

Opel Vivaro

Wir leben Autos.

Opel Commercial Vehicles.

Improving your working capital.

With every year the Opel Vivaro keeps getting better and better. Now, both the 90 hp and 114 hp 2.0 CDTI engines have been further refined to meet Euro 5 emissions regulations. Standard for all engines are 6-speed gearboxes.

The purchase of a commercial vehicle represents a significant investment. Its true value can be judged by how efficiently it works for you and your business. All Opel vehicles excel to meet the demands of the operator. We go to extraordinary lengths to ensure that they also spend the maximum time where they work their hardest – on the road.

Opel Vivaro typifies this commitment. 7 days a week, 365 days a year; from the heat of summer to the depths of winter; on Europe's motorways and in city traffic, it gets your business on the move – and keeps it there.

- The smooth, aerodynamic shape helps improve engine cooling and fuel economy
- Its “Jumbo” cab roof is distinctive and also provides easy entry and exit and more head room
- Car-like comfort combined with pacesetter economy, functionality, and operating costs
- 2 roof heights, 2 wheelbases, 2 gross vehicle weights, 5 engines, panel van, double cab, combi, dropside, and floor cab
- Double rear doors or tailgate
- Comfort trim for passenger compartment in long-wheelbase version

The contents of this catalogue were accurate at the time of going to press (11/11). We reserve the right to alter specifications and equipment at any time. Please consult your Opel dealer for the very latest information.

Opel Service.

Keeping your working capital working.

Opel is committed to delivering low operating costs with maximum road time. So we provide what we believe is the best, most comprehensive service programme in the industry. The programme begins right from day one, when your Opel Vivaro is covered by a 24-month new-vehicle warranty with no mileage restrictions and an anti-perforation warranty that's valid for 12 years. By keeping your Opel Vivaro in first-class condition, Opel's service commitment not only maximizes its road time, it will also help protect its long-term resale value.

Europe-wide Customer Service

Throughout Europe, more than 6,000 Opel repair workshops, including over 2,000 specialized commercial vehicle service centres, are ready to provide professional and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. More unusually, perhaps, they'll tell you exactly what's been done and why, and they will show any costs involved clearly and concisely.

OPEL RoadPlus:

Maximum Uptime

Your vehicle will be immediately diagnosed without appointment should you need to visit one of our Opel commercial vehicle repair workshops. Smaller repairs are done while you wait and standard wear-and-tear parts will be replaced within a day. Should the repair take more than 3 hours, an alternative transport solution will be made available to you free of charge within the first 3 years of ownership of your new vehicle.

Opel Roadside Assistance. This mobility service is valid and free of charge for all new Opel vehicles during the first year after the date on which they were first registered or delivered to the customer by the distributor, depending on which date comes first. No matter where you are, the Opel Roadside Assistance is there to help. In more than 40 European countries – round the clock. Offering services such as breakdown assistance, towing services, rental car, hotel accommodation, or the organization of onward transportation, e.g. via rail or air (please see programme conditions). Your distributor or authorized repairer will be happy to offer an extension at your annual service.

Opel Vivaro Panel Van.

Standard height roof models offer a choice of double rear doors that open to 90°, 180°, or 250° (optional), or a high-lift tailgate. A sliding side door is standard, with an optional second door also available.

The loading area is one of the widest in its class; combined with the very low loading sill this means pallets, cartons, crates, and bulk merchandise can simply be slid into place through the rear or side doors. High roof models have full-height double rear doors and a choice of side loading door configurations.

Opel Vivaro's load area incorporates many unique features: for occupant safety and cargo security, Opel Vivaro has 8 or 10 load anchoring points (conforming to DIN 75410), depending on wheelbase, and a full-height glazed or unglazed bulkhead.

Optional load area features include Opel's FlexFix® system that straps cargo to the side panels, protective sideliners, and a tough, resin-coated wooden load floor.

- Normal or long wheelbase
- Normal or high roof
- Double rear doors or tailgate
- Second sliding side door available
- Full-height bulkhead

Opel Vivaro Double Cab.

The Opel Vivaro Double Cab offers the ideal configurations for safe, economical transportation of people or cargo. 6 people can be carried, leaving a load space of up to 3.8 m³, or 3.5 m³ in the Comfort version. A standard Euro Pallet can be accommodated. The crew enjoy car-like comfort and safety in two seating rows (with side sliding door, adjustable headrests, and 3-point seat belts as standard) and, on the other side of the full-height glazed bulkhead, materials are carried efficiently and securely. The Comfort version provides extra legroom and a more comfortable backrest angle for the second row passengers. Cargo security is ensured by load anchoring points and can be enhanced by optional features including wooden floor and side liners. Carrying efficiency can also be augmented with internal and roof-mounted racking systems.

