

OPEL CORSAVAN

Wir leben Autos.

The Opel Corsavan

With its fresh sporty good looks, the Opel Corsavan makes a clear style statement for any image-conscious business. There's a dynamic frontal design, while the practically shaped load space with purpose-built load protection still offers an exemplary 475 kg payload capacity. Small enough for congested city streets, yet big enough to eat up the kilometres on the open road, it matches a dynamic chassis with a light, spacious cabin and high levels of safety and security.

Max. load compartment volume 0.92 m³

Max. payload up to 475 kg

Max. load floor length 1.26 m

Anti-lock Braking System

Electronic Stability Program Plus (ESP^{®Plus})

60,000 km/2 years main service interval

12 year anti-corrosion warranty

Standard equipment. The Opel Corsavan has been designed to make work a pleasure. Standard equipment includes:

- Remote control central locking
- Power-operated outside mirrors
- Triple Info Display
- Driver's airbag
- 14" steel wheels with wheel covers
- Body-coloured sheet metal instead of rear windows
- Shift indicator, manual transmission
- Speed-sensitive power steering
- Overspeed warning
- Brake Assist
- Fabric **Reflexion**/Elba, Charcoal

Individual options. Specific option packs and a wide range of individual options are available, including:

- Air conditioning
- On-board computer
- Rear Park Pilot
- Front fog lamps
- Anti-theft alarm
- 5-speed Easytronic® transmission
- Alloy wheels
- Start/Stop System for 1.2 TWINPORT ECOTEC® and 1.3 CDTI ECOTEC® engines

Touch & Connect navigation system. Intuitive touch-screen multimedia access to Europe-wide SD card 2-D/3-D navigation, radio/CD, Bluetooth® functionality and on-screen MP3 player control via USB port. Audio with 4 x 20 W and 6 speakers.

Start/Stop System. A running engine in a stationary car consumes fuel and emits CO₂ emissions. Opel's Start/Stop System

automatically stops the engine when the car comes to a standstill. The engine promptly restarts as soon as the clutch is engaged.

Safety features. In addition to the standard safety features, also co-driver's and curtain airbags, active headrests front and the Electronic Stability Program Plus (ESP®Plus) are available for enhanced safety.

Electronic Stability Program Plus (ESP®Plus). Controlled brake intervention on up to 3 wheels counteracts even extreme understeer (such as sudden avoidance movements) to maintain overall control.

Glazed rear side windows. More light in the interior: the Opel Corsavan can also be ordered as fully glazed version.

Load area. Opel Corsavan's easy access load space is protected by half-height sidewall panelling and sturdy steel bulkhead. The steel mesh upper bulkhead, the rubber load floor covering, and the full load compartment cover are optional.

Accessory range. Choose from an extensive range of purpose-designed Opel accessories for your Opel Corsavan, including:

- Load carriers/attachment systems
- Towing facilities
- Bodywork protection
- Security enhancement
- Load restraint systems
- Audio and navigation
- Cargo liners
- Phone-specific cradles for mobile phones

Park Pilot. Automatically activated by selecting reverse gear, Park Pilot provides audible warning of even very low objects out of sight of the driver.

Roof base carrier. The tough and secure base carrier is lockable and allows the fitting of a full range of Opel and Thule attachment system elements like roof boxes, ski or bike carriers.

Towing hitch. A towing hitch with removable ball head is available for a maximum towing capacity of up to 1,300 kg.

Side protection mouldings. For additional protection, side mouldings in black or body colour can be installed.

Splash guards. Black-coloured splash guards for effective protection against paint damage and water splashes. Available for front and rear, sets of 2.

Floor mats. All-weather floor mats protect your interior from everyday wear and tear. Easy to install with standard Opel floor mat attachment system. Also available as economy and velours carpet floor mats.

ADAM OPEL AG, Rüsselsheim

Edition 10/13

All information was accurate and up to date at the time of going to press. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. Fuel consumption data and CO₂ emission data are determined according to regulation R (EC) No. 715/2007 (in the version respectively applicable). The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicle variants. Additional equipment may increase the kerb weight of the vehicle and impact the payload. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.
