Pricing valid as of 4th May 2020.

* From 1 April 2020, the official CO₂ emissions values used to calculate Vehicle Excise Duty (VED) charges will change for all passenger car registrations in the UK, due to a change in the method of testing. This will affect the recommended 'on the road' price you pay (in most circumstances, prices will increase).

The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2020. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2020.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards - this rate currently applies to all ŠKODA diesel models.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £325 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on
SCALA SE TECHNOLOGY 1.5 TSI 150PS

P11D value		£20,825.00
Company car BiK tax based on CO₂ emission level		29%
Taxable BiK (for 2020/2021 tax year):	29% of £20,825.00	£6,039.25
Annual company car tax (2020/21)		
20% income tax	20% of £6,039.25	£1,207.85
40% income tax	40% of £6,039.25	£2,415.70
Monthly company car tax (2020/21)		
20% income tax	£1,207.85 divided by 12 months	£100.65
40% income tax	£2,415.70 divided by 12 months	£201.31

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2020/2021.

Please note, in some instances it is not possible to retrospectively fit a tow bar if the car is not fitted with tow bar preparation at Factory. Please speak to your Retailer to confirm the exact towing eligibility.

* Figures shown are for comparability purposes; only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st April 2020. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see [skoda.co.uk/owners/wltp-info](https://www.skoda.co.uk/owners/wltp-info) or consult your retailer.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards - this rate currently applies to all ŠKODA diesel models.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £325 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on
ALL-NEW OCTAVIA SE TECHNOLOGY 1.0 TSI 110PS HATCH

P11D value		£20,985.00
Company car BiK tax based on CO₂ emission level		26%
Taxable BiK (for 2020/2021 tax year):	26% of £20,985.00	£5,456.10
Annual company car tax (2020/21)		
20% income tax	20% of £5,456.10	£1,091.22
40% income tax	40% of £5,456.10	£2,182.44
Monthly company car tax (2020/21)		
20% income tax	£1,091.22 divided by 12 months	£90.94
40% income tax	£2,182.44 divided by 12 months	£181.87

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2020/2021.

NEW SUPERB iV – PLUG INTO THE FUTURE

The new SUPERB iV is ŠKODA's first plug-in hybrid, uniting innovative electric drive technology with the iconic design now synonymous with the SUPERB name. Available across SE L, SportLine Plus and Laurin & Klement trim levels.

CHARGING

The socket situated behind the grille allows the electrical engine to be charged with ease. When charging at home with a wallbox or at a public charging station an empty battery can be fully charged in five hours.

CABLE COMPARTMENT

No need to think about where to store the charging cables. A bespoke compartment, in the boot of the car, provides plenty of room for both the fast charging cable and home charging cable.

DRIVE MODE SELECT

A choice of settings to suit all conditions and driving styles; SPORT mode provides the maximum power output of 218PS, whilst in E-mode, the ŠKODA SUPERB iV is powered exclusively by the battery. In HYBRID mode, the electronics optimise the balance between the petrol engine and the electric motor.

