

Opel Zafira

Wir leben Autos.

OPEL ZAFIRA.

And you're ready for anything. The unique Flex7[®] seating system in Opel Zafira means there's all the built-in versatility and comfort that a family could wish for. Discover a synthesis of bold, dynamic design, ingenious versatility, and an exciting driving experience.

The contents of this catalogue were accurate at the time of going to press (04/2011). We reserve the right to alter specifications and equipment at any time. Please consult your Opel dealer for the very latest information.

ALWAYS CRUISE IN STYLE.

Travelling in style and in comfort – that is what Opel Zafira is all about. Life with Opel Zafira just keeps getting better.

MAKE EVERY JOURNEY MEMORABLE.

Opel's Interactive Driving System (IDS) provides Opel Zafira with truly impressive on-road capabilities, irrespective of the engine you choose. So it's good to know that the potential for driving fun can be enjoyed even while producing cleaner emissions in the Opel Zafira ecoFLEX.

The image shows the interior of a car, specifically the rear passenger area, with both the left and right rear doors open. The seats are upholstered in a dark grey or black material. Through the open doors, a bright green field hockey field is visible. Several children in red and blue uniforms are playing field hockey. A blue ball is on the grass in the center. The scene is set outdoors on a sunny day.

LET'S MAKE ROOM FOR THE CHAMPIONS.

Winners like to celebrate – and never alone! Need more load space? More seats? Thanks to the unique Flex7[®] seating system you'll always be able to adapt Opel Zafira's interior to suit your needs, without ever having to remove a single seat.

NEVER CHANGE A WINNING TEAM.

Life is full of surprises. With the Flex7® seating system in Opel Zafira you can easily rearrange the seats and load space to suit any situation – expected or unexpected.

LET'S GET MOVING!

No destination too far. No adventure too ambitious. Purpose-built Opel accessories turn your Opel Zafira into a perfect platform for all kinds of expeditions. See a selection on [page 32-33](#).

Opel Zafira Enjoy

Space, flexibility, comfort, fun to drive, and good to look at. From its innovative Flex7[®] seating to reassuring levels of safety and security, the Opel Zafira Enjoy more than fulfils your driving requirements – it is a car you'll love to spend quality time with.

Standard equipment is:

- Heated and powered outside mirrors, front and rear bumpers, side protection mouldings, and door handles in body colour
- Solar Protect[®], dark tinted side and rear windows
- Dark headlamps
- 16" steel wheels
- Centre console, décor mouldings and steering wheel caps in Matt Chrome
- Instruments with chrome rings
- Light Pack
- Power door lock with remote control
- ABS
- Tyre repair kit
- Driver's and passenger front and side airbags
- Smart seat-belt reminder (driver only)
- ISOFIX preinstallation on outer rear seats with Top Tether Kit
- Seat height adjuster, driver
- Power windows, front
- Power outlets, front, 2nd seat row and boot
- Pockets on front seat backs
- Load compartment cover

RESPECT FOR OUR WORLD.

We all share the same world, so every one of us has a responsibility to look after it. At Opel not only are we reducing greenhouse gases by constantly improving our current models, we are also working on a whole range of cleaner, more efficient alternative power sources. Currently, for example, we are heading towards zero emissions with advanced fuel cell technology. But in fact our commitment to preserving and protecting the environment goes well beyond that; we have drastically reduced manufacturing pollution and provide accessible take-back locations across Europe. That way we reflect our respect in every phase of every vehicle's life cycle.

Because your world is our world, too.

