GENUINE ACCESSORIES

ŠKODA

DISCOVER NEW GROUNDS

As ŠKODA's first ever seven-seater SUV, the Kodiaq was born for family adventures. For taking on new terrains and everything Mother Nature has to throw at it. Of course, it always pays to be prepared.

That's the thinking behind the ŠKODA Genuine Accessories product range. It features a host of thoughtful touches to make exploring unknowns just that little bit more practical. Not to mention more fun. You'll also find stylish extras designed to make even ordinary trips feel extraordinary.

Whether opting for practicality or luxury, inventiveness or comfort, it goes without saying that every accessory has been rigorously tested and is fully compatible with the Kodiaq.

DESIGN

In a car built to take on the toughest of terrains and the biggest of adventures at the touch of a pedal, a little extra practicality can make all the difference. These Genuine Accessories have been created to provide added protection when you need it most, while also enhancing the look of the car.

ADDING EMOTION TO MOTION.
Few additions on a car convey the driver's personality more than the wheels. Introvert or extrovert? Sports mad or strictly business? Whatever your style, these alloy wheels are a perfect match.

A TEST OF METAL

When it comes to checking the quality of our alloy wheels, we're unapologetically testing. First they have to prove their resistance to corrosion, climatic influences and driving strain. Then the layer of heat-resistant paint is tested over and over for strength and durability.

INFOTAINMENT

INFOTAINMENT

In our always-on world, connectivity on the go is essential. These Genuine Accessories have been designed to open up a whole new world of entertainment, information and communication, turning your Kodiaq into a fully interconnected car.

CARSTICK

This ingenious device turns your car into a Wi-Fi hotspot in seconds, enabling you to take full advantage of the ŠKODA Connect system without having to use your smartphone's internet connection. Simply pop in a suitable SIM card, connect it to the USB slot in front of the gear lever and set it up via the navigation system. You can then connect any Wi-Fi enabled device to your own onboard network. (000 051 409C) Available in combination with Amundsen Navigation system only.

MAP AND SOFTWARE UPDATES

It's important to know the latest shortcuts to take, places to park and routes to avoid. That's why we've created our Infotainment Portal, which enables you to quickly update and maintain your onboard systems helping you to save both time and money.

Simply head to infotainment.skoda-auto.com, enter your VIN code and the state-of-the-art system will identify any updates you need and give you the option to download them from the comfort of your home. What's more, if you buy a new ŠKODA vehicle or navigation system, you'll get free map updates of Europe for the first three years.

COMPATIBILITY LIST

This application shows which of your external devices, for example your smartphone or tablet, are compatible with the Kodiaq's many infotainment features such as SmartLink+.

PLAN AHEAD WITH MYDESTINATIONS

With the MyDestinations online tool, you can set up any attractions and places of interest you want to visit on an upcoming adventure well in advance of leaving the house. Once you're finished, simply import the list to your navigation device and you'll be ready to go the moment you jump behind the wheel.

PUTTING OUR FOOT DOWN

We've always had a passion for testing at ŠKODA. It's ensures we're forever improving, refining and inventing. A perfect example is the heel test we carry out on every one of our textile floor mats. It replicates the action of the driver's foot on the accelerator, sinking the heel 5mm into the floor mat in both dry and wet conditions at an angle of 45°. An additional long driving test is also carried out, this time placing the focus on the brackets fixing the front floor mats to the car upholstery. It's only as a result of both tests that the perfect balance between driver comfort and safety is achieved.

TRANSPORT

TRANSPORT

The class-leading interior space may grab the headlines, however our designers are equally famous for thinking outside the boot. Bike racks, roof boxes and tow bars make short trips and long breaks equally simple, giving you the freedom to take everything that's important to you.

Transverse roof rack
ŠKODA Genuine Accessories
(565 071 151)

DELIVERING UNDER PRESSURE
The thought of your luggage or bikes going on a trip of their own is completely unthinkable. That's why our racks undergo a number of demanding tests, from corrosion resistance to loading capacity and durability. They're also subjected to simulated crash conditions, where a rack loaded with 90kg must remain on the car body under a force of approximately 12G.

SAFETY

SAFETY

Nothing is more important than your family's safety. Nothing.

That's why we've created this range of Genuine Accessories, to make peace of mind on the road a piece of cake. Whether choosing

a car seat for the youngest adventurer onboard, a safety belt for your dog or a warning triangle to protect other drivers, all deliver optimal reliability.

Watch the child seat testing video.

To ensure the maximum safety of your smallest passengers, our child seats feature variable mounting options that allow you to transport your child both with and against the direction of travel, depending on their position in the car.

PRACTICAL AND VARIABLE

The intelligent design of these child seats allows your child to be seated both in the back of the car, but also on the front passenger's seat where you can keep a closer eye on them. The seats also cleverly adapt to the ever-changing size of your children, making them a great long-term investment.

PERFECTLY VERIFIED

All our child seats comply with European safety regulations (EHK 44.04) and have been rigorously tested. Their high quality and safety is further highlighted by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.
