LESS TALK. MORE SPORT.

POWER PLAY.

The Insignia OPC is aerodynamically crafted to cut through all the hot air that often surrounds sporty cars. And it has the spec to prove it. A lean-looking bumper and rocker mouldings plus the satin chrome grille and tailgate bars are just the start. It comes with dual exhaust pipes and you can opt for a rear spoiler¹ or tinted windows towards the rear for all models². The Insignia OPC isn't all talk, it performs.

¹ Not available for the Sports Tourer.

² Standard on the Sports Tourer, optional on the Hatchback and Notchback.

NOTE TO COUNTRIES:
Please delete if the Notchback
is not available in your country.

YOUR TERRITORY. YOUR RULES.

Inside the Insignia OPC you'll notice something you can't quite put your finger on. Is it the Recaro front seats, sports pedals or the OPC branded sill plates? Perhaps it's the stitched leather-wrapped steering wheel and gear stick? Actually, it's the sum of all these great features: outstanding ergonomics.

GIVE BENDS A REASON TO BE THERE.

The Insignia OPC is performance art in the making. And it's not hard to tell why. The full-blooded engine is just waiting for its chance to roar on tarmac. Specifically tuned for OPC, the FlexRide adjusts the chassis for different driving dynamics. All Wheel Drive capability including electronic Limited Slip Differential ensures superior traction even under difficult road conditions. The Brembo four-piston callipers with 355 mm front disc brakes give immediate response. Once you experience the full force of OPC you'll see things our way.

DRIVING INNOVATION FORWARD.

If you like your car to move as fast as new technology, why not have both? The cutting-edge infotainment system offers smart-phone synchronization and display customization – so you can choose what information appears on the digital instrument cluster; whether it's the supplied 4,2-inch (10 cm) or optional 8-inch (20 cm).

There's also a unique OPC graphic for the 8-inch instrument cluster that includes a G-force meter, lap timer and voltage gauge. If you want music to go with your driver-oriented info, you can stream audio via Bluetooth® and the 7-speaker or Bose® sound system – to keep your mind and body on the move.

SPRINTER'S AGILITY. MARATHON DURABILITY.

The Insignia OPC comes roaring with a turbocharged V6 239 kW (325 hp) engine¹ that will certainly keep your pulse racing. If you want more agility to match the power, there's a weight-optimized chassis and All Wheel Drive capability that will stick your car firmly to the street. With automatic transmission, gear shift paddles on the steering wheel mean you can make simple fingertip sequential gear changes without taking your hands off the wheel.

¹Standard with 6-speed manual transmission, optional with 6-speed automatic transmission.

²In acc. with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).

³Available as of XXX.

Flex that ride. FlexRide technology gives you the ability to change the driving dynamics of your Insignia OPC altogether. By using Continuous Damping Control (CDC) technology, FlexRide adjusts the dampers for better road handling. With 'OPC' mode activated, the response of the dampers instantly sharpens, as well as the steering, accelerator and automatic transmission (if fitted).

ENGINE AND TRANSMISSIONS

Engine	2.8 V6 Turbo ECOTEC® (239 kW/325 hp)	
Available for	NB, HB, ST	NB, HB, ST
Drive	AWD	AWD
Transmission	MT-6	AT-6 ³
Emission standard	Euro 6	Euro 6
Table shows scale of consumption and emission data depending on model version and tyres. Please contact your Opel dealer or refer to price list for specific information.		
Fuel	Petrol	Petrol
Fuel consumption in l/100 km ²		
Urban	15,5-15,2	16,1-15,9
Extra-urban	8,1-7,9	8,0-7,8
Combined	10,8-10,6	11,0-10,8
CO ₂ emission combined in g/km ²	249-244	253-249

NB = Notchback, HB = Hatchback, ST = Sports Tourer

MT-6 = 6-speed manual transmission, AT-6 = 6-speed automatic transmission

All information was accurate and up to date at the time of going to print. The company reserves the right to alter engine specifications at any time, which may influence the content of the shown data. Please consult your Opel dealer for the latest information. All figures quoted relate to the EU base model with standard equipment. Fuel consumption data and CO₂ emission data are determined according to regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable), taking into consideration the vehicle weight in running order, as specified by the regulations. Additional equipment and factory-fitted options may lead to slightly higher results than the stated consumption and CO₂ figures. The figures for fuel consumption and CO₂ emissions do not relate to a specific vehicle and are not part of an offer. They are provided only for the purpose of comparison between different vehicles but may differ from the actual fuel consumption achieved in real-world driving conditions which are greatly influenced by driving style and operating conditions. Additional equipment and factory-fitted options may increase the weight of the vehicle when empty and in some cases the permissible axle weights as well as the permissible total weight of the vehicle and reduce the permissible towing weights. This may lead to a reduction in top speed and increased acceleration time. Driving performance figures assume a 75 kg driver plus a 125 kg load.

Grip-start your day. Intelligent All Wheel Drive with electronic Limited Slip Differential distributes torque between the front and rear wheels automatically, allowing for better grip and handling in different conditions.

ACCESS ALL AREAS.