For outstanding economy and eco friendliness, please see our ecoFLEX offer under "Engines".

ecoFLEX

 A close-up photograph of the Opel ecoFLEX badge on a silver car's rear bumper. The badge features the word 'eco' in a stylized, rounded font and 'FLEX' in a more angular, blocky font, both in a metallic finish.

ecoFLEX. Almost no other conversational theme is currently as dominant as climate change and environmental protection. As a responsible car manufacturer we are fully aware of these issues and it is our aim to tackle them constructively. In fact, we have concentrated our combined corporate energy on making our environmental strategy reality, one that you can buy under the name of ecoFLEX. Behind this name lies a multitude of measures to enable every driver to enjoy his individual mobility while actively helping to protect the environment.

ecoFLEX with petrol or diesel. The petrol- and diesel-powered ecoFLEX models in the Opel Zafira range are optimized for minimum fuel consumption and emissions. All engines comply with Euro 5 regulations and are specially calibrated for high efficiency. The result is an average fuel consumption of 6.7 l/100 km and 157 g/km CO₂ for the 1.6 ECOTEC® and 5.1 l/100 km and 134 g/km CO₂ for the 1.7 CDTI ECOTEC® engines.

ecoFLEX with CNG. Power from compressed natural gas (CNG) is the perfect eco-friendly way to cut fuel costs without compromising on safety and functionality. In fact it can reduce harmful emissions by up to 80 %. The 1.6 CNG Turbo ECOTEC® engine of the Opel Zafira has been specially optimized to reduce emissions, but still deliver the kind of smooth performance you demand. In addition to the 21 kg CNG tanks, a 14 litre petrol tank means that you stay mobile when the next CNG filling station is not immediately within reach, or that you can depend upon a really exceptional range.

Fuel consumption				
Engines	Petrol	Diesel	Diesel	CNG
	1.6 ECOTEC® (85 kW/115 hp)	1.7 CDTI ECOTEC® (81 kW/110 hp)	1.7 CDTI ECOTEC® (92 kW/125 hp)	1.6 CNG Turbo ECOTEC® (110 kW/150 hp)
Emission standard	Euro 5	Euro 5	Euro 5	Euro 5
Transmission	MT-5	MT-6	MT-6	MT-6
Urban ¹	8.7	6.1	6.1	10.8 (7.1) ²
Extra-urban ¹	5.5	4.5	4.5	6.0 (3.9) ²
Combined ¹	6.7	5.1	5.1	7.7 (5.1) ²
CO ₂ emission in g/km	157	134	134	139

¹ In l/100 km in acc. with 2007/715/EC and 2008/692/EC. ² H gas in m³/100 km (kg/100 km).
MT-5 = 5-speed manual transmission MT-6 = 6-speed manual transmission

Engines and transmissions. Five smooth, refined and reflexive, Euro 5 compliant ECOTEC® engines give a wide range of power choices for the Opel Zafira. All have state-of-the-art engine management systems that respond instantly to your input. Four-valve twin cam technology is complemented by dual cam phasing with constantly variable valve timing (CVVT). This means that the combustion is always perfectly matched to the demands of the engine, efficiently delivering the power in a smoother, more impressive way.

The two 1.7 CDTI ECOTEC® turbo diesel options have variable geometry turbochargers and low voltage glow plugs that speed warm-up and cut fuel consumption. Like the 1.6 CNG Turbo ECOTEC®, they transmit the power through the advanced Opel 6-speed manual gearbox. The 1.6 and 1.8 litre ECOTEC® petrol engines both come equipped with the precise, easy-changing 5-speed manual transmission.

Fuel consumption	
Engines	Petrol 1.8 ECOTEC® (103 kW/140 hp)
Emission standard	Euro 5
Transmission	MT-5
Urban ¹	9.6
Extra-urban ¹	5.7
Combined ¹	7.2
CO ₂ emission in g/km	168

¹ In l/100 km in acc. with 2007/715/EC and 2008/692/EC.

MT-5 = 5-speed manual transmission

ⓘ All information was accurate and up to date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulation 2007/715/EC and regulation 2008/692/EC, taking into consideration the vehicle weight in running order, as specified by the regulation. Additional equipment may lead to slightly higher results than the stated consumption and CO₂ figures. In addition, it may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. The driving performance figures shown are attainable when the vehicle is empty (without driver) plus a load of 200 kilograms.