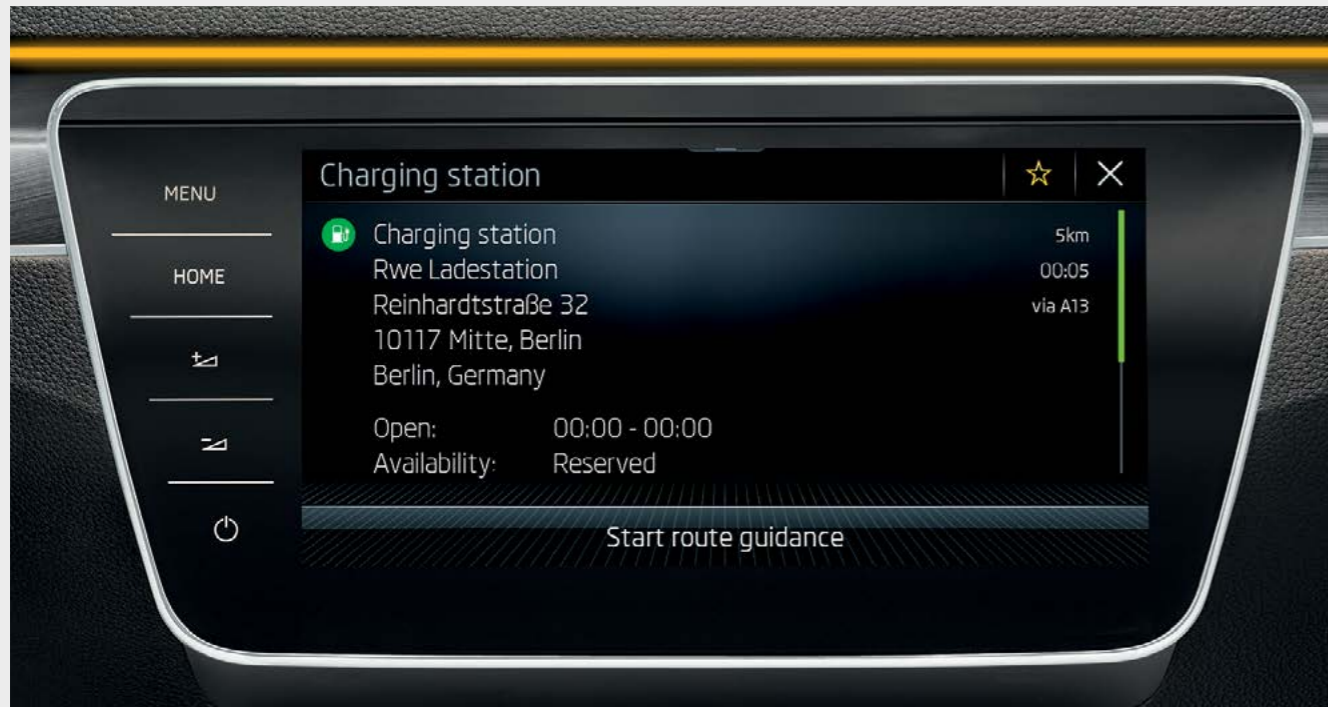

WHAT CAR?

Skoda Superb Estate iV

Models shown are not UK specification. Some of the equipment shown is optional.

CONNECT WITH iV FOR EVEN MORE CONTROL

SUPERB iV takes ŠKODA Connect to another level with added functionality aimed specifically at our first plug-in hybrid and its advanced systems.

CHARGING STATIONS

Charging stations are easily located with the iV's upgraded navigation system. Latest information about prices, charger types and parameters concerning electricity – all at your fingertips.

REMOTE CHARGING

You can also control battery charging from the comfort of your own home. With the vehicle plugged into the mains, a tap of your smart phone screen can start or finish the process. The battery's current state of charge is also displayed on the screen.

REMOTE AIR CONDITIONING AND DEPARTURE PLANNER

With Remote Air Conditioning, you can cool the vehicle interior prior to any journey. You can also schedule for the car to be air conditioned at a specific time. The departure planner lets you check the battery level and set the time of charging.

Models shown are not UK specification. Some of the equipment shown is optional.

* From 1 April 2020, the official CO₂ emissions values used to calculate Vehicle Excise Duty (VED) charges will change for all passenger car registrations in the UK, due to a change in the method of testing. This will affect the recommended 'on the road' price you pay (in most circumstances, prices will increase).

The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2020. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2020.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards - this rate currently applies to all ŠKODA diesel models.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £325 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on
SUPERB SE TECHNOLOGY 1.5 TSI 150PS ACT HATCH

P11D value		£25,050.00
Company car BiK tax based on CO₂ emission level		31%
Taxable BiK (for 2020/2021 tax year):	31% of £25,050.00	£7,765.50
Annual company car tax (2020/21)		
20% income tax	20% of £7,765.50	£1,553.10
40% income tax	40% of £7,765.50	£3,106.20
Monthly company car tax (2020/21)		
20% income tax	£1,553.10 divided by 12 months	£129.43
40% income tax	£3,106.20 divided by 12 months	£258.85

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2020/2021.

Pricing valid as of 7th May 2020.

* From 1 April 2020, the official CO₂ emissions values used to calculate Vehicle Excise Duty (VED) charges will change for all passenger car registrations in the UK, due to a change in the method of testing. This will affect the recommended 'on the road' price you pay (in most circumstances, prices will increase).

The recommended 'on the road' prices and any VED charges quoted reflect the VED charges which apply to vehicles registered after 1 April 2020. Choice of wheels and other options may affect fuel consumption, BiK and emissions data (which may affect the amount of VED payable and therefore the ROTR price). The price and charges you pay may differ from any prices or charges displayed or quoted before 1 April 2020.

From 6 April 2020, the official CO₂ emissions values used to calculate benefit in kind (BIK) charges for fleet channels will change for passenger car registrations in the UK. This is due to a change in the method of testing. The BIK charges quoted reflect the charges which apply to vehicles registered after 6 April 2020. These charges may differ from any charges displayed or quoted before 6 April 2020.

OTR (On The Road)

Recommended 'On The Road' prices include delivery, 12 months Road Fund Licence, DVLA First Registration Fee and apply to the UK only.

VED (Vehicle Excise Duty)

All vehicles will be subject to Vehicle Excise Duty based on the fuel type of the vehicle and its carbon dioxide (CO₂) emissions level, measured in grams per kilometre (g/km). Due to changes in vehicle emissions data, CO₂ figures may differ on these vehicles if taken from current ŠKODA UK stock.

