Datsun - 0006

The DATSUN Laurel Six

EXECUTIVE SALOON COMBINING LUXURY WITH PRACTICALITY

The Laurel Six is the latest in a line of luxury saloons designed by Datsun to provide executive style motoring, at reasonable cost.

The smooth styling of the car is familiar, but under the bonnet is a new 6 cylinder, 2 litre engine, quieter, smoother and giving more punch and flexibility. Yet the Laurel Six is an economical car. Over 30 m.p.g. is available and most owners can expect around 26/27 m.p.g. in normal motoring conditions. And remember, with Datsun you only need low grade petrol, not the more expensive 4-star.

The spacious interior comfortably accommodates

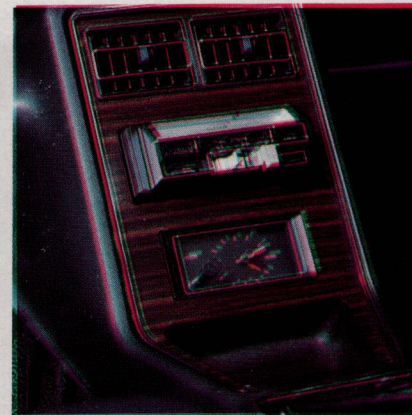

five adults in deeply padded, cloth upholstered seats. Front seats recline and have adjustable head restraints. The Laurel Six is superbly equipped, even to the push button radio and stereo cassette player, the tinted glass and the other thoughtful touches for which you might normally pay extra.

The Laurel Six is an impressive motor car — for the businessman who needs to travel long distances in comfort, economically; for the family man who needs space at a sensible price; for the motorist who wants a thoroughly reliable executive saloon, designed and built with the care that means trouble-free motoring.
