sporty enhancements for your Opel Meriva.

meopcl_e01_058

Make a bold statement. Opel designers created styling parts that will make [your Opel Meriva](#) stand out of the crowd. All parts in original Opel quality with full guarantee.

OPC Line Pack 1:

- OPC Line front lower skirt
- OPC Line rear lower skirt
- OPC Line side sills
- OPC Line rear roof spoiler
- OPC Line sports exhaust pipe

A woman's hair is blowing in the wind, captured in a close-up shot. The background shows a bright blue sky with soft, white clouds and the silhouette of a mountain range. The woman is wearing a pink top, and the overall scene conveys a sense of freedom and outdoor adventure.

Embracing life with **your Opel** Meriva goes beyond cars and driving. You'll find something for everyone in the range of quality styled merchandise at

www.opel-collection.com

Opel Service.

Europe-wide Customer Service.

Throughout Europe, more than 6,000 Opel repair workshops are ready to provide professional and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. More unusually, perhaps, they'll tell you exactly what's been done and why, and they will show any costs involved clearly and concisely.

Opel Roadside Assistance.

This mobility service is valid and free of charge for all new Opel vehicles during the first year after the date on which they were first registered or delivered to the customer by the distributor, depending on which date comes first. No matter where you are, the Opel Roadside Assistance is there to help. In more than 40 European countries – round the clock. Offering services such as breakdown assistance, towing services, rental car, hotel accommodation or the organization of onward transportation, e.g. via rail or air (please see programme conditions). Your distributor or authorized repairer will be happy to offer an extension at your annual service.

Financing Offers.

The GMAC Bank offers you interesting tailor-made financing models. You alone decide how you would like to pay for your vehicle, in accordance with your particular needs.

Leasing Offers.

You can also lease your Opel, for example through GMAC Leasing. Leasing terms can be adapted to fit your business requirements and capabilities. Also, Master Lease offers you a complete fleet management service from one source.

Insurance Service.

Our GMAC insurance service rounds off the Opel Service Package. We offer Opel customers all types of automotive insurance.

Opel Rent Service.

Opel Rent will keep you on the road if your vehicle is out of service.

New Vehicle Warranty.

2-year new vehicle warranty. This warranty applies to any new Opel car for a period of 24 months without any mileage restrictions, as from the day on which it was either registered for the first time or delivered to the customer by the dealer, depending on which date comes first.

Extended Vehicle Warranty.

This repair cost insurance enables you to extend the warranty on your new vehicle to a maximum of **XXX** years.

12-year Anti-Perforation Warranty.

Opel provides you with a reliable long-term warranty against perforation, provided you have your vehicle serviced and all necessary inspections performed according to the service booklet.

3-year Warranty for Opel Batteries.

With a 3-year warranty for service-installed Opel original batteries your starting problems are over – even in the coldest winter.

Parts and Accessories Service.

Opel parts and accessories are available at your local Opel Shop, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

Opel on the Internet.

Need instant information? At www.opel.com you can access a wealth of information on all Opel cars, services, and accessories. Get online for Opel news and product updates.

Recycling.

Information about Design for Recycling, Take-Back points for End of Life Vehicles (ELVs) and the recycling of ELVs can be found on the Internet page www.opel.com

In case of any questions, please ask your Opel partner. More information can be found under www.opel.com

Electronic Climate Control (ECC). The driver and front passenger just select their ideal temperature, and the ECC automatically keeps it that way.

me11_t01_075

Electric parking brake. The electric parking brake not only saves space, it also releases automatically when you drive off, making hill starts much easier.

me115_t02_079

Heated steering wheel. Warm hands on cold starts make winter easier to bear. The steering wheel starts to feel warm after just 45 seconds.

icon_HSW_MY11

Heated steering wheel. Offers additional comfort by heating the steering wheel to a convenient temperature.

Panorama sunroof. The sunroof stretches over both seat rows, making the whole car light and airy. It protects against too much sun with an electricaly operated sunshade.

Comfort & Convenience
