MY AMI CARGO - FEATURES

**400 LITRES
TOTAL LOADSPACE**

**260 LITRE
STORAGE AREA**

**PAYLOAD
95 KG**

Passenger seat replaced with a modular, closed storage area.

A vertical divider separates the driver's space from the cargo area.

The surface can support a weight of up to 40 kg

The flat floor can be adjusted to one of two positions

The upper surface is also the opening lid to the storage area

The separate rear storage area (with lid) is perfect for a mobile device

Mobile desk surface with A4 footprint, ideal for documents or tablet

CITROËN AMI COLOURS AND DIMENSIONS

MODEL	AMI	MY AMI CARGO
COLOUR		
Ami Blue	•	•

The Citroën Ami 100% electric is classified as a quadricycle and will be seen in the UK as a left hand drive. As the Ami has range and speed limitations as outlined in the specification please ensure that this is suitable for your needs and operating purposes. Due to the speed limitation, the Ami is not legally permitted on UK motorways, and further consideration should be given where the speed limit of the road exceeds the speed limitation of the Ami.

Whilst the Ami is manufactured with a European two pin plug, charging in the UK is completed via a Type 2 wall box converter, which is supplied with your Citroën Ami. Charging via a wall box does not decrease the charging time, as the Ami itself limits the charging speed as opposed to the charging solution.

CITROËN AMI ONBOARD DOCUMENTATION

- Onboard documentation is available via the Scan My Citroën app.
- You can also consult the e-guide or download a PDF via :
