

DATSUN BLUEBIRD 180B estate Mk. II

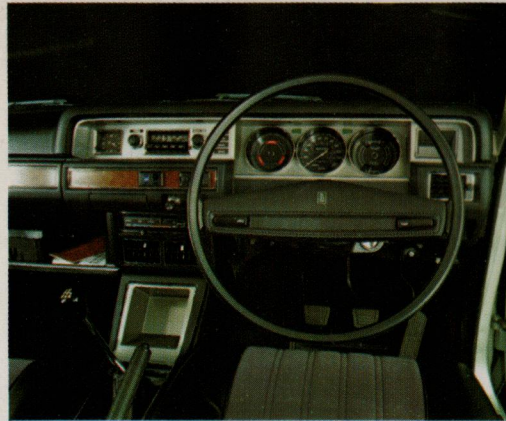

estate car elegance

The 180B Bluebird Estate Mk II offers the motorist an elegant new car with the adaptability to suit all moods.

It has stylish good looks that are bound to impress in town or country. It has the space to take five people on holiday with all their luggage and equipment. It has the power to cruise effortlessly on motorways with the comfort and luxury you would normally associate with an executive saloon. And it has the economy, reliability and ease of maintenance to keep your running costs down.

The Bluebird Mk II has a modern 1.8 litre engine with a reputation for smooth, reliable performance. Over 100 m.p.h. is there for the asking with 60 coming up in around 13 seconds, for safe, effective overtaking. The precise 4-speed, all-synchromesh gearbox and light clutch make driving a pleasure. Power assisted brakes with discs at the front pull you up safely and swiftly.

The Bluebird Mk II interior is refined and spacious. Brushed nylon seats feel as comfortable as they look — even after a long journey! Both front seats recline fully and the driver's seat has a special tilt adjustment so you can find just the right position for YOU. We've looked after your

comfort too — there's a three-speed fan for the heater — and powerful through-flow ventilation with central and face level outlets.

An impressive list of standard equipment includes tinted glass, MW/LW push button radio, heated rear window, head restraints, electric clock, cigar lighter, lockable glove box, centre console, two-speed wipers plus intermittent wash/wipe, reversing lights, hazard flashers, wing mirrors and much more.

The Bluebird Estate Mk II is well equipped for load carrying too! Open the high lift, counter balanced tailgate and you have a load area 52 inches wide and 65 inches long with the rear seat folded, to take masses of luggage or equipment. The floor is low and flat for easy loading and packing.

There are many other sensible features designed into the new Bluebird Estate. Like a rear screen wiper with electric washer; rear interior light activated by opening the tailgate; protective side mouldings; handbrake warning light; dipping interior mirror and so on.

The new Bluebird Estate Mk II is for the motorist who wants executive style motoring with the practical virtues of a spacious load carrier.

Like all Datsuns, it's made with the care and attention to detail that people have come to expect from the world's fourth largest car manufacturer.
