

DATSUN *CHERRY F II saloons*

CHERRY FII

saloons

The Cherry FII Saloons are the latest in an extremely successful line of 1 litre economy cars from Datsun — now even more stylish, more fully equipped and with more space for the family!

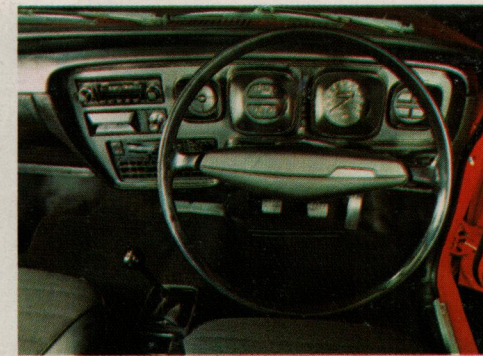

And though they have grown little in size, the new Cherrys still have the lively acceleration and 40 m.p.g. economy that have made the model famous in markets all over the world.

They are powered by the famous 988 c.c. engine that drives the front wheels and gives a top speed well into the 80's. Steering is delightfully precise, suspension fully independent, brakes powerful and safe with the luxury of a servo, to take away the effort of stopping from speed.

There's a choice of models, all equipped to a high standard — tinted glass, head restraints, reversing lights, hazard flashers, two-speed wipers, electric washers, and so on. The GLS models feature cloth upholstery, reclining front seats, heated rear window, radial tyres, cigar lighter, and much more.

The Cherry FII Saloons are tremendous value-for-money cars, enjoyable to drive and built to the high standard of engineering which has earned Datsun its world reputation for quality.

(Illustrated — GLS model)