ⓘ **1.6 CNG Turbo ECOTEC®.** With 110 kW (150 hp) and a top speed of 200 km/h the 1.6 CNG Turbo ECOTEC® is a great performer. 21 kg CNG plus 14 litres of petrol give a range of up to nearly 500 km when fully tanked.

▲ **5-Star Euro NCAP rating.** Opel SAFETEC® system begins with a 5-star rated rigid passenger protection structure. This has been computer designed and physically tested to ensure the least possible deformation and largest possible protection space in the event of serious impact from front, rear or sides. To this are added the active safety elements which include **Brake Assist**, IDS, ABS with Cornering Brake Control (CBC), active head restraints, Pedal Release System (PRS), front and **side** airbags for driver and **front passenger**, automatic hazard brake flashers, etc.

▼ **Airbag system.** Full-size front and side airbags protect the driver and front passenger. Curtain airbags to protect all the occupants and a front passenger airbag detection system with sensor-equipped child seat recognition are optionally available.

▶ **Bi-Xenon Adaptive Forward Lighting (AFL).** By reacting to your speed and steering input, the optional Adaptive Forward Lighting swivels to make night driving safer and more relaxed by providing extra curve illumination.

▶ **ABS brakes with Cornering Brake Control (CBC).** For extra control the anti-lock brakes of Opel Zafira also feature CBC to keep the car firmly under control when braking in cornering situations.

▼ **Electronic Stability Program Plus (ESP^{®Plus}).** With controlled brake intervention on up to 3 wheels the optional ESP^{®Plus} counteracts even extreme understeer (such as sudden avoidance movements) to maintain overall control.

▶ **Brake Assist.** When braking in an emergency an extra valve in the braking system adds extra pressure for safer stopping performance. When ABS is activated, brake lights flash in short intervals to warn the following traffic.

▼ **Flex7® seating system.** As much space or as many seats as you need organized quickly, simply, and with minimal effort. The Flex7® system means real flexibility and convenience, for instance you can fold one or both of the 3rd-row seats into the floor. With 60 : 40 folding 2nd-row seats the load-through or extra-space possibilities are even further expanded. Here you have the choice of simply folding the backrests forward or doubly folding the seats against the front row. In fact you can alter the seating configuration from 2 to 7 seats in just 15 seconds.

With the rear seat row folded the luggage compartment offers generous 645 litres capacity. With both rear seat rows folded this grows to a cavernous 1,820 litres.

And if you have transport needs that exceed the Opel Zafira capacities: the permissible roof load of 100 kg allows the Opel roof carrier systems to provide more reserves.

▼ Space and comfort for seven.

▼ Split-folding rear seats increase the load flexibility.

◀ **FlexOrganizer®.** Whatever you've got in mind, the Opel Zafira, with its host of ingenious stowage possibilities, has a place for it. The FlexOrganizer® system – a range of purpose-built dividers, nets and storage containers can be fixed to the side-mounted rails – designing your own load space becomes child's play. Also, as it is modular and available as accessories, it can be bought as needed to cope with any new demand that may arise. And FlexOrganizer® also protects both your Opel Zafira and whatever you are carrying.

▼ Folding both rear seats gives 645 litres of luggage space.

▼ In 2-seat configuration a massive 1,820 litres of space is available.

▶ **Automatic Air Conditioning (AAC).**

Sensors monitor the interior temperature of the Opel Zafira and a sun sensor monitors the exterior heat. The fan is then automatically controlled to maintain a pre-set comfortable interior temperature.

▶ **Electronic Climate Control (ECC).**

Electronic Climate Control is fully automatic and individually adjustable and incorporates a sun load sensor to ensure constant climate comfort under all conditions.

▶ **Power windows and mirrors.**

Conveniently located in the driver's door the power windows feature one-touch up/down and safety stop functionality.

▲ **Park Pilot.** Front and rear-mounted sensors activate an acoustic warning of potential parking hazards. The system can be switched off by a push button.

▶ **Tilt and telescope steering wheel.** In addition to the ergonomically high mounted gear shift, the Opel Zafira adds extra driver comfort with a reach and height-adjustable steering wheel for the perfect, relaxed driving position.