- Up to 3.8 m³ load space
- Up to 6 seats
- Second sliding door available
- Normal or long wheelbase
- Comfort (pictured) and Base versions

Opel Vivaro Combi.

This stylish passenger transporter provides pleasant and comfortable travel for up to 9 people and their luggage, with 3 seating rows.¹ The wide sliding door and low step-up allow easy access to the bright, spacious cabin, with its standard full panoramic glazing offering all-round visibility. Sound insulation panelling and upholstery ensure low noise levels.

Opel Vivaro's versatility will satisfy all requirements – its flexible passenger and load capacity ensures optimum functionality and the seating configuration can be modified without tools in minutes.

At the front, a multi-adjustable seat puts Combi's driver at ease. Behind the front seats there is room for 6 more passengers plus a useful 2.2 m³ load area in the long wheel base version.

For easy access to the rear seats, the backrests of the outer middle row bench can be folded forward. If more space is required, the 3rd row bench can be folded or removed, giving up to 3.1 m³ (short wheel base) or 4.1 m³ (long wheel base) of luggage space.

Removing the 2nd row bench gives a maximum load volume of 5.0 m³ (short wheel base) or 5.9 m³ (long wheel base).

An optional safety net fixes behind the front seats or seat benches to protect passengers from loose objects in the load compartment.

- 9 seats
- 2nd and 3rd row seats removable
- Variable load space
- Normal or long wheelbase
- Second sliding door available
- Comfort trim for passenger compartment in long-wheelbase version

¹ Concerning the safe carriage of children and the fitting of child seats, please contact your sales consultant.

Opel Vivaro Dropside.

The Opel Vivaro Dropside has a very practical uninterrupted 5.5 m² of completely flat load area and lightweight anodized aluminium dropsides and tailboard. It is also available with several lockable underfloor storage compartments. These provide an additional 920 litres of easily accessible, and secure, load space. The compartments on each side of the vehicle are perfect for tools and equipment, while the 2,860 mm deep rear box is ideal for keeping longer items like ladders more secure and safer in transport.

- Steel cab protection with crossbar ladder gantry
- 8 load restraint lashing eyes, 6 in load floor, 2 on cab protection
- 5 lockable underfloor storage compartments
- 5.5 m² load area

▶ **Opel Vivaro Panel Van.** Available in two heights and two wheelbases. It's easy to get the right van for the job.

Opel Vivaro's model diversity makes it an indispensable partner for a wide range of operational needs. Its modular choice of vehicles, including panel and crew vans, combis, and floor cabs ensure absolute configuration and payload requirements; even when you need a specialized conversion, Opel Vivaro provides the ideal base. Further information on technical specification is available in the separate Technical Information Data leaflet. Your Opel Commercial Vehicles Centre will be pleased to advise you on any aspect of your purchase.

Opel Vivaro. Engines.

Hard-working, but refined. Powerful, but fuel-efficient. The state-of-the-art engines and standard 6-speed transmission of the Opel Vivaro keep your working capital working.

▶ **6-speed manual transmission.** The standard 6-speed reduces fuel consumption and minimizes interior noise and is ergonomically perfectly positioned in the middle console.

◀ **6-speed automatic transmission with Easytronic®.** Even more comfort, less consumption: the Easytronic® function allows for manual gearshifts at any time. Optional with the 84 kW (114 hp) 2.0 CDTI.

To ensure maximum performance and economy in a demanding commercial environment, every power unit in Opel Vivaro's range of diesel engines delivers an outstanding combination of fuel efficiency, durability, and driveability. Diesel Particle Filter (DPF) is standard with all engines.

The diesel engines feature the latest common rail technology, delivering significant benefits: lower fuel consumption, greater torque at low revs for improved performance and extended engine life, and reduced noise and emissions levels.

And if you vote for the ecoFLEX versions, both you and the environment profit from even lower consumption.

A 6-speed manual gearbox is standard on every Opel Vivaro.

Opel's Easytronic®, an advanced transmission combining the ease of an automatic with the economy of a manual, is optionally available with the 84 kW (114 hp) 2.0 CDTI.

¹ In acc. with regulation R (EC) No. 715/2007 (in the version respectively applicable).

All information was accurate and up to date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. Fuel consumption data and CO₂ emission data are determined according to regulation R (EC) No. 715/2007 (in the version respectively applicable). The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle variants. Additional equipment may increase the kerb weight of the vehicle and impact the payload. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.

