

**The
NEW Datsun
Sunny**

Sunny saloons

In great shape for the '80's — the NEW Datsun Sunny saloons! New styling is sharper, with lower waistline and excellent all-round visibility. The new interior is quieter, more spacious and more luxurious with seats upholstered in 'soft touch' cloth and deep pile, wall-to-wall carpeting. New equipment includes a quartz clock, three-speed wipers with intermittent function, side window demisters, choke and handbrake warning lights, and so on.

Mechanically, the New Sunny saloon incorporates advanced four-link coil rear suspension for a smooth ride and sure-footed roadholding. The famous 1200 c.c. engine gives brisk performance and economical motoring. The NEW Sunny — compact family motoring with a name for economy, reliability and value for money. It's a great shape to be in!

Sunny hatchback coupe

The New Sunny coupe is a really special car for all occasions. It's an elegant 3-door hatchback with sleek distinctive lines. It's one of the best-looking load carriers in the business. And it's a car for the sporting driver! It has a new 1400 c.c. engine and slick, five-speed gearbox, power-assisted brakes, new four-link rear suspension. It's a comfortable four seater with reclining front seats and adjustable head restraints, sculptured rear bucket seats, luxurious cloth upholstery and wall-to-wall carpeting. And like the saloons it's superbly equipped. The coupe also has clever new features like a 'walk-in' device for easy access to the rear seats.

Open up the New Sunny's hatchback style tail gate and you have access to a spacious luggage area. Operate the 'one-touch' control and the rear seats fold down to give you enormous carrying capacity.

Stylish, luxurious, versatile — the great New Sunny hatchback coupe.

Sunny estate

Completing the range is the sparkling New Sunny estate car — an attractive and highly practical vehicle for the motorist who needs extra space.

Unusually, for an estate car of this size, the Sunny has five doors including a wide, high-lift tailgate, so loading it with passengers or luggage is no problem. A 'one-touch' control lets you fold down the rear seat to give a remarkably spacious load area over five feet long.

Like the other New Sunny models, the estate has many new items of equipment including three speed wipers with intermittent wipe, side window demisters, quartz clock, a useful luggage room light, choke and handbrake warning lights and illuminated cigar lighter as well as standard features like push button radio, heated rear window, wall-to-wall carpeting and so on.

Practicality in great style — that's the New

The NEW Datsun Sunny