Our innovative infotainment features let you bring your digital life into your car and use it seamlessly and safely. With your smartphone, you can access all your content with the optional Navi 900 IntelliLink touch screen display. It's possible to listen to a host of digital radio stations, play back video and stream audio via Bluetooth®; making multitasking safe, easy and – above all – smart.

R400 colour radio comes standard with the Insignia OPC. Complete with Bluetooth® capability, a 4,2-inch (10 cm) colour display and a 7-speaker system. Cruising starts now.

Apple CarPlay™. This system lets you project certain apps and functionality from your smartphone on the IntelliLink touch screen for convenient and smart operation.¹

If these choices aren't enough, check out some of the other options available to you. Like the 8- or 9-speaker Bose® sound system that will immerse you in a concert hall-like experience.

¹Apple CarPlay™ is a trademark of Apple Inc.
¹The compatibility and certain functionalities may differ depending on the type of device and version of the operating system.

YOUR PERSONAL CONNECTIVITY AND SERVICE ASSISTANT.

24/7, 365 days a year, Opel OnStar¹ gives you access to our unique services *virtually* anywhere in Europe².

Best of all, it's free of charge – including Wi-Fi Hotspot – for the first 12 months!

Driving will never be the same.

Please translate as „nearly“

WHAT ONSTAR CAN DO FOR YOU.

Automatic Crash Response.

In the event of a crash, built-in vehicle sensors automatically alert an OnStar advisor, who will be immediately connected to your car. The advisor will assess the situation and if needed notify the emergency services and provide them with your exact GPS location.

Wi-Fi Hotspot.²

Your car is online! The extra-powerful OnStar roof antenna gives you a stable and quick Internet connection and creates a Wi-Fi Hotspot for up to 7 devices.

Smartphone App.

At the touch of a button, remotely lock/unlock your doors, check your oil *life* or *honk the horn and flash the lights*.

Stolen Vehicle Assistance.

If someone steals your car, call our OnStar advisors and give them the reference number the police gave you. The advisor will then provide the police with the location and prevent your car from being restarted so it can be recovered.

Vehicle Diagnostics.

Whenever you want, you can ask OnStar to remotely check some of the key systems of your car like engine, transmission, emissions or airbags. If you wish, OnStar can also send you a monthly e-mail with those key data.

Destination Download.

Searching for an alternative route, a restaurant, a petrol station or anywhere else you might need? Just press the Service Button! Our advisors will provide you with the address. They can automatically download the location to your Opel's navigation system, *too*.³

YOUR PRIVACY. YOUR CALL.

YOU are in control of what OnStar can and cannot do!

- Once you've registered and activated OnStar, you can access every OnStar Service. To ensure security, several services will ask for your PIN.
- Press and hold the Privacy Button for *approximately 5 seconds* to mask your car's location at any time. If you change your mind, press the Privacy Button again for *approximately 5 seconds* to reveal your location. Only in emergencies⁴ can OnStar override this.
- OnStar will never sell your information on. Your information will only be disclosed to OnStar and GM Holdings LLC (USA), its affiliate companies (e.g. Adam Opel AG), your selected/preferred dealers, companies involved in providing or carrying out the OnStar Services and, at your request, to other service companies.

HOW CAN I GET ONSTAR?

OnStar is available as an option in every new Opel Insignia OPC [Trim Level] and even comes standard with the [Trim Line] Trim Level(s).

To get it:

1. Request OnStar when you order your new Opel Insignia OPC.
2. OnStar will send you an e-mail invitation so you can activate your account.
3. Complete your registration and set up your preferences.
4. OnStar is ready to go!

After the 12-month free trial period, you can decide to order a continuation of the OnStar Services. This will be subject to a fee.

To find out more, visit [OnStar country website]

please insert

HOW MYOPEL SERVICES DO MORE FOR YOU.

If your country does not offer the full service history, please delete this part.

myOpel is your one-stop shop to manage everything to do with your Opel – from your OnStar account to organizing your vehicle's next service to rewards and exclusive offers. Everything is targeted to you and the Opel you drive.

- Manage your Opel – take care of your Opel online, book a service and track service history
- Access your OnStar Services – get diagnostics reports, manage your subscription and more
- Exclusive offers – stay up to date on special offers, latest news and current events
- Dealer locator – find your nearest Opel retailer

If you already are an Opel OnStar customer, you can access all the myOpel services. Otherwise, you can register for myOpel by following these easy steps:

1. When you order your car, your dealer will go through a simple pre-registration with you.
2. We will send you an e-mail invitation so you can activate your account.
3. Complete your registration.
4. myOpel is ready to go!

To easily access myOpel from your smartphone, just download the app from the Google Play Store or from iTunes.

HEADLIGHTS WITH FORESIGHT.

The Insignia OPC can also be fitted with the intelligent Bi-Xenon Adaptive Forward Lighting Plus (AFL+) headlights. This is the latest generation of the AFL system and makes driving at night just as comfortable as during the day. AFL+ uses a front-mounted camera, a rain sensor and steering angle input to improve visibility and safety, automatically adjusting the direction and strength of your headlights to suit different speeds, manoeuvres, weather conditions and traffic situations.