Integrated infotainment. Opel's infotainment systems look every bit as good as they sound. Opel systems are designed and built to be fully integrated into the vehicle's interior – and to be as efficient and easy-to-use as every other aspect of your Opel Zafira.

CD 30. Stereo CD radio, preselection for 4 x 9 stations, 4 x 20 W, 6 speakers. Display via Board Info Display or Graphic Info Display if equipped with Mobile Phone Portal or Electronic Climate Control.

CD 30 MP3. Stereo CD radio with MP3 playback and aux-in as standard. Preselection for 4 x 9 stations, 4 x 20 W, 7 speakers. Display via Board Info Display or Graphic Info Display if equipped with Mobile Phone Portal or Electronic Climate Control.

CDC 40 Opera. Specially developed for demanding music lovers. With 7-band graphic equalizer and Digital Sound Processor for fine tuning of the acoustic pattern. Total amplification power of 150 W and 7 premium speakers provide powerful, clear playback. The integrated CD player with a capacity of 6 CDs with convenient single slot can play back MP3. Steering wheel control and Graphic Info Display are standard.

Touch & Connect. Multimedia navigation system with 5" touch-screen display and steering wheel control for easy, intuitive operation. The navigation data for 28 European countries is stored on an SD card and shown in 2-D or 3-D bird's eye view. TMC messages about traffic jams and diversions are automatically displayed and can be included in the route planning at any time for dynamic navigation. Integrated CD player with MP3 playback, audio with 4 x 20 W, and 7 premium speakers. Universally connectable via aux-in, USB with full control and browsing capability and Bluetooth™ for hands-free calling and audio streaming with track information on display.

Steering wheel with remote audio controls. For increased comfort, convenience and safety, the full range of infotainment and communications can be controlled without taking the hands from the wheel or eyes from the road.

▶ **Auxiliary input (aux-in).** Mounted on the centre console, the aux-in allows the immediate connection of all mobile devices with a headphone jack, e.g. MP3 player.

◀ **Mobile Phone Portal.** The Opel Zafira can be pre-equipped for most mobile phones, including hands-free operation. A universal console with phone-specific adapter holds the phone and, from CD 30 upwards, it can be operated via the infotainment system steering wheel controls. Bluetooth™ and Voice Control are standard. The system is designed to adapt to the next generation mobile phones.

Due to a variety of available cell phones the compatibility with all models cannot be ensured. A current overview of compatible phone models is available under www.opel.com/mobileportal.pdf as well as at your local Opel partner.

▶ **OPC Line Pack 1.** Front and rear lower skirts, side sills, rear roof spoiler, and OPC badges that add extra sporting style to Opel Zafira performance.

▼ **Interior bicycle carrier.** A smart alternative to exterior-mounted carriers. Up to 2 bicycles can be transported safely in the interior of the Zafira.

▶ **Extendable ski carrier.** Securely carries up to 6 pairs of normal (carving) skis, or up to 4 snowboards, base to base. Installation requires base carrier.

▼ **Towing hitches.** Towing hitches with removable or rigid ball heads are available for the Opel Zafira.

▲ **Roof boxes.** There are 8 to choose from. Sizes range from 1,100 x 800 x 400 mm to 2,180 x 940 x 400 mm. Installation requires roof base carrier.

◀ **Dog guard/luggage compartment divider grid.** Stable and precisely fitting guard for division of passenger and luggage compartment. The luggage compartment can be divided in two halves with the attaching divider grid.

▲ **FlexOrganizer® fixation straps.** The continuously adjustable straps are ideal for fixing items to the side of the luggage compartment.

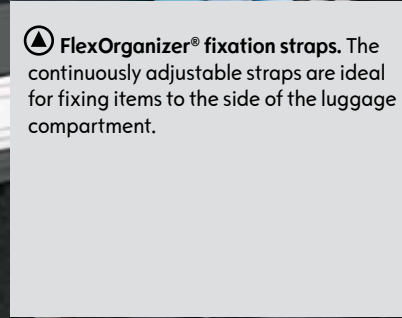

▲ **FlexOrganizer® side wall net.** A useful envelope net for holding small items in secure place, to be used with rail hooks or fixation adapters.

