

DATSUN CHERRY F II coupe

CHERRY FII

hatchback coupe

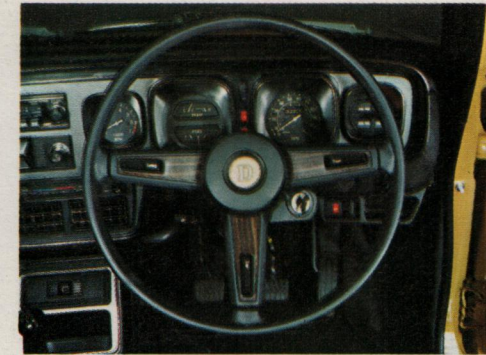

The Cherry FII Coupe is an exciting hatchback addition to the Datsun range with all the style and flair that have helped to take Datsun right to the top as Britain's leading car importer.

The Cherry hatchback Coupe is powered by an 1171 c.c. engine that drives the front wheels and gives a top speed of up to 93 miles an hour, and around 40 m.p.g. fuel economy in normal driving. Steering is rack and pinion and there are power assisted brakes with discs up front.

The wrap around rear window opens onto an area that provides 15.7 cubic feet of luggage space . . . and that's just the start! Fold down the rear seat and the Cherry FII gives you a cavernous load space almost 5 feet long.

The Cherry FII is fully equipped with cloth upholstery, front reclining seats, head restraints, tinted glass, heated rear window, rev counter, reversing lights, hazard flashers, and much more.

Eye-catching good looks, the practical virtues of a load carrier . . . and enjoyable to drive. The new Cherry FII hatchback Coupe. By Datsun.

SPECIFICATIONS

Engine:	
Type	Transverse 4 Cylinder in line OHV, water-cooled
Bore	73 mm
Stroke	70 mm
Capacity	1171 c.c.
Max. Power, bhp/rpm (DIN)	52/5600
Max. Torque, lb.ft./rpm (DIN)	68/3600
