Sunny 1200

4 Door Saloon
2 Door Saloon
Coupé - Estate

This new DATSUN has all the advantages of a light compact car—easy ownership—easy parking—easy handling—and most impressive economy. But unlike other cars, the DATSUN 1200 has big car performance.

With its 1171cc O.H.V. 4-cylinder engine providing power packed 69 horses, the DATSUN 1200 can really "get you there". Exceptional manoeuvrability too—a turning circle of just over 26 feet puts this DATSUN into places where ordinary cars have problems! Carefully engineered suspensions give that added safety factor with superior road holding ability which, combined with a sound light steering and disc front and drum rear brakes, gives driver and passengers complete relaxed confidence.

DIMENSIONS:	Length	Width	Height
4 Door Saloon	151.0"	58.9"	54.7"
2 Door Saloon	151.0"	58.9"	54.7"