Opel Vivaro. Safety.

On high roads or back alleys, at high speed or stuck in traffic, Opel Vivaro is taking care of you and your loads all the way. It's safety at work.

Opel Vivaro's comprehensive package of active and passive safety features include power-assisted steering, ABS with Brake Assist and all-round disc brakes (front: ventilated) as standard. Opel's optional Electronic Stability Program (ESP^{®Plus}) provides control intervention on up to 3 wheels and controls excess body movement caused by sudden changes of direction.

◀ **Airbag options.** A full-size driver's airbag is standard. Passenger airbag, side airbags and curtain airbags can also be ordered.

- ⓐ With Brake Assist
- ⓑ Without Brake Assist

- ⓐ With ESP^{®Plus}
- ⓑ Without ESP^{®Plus}

▶ **Bulkhead choice.** Several versions of bulkheads are offered. The meshed bulkheads (both are offered as options) protect the driver and the passenger, while still allowing access to the load area.

▶ **Park Pilot, rear.** The Park Pilot (offered as option) uses rear-mounted sensors to sound an acoustic warning of potential reversing parking hazards.

◀ **Twin lens mirror.** Twin lens split-view exterior door mirrors simplify parking and overtaking.

◀ **Bulkhead with window.** Rear window in driver's cabin bulkhead (offered as option) allows the driver to keep an eye on the load area.

Opel Vivaro. Interior & Comfort.

A great place to do business. Opel Vivaro's superbly practical and comfortable cab keeps you on time, on target, and on the road.

▼ **Cupholder.** A refreshing drink is always easy at hand thanks to the driver-dedicated cupholder.

▼ **Cruise control.** With steering wheel controls to select and maintain a constant speed, or fix a temporary speed limit, for more relaxed long-distance driving.

Opel Vivaro's dynamic exterior styling is complemented by a comfortable, practical interior and its cab provides an excellent working environment. Entry and exit is made easy by the dashboard-mounted gear shift that also allows unobstructed cab walk-across. Specially designed seats adjustable for height, reach, and rake; an adjustable steering column; precise power steering; smooth gear changing and clutch control make van driving a surprisingly enjoyable experience. A two-seat passenger bench is standard, while the single passenger seat is optional. Exceptional storage facilities include an illuminated glove box, extra large door pockets, and 9 other compartments. Option features include a single co-driver's seat with inboard armrest, Automatic Lighting Control (ALC) and rain sensor, Park Pilot, alloy wheels, Matt Chrome interior décor, and body-coloured bumpers and side mouldings.

◀ **Glove box.** In addition to the open storage above, the glove box with lockable lid holds items that should not be on display.

▶ **Drawer under passenger seat.** Most drivers agree that you can never have too much storage space. The under seat tray (an Opel accessory) is ideal for maps, documents, or even journey snacks.

▶ **Door pockets, front.** Capacious front door pockets can take a large drink bottle, plus any notepads etc., which the driver and front passengers choose to take.

Opel Vivaro. Options.

For the Opel Vivaro operator who thought he had everything: here's more!
A range of practical and convenient options to enhance your choice of Opel Vivaro.

 **Automatic Lighting/Wiping Control.** Automatic lighting and wiping control takes the stress out of changing light and weather conditions. It activates the lights and the wipers and regulates the wiper speed automatically.

 **Selective Door Locking.** Ideal for those who must make deliveries in busy areas. It allows the sliding side door and rear doors to be unlocked independently of the cabin doors for loading or unloading (rear doors only on Combi).

Second battery. Located under the front passenger seat, the second battery is recommended in combination with additional heating and air-conditioning systems.

◀ **Full load area protection.** Full-length wooden side panels, exactly tailored to the Opel Vivaro ensure all-round protection in the load area.

▶ **Plywood floor.** A sturdy purpose-made plywood floor is available to protect both the Opel Vivaro and the load.

▶ **Rubber floor.** The practical rubber-coated MDF load floor protection helps keep everything exactly where it should be, while also helping to protect loads.

▼ **FlexFix® system.** Optional FlexFix® system secures cargo to the side panels.

▶ **250° opening for rear doors.** Rear doors that open 250 degrees and can be fastened against the sides, speed and ease loading and unloading while minimizing the chances of roadside damage.

▶ **Sliding windows.** Increase the comfort level for rear passengers.

▶ **Timer.** With the timer and the optional remote control you can upgrade the additional boiler to a fully-fledged independent parking heater.

▼ **Rear air conditioning.** The rear air conditioning for the Opel Vivaro Combi features optimized rear outlets, which rapidly increases cabin cooling.