▲ **Privacy shades.** These are tailor-made for the rear side and tailgate windows, are easy to install and can stay mounted when the windows are opened.

▲ **FlexOrganizer® fixation adapters.** Adapters for fixing other FlexOrganizer® items like safety net. Attaches to the fixation rails.

◀ **FlexOrganizer® rail hooks.** The hooks hold bags or similar items in an upright position and can also be used for the fixation of the side wall net.

◀ **Hard cargo tray.** The custom-moulded tray keeps the luggage compartment area of the Opel Zafira clean and tidy. With anti-skid surface and raised lip at the rear.

◀ **FlexOrganizer® service box.** Multi-functional and waterproof box, e.g. for service items. Attaches to the FlexOrganizer® rail hooks.

A close-up, low-angle shot of a woman's shoulder and hair blowing in the wind. The background is a bright, blue sky with soft, white clouds. The woman is wearing a pink top. The overall mood is bright and airy.

There's a fascinating range of Opel merchandise
to choose from, at

[opel-collection.com](https://www.opel-collection.com)

Opel Service.

Europe-wide Customer Service.

Throughout Europe, more than 6,000 Opel repair workshops are ready to provide professional and punctual service. As you'd expect, they'll repair your vehicle to the highest standards. More unusually, perhaps, they'll tell you exactly what's been done and why, and they will show any costs involved clearly and concisely.

Opel Roadside Assistance.

This mobility service is valid and free of charge for all new Opel vehicles during the first year after the date on which they were first registered or delivered to the customer by the distributor, depending on which date comes first. No matter where you are, the Opel Roadside Assistance is there to help. In more than 40 European countries – round the clock. Offering services such as breakdown assistance, towing services, rental car, hotel accommodation or the organization of onward transportation, e.g. via rail or air (please see programme conditions). Your distributor or authorized repairer will be happy to offer an extension at your annual service.

Financing Offers.

The GMAC Bank offers you interesting tailor-made financing models. You alone decide how you would like to pay for your vehicle, in accordance with your particular needs.

Leasing Offers.

You can also lease your Opel, for example through GMAC Leasing. Leasing terms can be adapted to fit your business requirements and capabilities. Also, Master Lease offers you a complete fleet management service from one source.

Insurance Service.

Our GMAC insurance service rounds off the Opel Service Package. We offer Opel customers all types of automotive insurance.

Opel Rent Service.

Opel Rent will keep you on the road if your vehicle is out of service.

New Vehicle Warranty.

2-year new vehicle warranty. This warranty applies to any new Opel car for a period of 24 months without any mileage restrictions, as from the day on which it was either registered for the first time or delivered to the customer by the dealer, depending on which date comes first.

Extended Vehicle Warranty.

This repair cost insurance enables you to extend the warranty on your new vehicle to a maximum of **XXX** years.

12-year Anti-Perforation Warranty.

Opel provides you with a reliable long-term warranty against perforation, provided you have your vehicle serviced and all necessary inspections performed according to the service booklet.

3-year Warranty for Opel Batteries.

With a 3-year warranty for service-installed Opel original batteries your starting problems are over – even in the coldest winter.

Parts and Accessories Service.

Opel parts and accessories are available at your local Opel Shop, where you'll find everything to make your vehicle more comfortable or to meet your individual needs, as well as expert advice.

Opel on the Internet.

Need instant information? At www.opel.com you can access a wealth of information on all Opel cars, services, and accessories. Get online for Opel news and product updates.

Recycling.

Information about Design for Recycling, Take-Back points for End of Life Vehicles (ELVs) and the recycling of ELVs can be found on the Internet page www.opel.com

In case of any questions, please ask your Opel partner. More information can be found under www.opel.com