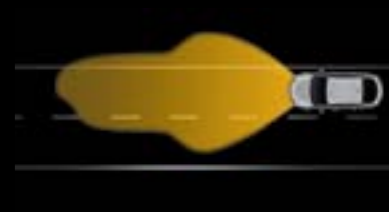

Pedestrian Area Light (up to 30 km/h). Highlights potential hazards with a wider spread of light (an extra 8° left and right).

Town Light (30–55 km/h). Spreads the light wider and lower. Activated by vehicle speed and street lighting.

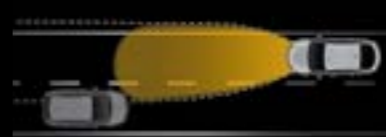

Country Road Light (55–115 km/h). Wider and brighter than normal, for a 70-metre dazzle-free beam.

Highway Light (over 115 km/h). Raises, brightens and extends the beam to 140 metres – without blinding other drivers.

Adverse Weather Light (up to 70 km/h). Activated by wipers or a rain sensor, this setting improves vision in wet weather.

Increased High Beam. Thanks to Bi-Xenon technology, Increased High Beam boosts the range and brightness of your headlights by up to 15% when they're not dipped.

Dynamic Curve Light (any speed). The headlights turn into the curve by up to 15°. Activated by steering angle and speed.

Static Cornering Light (up to 40 km/h, also works in reverse). Throws light 90° to the left or right, so you can see better what's around the corner.

GET INTO STANDING OUT.

Inside the Insignia OPC you'll find a lot of thought has gone into the smallest details to give you the best driving experience. With keyless Open and Start, push-button engine Start/Stop, plus Recaro front sports seats that heat up¹ at the touch of a button – you'll be ready and waiting at the starting line.

Driver and co-driver ergonomic Recaro performance seats with AGR² certification come in combination with leather-fitted interior. They offer a wide range of adjustment possibilities including lumbar support and seat cushion extension to let you perfectly fine-tune your seating position to your individual comfort requirements.

¹ Heated front seats are available as option with the Track/Morrocana trim.

² AGR (Campaign for Healthier Backs) is a German centre of excellence for ergonomics.

1. OPC stitched leather steering wheel with gear shift paddles. To let you concentrate on the great driving dynamics, the engineers at Opel cut out the distractions. Available with automatic transmission, the wheel-mounted gear shift paddles make for comfortable hands and quick gear changes.

2. Electronic Climate Control (ECC). The optional ECC has dual-zone settings so you can set a different temperature on the left and right side of the car.

3. Sports pedals. These unique pedals reflect the muscular interior design of the Insignia OPC. And they make for significantly better grip.

4. OPC automatic gear lever. The look and feel of performance is omnipresent.

1. The 8-inch (20 cm) instrument cluster colour display with OPC graphics. With two large displays in front of you, the audio, phone and sat nav menus are all the more accessible. You'll find the easy-to-reach controls mounted on the steering wheel – and the unique signature of sport everywhere else.

2. Brembo brake lettering in blue. The blue lettering on the brakes compliments the sports streak the OPC is known for.

NO LIMITS.

The Unlimited Edition of the Insignia OPC challenges you to live up to its name. With an unrestricted top speed up to 270 km/h¹, Brembo brake callipers with blue lettering, specific graphics in the instrument cluster and aero fins on the tailgate².

And just when you think there's nothing else you could ask for, there's the exclusive chance to participate in the OPC Performance Training, where an expert racing driver will instruct you on the high-speed track and challenging handling course. For more information, turn to the next page.

Please check whether the Notchback is available.

¹ Hatchback and Notchback top speed goes up to 270 km/h (with manual transmission). Sports Tourer top speed goes up to 265 km/h (with manual transmission).

² Available only for the Sports Tourer.

Top speeds relate to manual transmission. With automatic transmission approx. 5 km/h less.

1.

1. and 2. Put your passion to the test. The Dudenhofen Test Center is where ambitious drivers get the best training. You can see what you've got on the oval track with up to a 40-degree bank angle, skid pad area and a handling circuit with 16 different curves.

3. Joachim 'Jockel' Winkelhock. The Le Mans winner and British Touring Car Championship (BTCC) legend will be the head coach to bring you up to speed.

2.

3.

LET'S TALK LAP TIMES.

Once you have the power, why not test it like a pro? With the Opel Insignia OPC Unlimited Edition you can do just that as part of an offer to perfect your skills under the wing of a racing expert. Your coach will be Joachim Winkelhock, the touring car legend.

The handling course provides optimal training conditions for any first-timer or experienced sports driver with the complete OPC range to choose from. Whether you wish to hone your driving skills or experience an entirely new perspective with a pro by your side, you'll learn all there is to know about power and control. For more info, write to: opc-fahrtraining@de.opel.com

Offer inclusive only with the Insignia OPC Unlimited Edition. This offer can also be purchased separately.

TRIMS AND SURFACES.

Short, simple and straight to the point. You can choose between two exclusively fitted trims and fabrics. You won't find any frills here – just the right stuff.

Please fill in your local specifications.

More, more and much more. To configure your own unique Insignia OPC, visit www.countryspecificurl.com