▼ **Rear heating system.** The rear heating system consists of a heat exchanger and fan. It can be independently controlled by the rear passengers. Optionally, an additional boiler can be ordered, to provide a more rapid warming of the vehicle.

▲ **Comfort for 9 passengers.** The long-wheelbase Opel Vivaro Combi has full-length interior trim, 9 seats, plenty of luggage space, and a standard luggage compartment cover.

▲ **Sliding door, driver side.** In combination with the optional right-side sliding door, the backrest of the outer right 2nd-row seat can be folded forward to ease access to the 3rd seat row.

◀ **Safety net.** Provides secure protection against load intrusion from the cargo compartment.

◀ **Sturdy rear luggage cover.** Enhances load space security and can take 50 kg of additional baggage (shown in Opel Vivaro Tour).

▶ **Load retaining walls.** The Opel Vivaro Dropside offers a completely unobstructed load area. The side and rear load retaining walls drop vertically.

◀ **Rear cabin protection.** Rear cabin protection for the Opel Vivaro also has practical ladder restraining pillars at each side.

▶ **Towing hitch.** The optional towing hitch adds even more load versatility to the Opel Vivaro Dropside, it comes with 13 pin adapter.

▶ **Underfloor storage.** Capacious, lockable, fitted tool boxes further increase the secure carrying capability of the Opel Vivaro Dropside (option).

Opel Vivaro. Infotainment.

Music (or traffic information, or navigation, or communication) while you work.
With the safety and convenience of remote control.

 **Integrated mobile phone cradle.** Available for most of the current mobile phones. The system consists of the pre-installation kit with microphone, combined antenna, and wire harness, plus car-specific console. Factory-installed preparation is necessary.

 **CD 30 BT Navi.** Clear, attractive graphics show the full range of routing information in either day or night modes, including distance, current speed limit, RDS-EON route delay information, and estimated arrival time. There is also a choice between bird's eye view and direct overhead view. Maps cover 26 European countries. The system is operated via remote control and can be updated over the Internet. Audio specifications in accordance with CD 30 BT. The navigation system also features TomTom's LIVE service package, with support for HD traffic, Google Local Search, and weather forecasts. A 3-month trial subscription is included (features vary by market).

R 10. Tuner with integrated display, which also displays the time. With RDS EON, aux-in, and 4 x 15 W.

CD 10. CD/MP3 player, tuner with RDS EON, aux-in, integrated display, steering column controls, and 4 x 15 W.

CD 20. CD/MP3 player, tuner with RDS EON, aux-in, external display, steering column controls, and 4 x 15 W.

◀ **Board computer.** The board computer delivers useful information, such as elapsed journey distance and time, fuel consumption, and range.

◀ **CD 30 BT.** CD/MP3 player, tuner, aux-in, Bluetooth™ connectivity, monochrome display, steering column controls, 4 x 20 W, and optional USB connection.

▶ **Steering column radio controls.** Optional with R 10 and standard with the other infotainment systems, for safe and convenient control.

▼ **Digital tachograph.** The tachograph offered for the Opel Vivaro is easy to manage, meets the legal requirements, and provides excellent data security. It reliably computes driving and rest time.

▶ **Auxiliary input (aux-in) and USB connection.** All Opel Vivaro infotainment systems feature auxiliary input jacks. The optional USB connection allows MP3 player control from the steering column.

▶ **Navi remote control.** The navigation system can be conveniently programmed by driver or co-driver via a mobile unit that has its fixed place above the infotainment system.

Opel Vivaro. Accessories.

Extend and protect your working capacity. Choose from a wide range of purpose-designed, purpose-built accessories.

▶ **Base carrier.** The tough and secure base roof carrier shown here with roof rack, ladder clamp, loading bars, and load stop, takes care of long or awkward loads. Like all Opel accessories it is built to take the strain of real working life.

▶ **Roof carrier.** Not only do the roof carrier rollers speed loading, they minimize the effort involved and help you position loads exactly where you want them.

▶ **Steel mesh window.** In addition to protecting the rear door windows, steel mesh window grilles are a powerful theft deterrent.

▶ **Roof carrier ladder.** Made from robust tubular steel, the roof carrier ladder eases roof loading and unloading. Available for both tailgate and swing doors.

▶ **Towing hitches.** A choice of towing hitches offers both the detachable tow ball or the alternative of the jaw and pin coupling for the flange tow bar.

Opel Vivaro. Accessories.

Protecting your investment has never been easier. Accessories that look after you and your Opel Vivaro.