Vehicle Excise Duty (VED) is correct at time of publication, but this may alter to reflect any change in the applicable VED rate.

* This rate applies to diesel cars tested to real driving emissions step two (RDE2) standards

** This rate applies to diesel vehicles that do not meet the real driving emissions step two (RDE2) standards - this rate currently applies to all ŠKODA diesel models.

Note: Vehicles with a list price exceeding £40,000 (including factory installed options, delivery charge, number plates and VAT) will pay an additional £325 plus the standard rate VED from year 2 to, and including, year 6. After the 6th year only the standard rate VED will apply.

BiK CALCULATION EXAMPLE

Based on
KAROQ SE TECHNOLOGY 1.0 TSI 116PS

P11D value		£22,540.00
Company car BiK tax based on CO₂ emission level		31%
Taxable BiK (for 2020/2021 tax year):	31% of £22,540.00	£6,987.40
Annual company car tax (2020/21)		
20% income tax	20% of £6,987.40	£1,397.48
40% income tax	40% of £6,987.40	£2,794.96
Monthly company car tax (2020/21)		
20% income tax	£1,397.48 divided by 12 months	£116.46
40% income tax	£2,794.96 divided by 12 months	£232.91

Company car tax is based on the vehicle's carbon dioxide (CO₂) emissions. The higher the emissions, the higher its tax liability. When a company car is made available for private use a 'Benefit in Kind' value is calculated for tax purposes. The table above will help you calculate your tax liability.

P11D (expenses and benefits)

The P11D value is calculated by taking the On The Road (OTR) price for the vehicle, less the Road Fund Licence (RFL) and First Registration Fee (FRF).

BiK (Benefit in Kind)

The BiK percentage value is based on the CO₂ emissions of the vehicle for the current tax year 2020/2021.

ADDITIONAL INFORMATION

ŠKODA Financial Services

ŠKODA Financial Services offer a wide range of finance, insurance and servicing packages designed to fit your needs.

We specialise in providing simple and convenient funding options for drivers. The Solutions Personal Contract Plan offers a flexible, fixed-rate plan designed around your budget, by deferring a proportion of the car's value until the end of the agreement. This means a significantly lower monthly repayment compared to a loan or hire purchase agreement, so you can have more car for your money or just reduce the size of your repayments.

You choose the size of your deposit, from as little as one monthly payment, and a repayment period that suits you. At the end of the term, there are three options:

1. Part exchange your car for a new ŠKODA on a Solutions contract.
2. Pay the optional final payment to own the car.
3. Return the car (subject to terms and conditions).

ŠKODA Financial Services also offers hire purchase, contract hire and service and maintenance plans. Speak to your ŠKODA Retailer for your personalised quotation today.

ŠKODA Car Insurance

Complimentary ŠKODA Drive Away Insurance

We want you to start enjoying your new car from day one, which is why every new or used ŠKODA, purchased from a ŠKODA Retailer, comes with five days' complimentary insurance. This comprehensive cover guarantees that your vehicle will be repaired in a ŠKODA Approved Repairer.

To set up your five day cover, please visit insurewithskoda.co.uk/driveaway. Alternatively, you can call us on **0345 877 6348**.

Lines are open 8am-8pm Monday to Friday and 9am-5pm Saturday. You will need the following information from your ŠKODA Retailer: vehicle model, registration number, vehicle collection date, ŠKODA Retailer number.

Subject to eligibility. Five day drive away insurance cannot be used in conjunction with any other insurance offer.

We will also provide you with a quote, giving you the option to purchase annual cover that comes with a 3 Year Fixed Price commitment; so you can relax knowing that if nothing changes over the next three years, the cost of your car insurance won't increase. See below for more details.

Annual Car Insurance with the ŠKODA 3 Year Fixed Price Commitment

You can't always predict what life has in store, but with ŠKODA 3 Year Fixed Price Car Insurance you can relax knowing the cost of your car insurance won't increase each year. The price will only change if your circumstances do. Cover runs for 12 months at a time and you'll receive a renewal notice confirming your fixed price for the following year.

With ŠKODA Car Insurance, you're not tied in for the three years, so if you decide you no longer want cover, you can simply let us know before your cover renews. If you choose to

renew cover annually, the premium will be fixed for two consecutive renewals. If you make an amendment to your policy the premium at your next renewal will change, and this will be fixed for the remaining renewal periods. The fixed price commitment will no longer apply if you or a named driver gain a motoring conviction or make a claim (excluding windscreen claims), and the fixed price commitment does not apply to optional additional products and/or Insurance Premium Tax changes.