▼ **Seat covers.** Tough conditions can quickly ruin upholstery. Opel offers a range of hard wearing, water resistant, and good looking seat covers, tailored to fit your Opel Vivaro.

▶ **Professional hands-free kit.** For vehicles without telephone preinstallation. Tested for interference-free operation of other vehicle electronics. Improved voice transmission and reception in conjunction with adhesive window antenna.

▼ **Floor mats.** Opel tailored floor mats protect and look good. Available in hard wearing, practical rubber, and double rib carpet, the mats are simple to fit, stable, and secure. Like the Opel Vivaro, they are made to last.

▼ **Park Pilot.** The retrofittable Park Pilot uses two rear sensors to sound an acoustic warning of potential parking hazards.

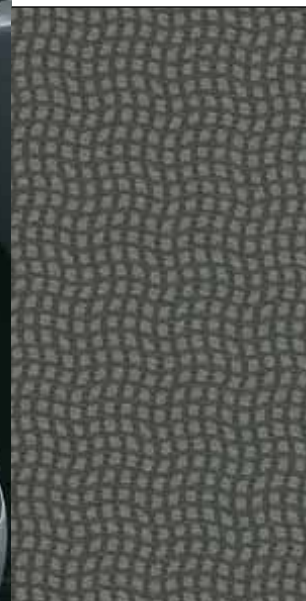

Opel Vivaro. Trims, Wheels & Colours.

Decisions, decisions! Mix and match with your choice of wheels, wheel trims, fabrics, and colours.

 **Punch Charcoal**

 **Vinyl (optional)**

 **Steel wheel incl. full-size wheel cover, 6 J x 16, 5-spoke design (QP9)**

 **Alloy wheel, 6 J x 16, 5-spoke design (PG0)**

 **Alloy wheel, 6 J x 16, 5-spoke design (QE0)**

Opel Service.

Europe-wide Customer Service.

More than 6,000 Opel repair workshops including over 2,000 commercial vehicle specialized service centres throughout Europe are prepared to provide individual, professional, and punctual service. Good service also includes explaining to you in detail what has been repaired and why, and where this is shown on the invoice.

OPEL RoadPlus.

Maximum uptime.

Your vehicle will be immediately diagnosed without appointment should you need to visit one of our Opel commercial vehicle repair workshops. Smaller repairs are done while you wait and standard wear-and-tear parts will be replaced within a day. Should the repair take more than 3 hours, an alternative transport solution shall be made available to you free of charge within the first 3 years of ownership of your new vehicle.

Customer Information Centre.

Your Opel partner is at your service for all questions and special requests. For any additional information on your van, you may also contact our Opel Customer Information Centre, tel. (add: local number).

Opel Roadside Assistance.

This mobility service is valid and free of charge for all new Opel vehicles during the first year after the date on which they were first registered or delivered to the customer by the distributor, depending on which date comes first. No matter where you are, the Opel Roadside Assistance is there to help. In more than 40 European countries – round the clock. Offering services such as breakdown assistance, towing services, rental car, hotel accommodation, or the organization of onward transportation, e.g. via rail or air (please see programme conditions). Your distributor or authorized repairer will be happy to offer an extension at your annual service.

Financing Offers.

The GMAC Bank offers you interesting tailor-made financing models. You alone decide how you would like to pay for your vehicle, in accordance with your particular needs.

Leasing Offers.

You can also lease your Opel, e.g. through GMAC Leasing. Leasing terms can be adapted to fit your business requirements and capabilities. Also, Master Lease offers you a complete fleet management service from one source.

Insurance Service.

Our GMAC insurance service rounds off the Opel service package. We offer Opel customers all types of automotive insurance.

Opel Rent Service.

Opel Rent will keep you on the road if your vehicle is out of service.

New Vehicle Warranty.

This warranty applies to all new Opel commercial vehicles for a period of 24 months without any mileage restrictions, as from the day on which it was either registered for the first time or delivered to the customer by the Opel partner, depending on which date comes first.

Extended Vehicle Warranty.

This repair cost insurance enables you to extend the warranty on your new vehicle to a maximum of **xx years**.

Up to 12 year Anti-Perforation Warranty.

Opel provides you with a reliable long-term warranty against perforation according to the warranty conditions as described in the service booklet.

Parts and Accessories.

All items necessary to maintain your vehicle in perfect condition and to individualize it for your private and business needs are available at your Opel partner.

Recycling.

Information about Design for Recycling, Take-Back points for End of Life Vehicles (ELVs), and the recycling of ELVs can be found on the Internet at www.opel.com

In case of any questions, please ask your Opel partner. More information can be found under www.opel.com