ŠKODA Car Insurance provides comprehensive cover, and you can enjoy the following benefits as standard

- > 3 Year Fixed Price Commitment
- > ŠKODA Approved Repairs carried out by ŠKODA Approved Technicians using only ŠKODA Genuine Parts and Paints (excludes windscreen claims)
- > Guaranteed courtesy car whilst yours is in for repair
- > Uninsured driver promise when you make a claim for an accident that is not your fault (providing we have the vehicle registration, make, model, and driver details)
- > Windscreen cover
- > Personal accident cover
- > Personal belongings cover (excludes loss of money)
- > Child seat replacement
- > Electric charging cables and home charger cover, as well as cover for accidents caused by any electric charging cables, when attached to your car
- > Electric car battery cover, whether it is owned or leased

Enjoy peace of mind and complete convenience, relax in the knowledge you have a policy tailored specifically for your ŠKODA.

There's a lot to like about being a ŠKODA driver. Get a quote or find out more at insurewithskoda.co.uk Alternatively, call us on **0345 246 9091**. Lines are open 8am-8pm Monday to Friday and 9am-5pm Saturday.

ŠKODA Car Insurance is underwritten by U K Insurance Limited.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"), registered in England and Wales No.2835230 (registered office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). ŠKODA GAP Insurance

If your ŠKODA is written off, your motor insurer will usually settle your claim based on its current market value. This could be substantially less than the original value of your vehicle. ŠKODA GAP (also known as 'Guaranteed Asset Protection') Insurance helps to bridge the payment gap to get you back in a new ŠKODA. Whether you purchase, finance, lease or hire your vehicle, ŠKODA GAP Insurance is available and can be arranged up to 60 days after you have collected your new or used vehicle. For more information about ŠKODA GAP Insurance, please visit: insurewithskoda.co.uk/gap-insurance.

ŠKODA GAP Insurance is administered by Abraxas Insurance Administration Services Limited and underwritten by MAPFRE Asistencia Compañía Internacional De Seguros y Reaseguros, S.A..

Service and maintenance

Our range of servicing and maintenance plans will help to keep your ŠKODA in prime condition. Plus, the price is fixed so you won't be caught out by any unbudgeted costs.

All our service plans use genuine ŠKODA approved parts and trained technicians so you know your car is in the hands of experts. Parts and labour also come with two years warranty too.

Service Plan for cars under a year old

This covers your first two services for one payment of just £396 or 24 monthly payments of £16.50. The service plan includes a maximum of one oil service and one oil and inspection service with pollen filter change. The vehicle service regime affects the entitlement service plan if you choose to purchase this.

Our service plans are designed for customers that travel 10,000 miles or less per year. If you travel over 10,000 miles per year, or would prefer to add maintenance or tyres, then speak to your ŠKODA Retailer to create a more tailored service plan.

All cars must be set to time and distance servicing. Exclusions and terms and conditions apply. Offer is available to retail customers only from participating ŠKODA Retailers. Offers may be varied or withdrawn at any time. Freepost ŠKODA Financial Services. Pricing effective from 1st August 2020.

ŠKODA Financial Services is a trading name of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR Registered in England number 2835230.

Service intervals

When you order your SE Technology model, you can choose whether your car is on a fixed or a flexible service regime. Your ŠKODA retailer will help you decide which regime suits how your car will be driven, enabling your car to stay in the best possible shape.

Fixed regime: service every 10,000 miles or one year (whichever comes first).

This is recommended if the vehicle is likely to be used in the following way:

- > Driven fewer than 10,000 miles per annum.
- > Mainly short journeys, driven mostly in towns or cities.
- > High vehicle loading/towing and frequent hill climbs.
- > Heavy accelerating and braking, using high revs.

Flexible regime: Sensors in the engine detect when a service is needed. A service light will show between 9,000 and 20,000 miles or up to 24 months (whichever comes first).

The flexible service regime is recommended for vehicles with a daily mileage of more than 25 miles where the vehicle is driven regularly and mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner.

Adding that little extra to your car

If the standard specification and factory fitted options aren't enough for you, then why not take a look at our range of retailer fitted accessories? A separate accessories brochure can be found at your local retailer, or can be viewed online at: [skoda.co.uk/owners/accessories-and-merchandise](https://www.skoda.co.uk/owners/accessories-and-merchandise)

Figures for the ŠKODA range, including petrol/diesel and hybrid vehicles. Plug-in hybrid vehicles require mains electricity for charging. Figures for hybrid vehicles were obtained using a combination of battery power and fuel. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Data correct at 1st April 2020. Choice of wheels and other options may affect fuel consumption and emissions data. For more information, please see [skoda.co.uk/owners/wltp-info](https://www.skoda.co.uk/owners/wltp-info) or consult your retailer.

For fuel consumption data based on the outgoing test cycle (NEDC equivalent data), which is the 'official' UK fuel consumption data until 31.12.18, please consult your retailer.

ŠKODA UK may change RRP's at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen ŠKODA Retailer.
