

THE NEW
DATSUN
CHERRY

Four stylish economy cars that are low on running costs, but high on comfort, space and luxury equipment.

There are 3 and 5 door hatchbacks, a spacious estate and a sporting hatchback coupe all with a world wide reputation for quality, reliability and value.

Take a close look at the New Cherry from Datsun—it's no ordinary economy car.

THE NEW CHERRY RANGE

3 & 5 DOOR HATCHBACKS

The New Cherry Hatchbacks are versatile economy cars combining the small car advantages of low running costs and manoeuvrability with the comfort and space of much larger family saloons. Crisp hatchback styling is both elegant and practical with wide glass area giving excellent all round visibility.

There's a choice of engine sizes on the 3 door hatchback—988cc or 1171cc both giving lively performance with excellent economy on low grade petrol. The 5 door model is fitted with the larger engine.

The New Cherry Hatchbacks are light and easy to handle thanks to front wheel drive, rack and pinion steering, fully independent suspension and power assisted brakes.

A wide opening hatchback tailgate gives access to over 9 cubic feet of luggage space. Operate a 'one touch' control and the rear seat folds forward to provide enormous carrying capacity.

A newly designed heating and ventilation system provides all weather comfort for both front and rear occupants.

Note: Standard equipment includes one rear fog lamp.

Both models feature luxurious cloth upholstery, thick wall to wall carpets and are fully equipped with interior tailgate release, quartz clock, tinted glass, halogen headlamps, choke and handbrake warning lights and much more. The 5 door model also features child proof locks on the rear doors.

Driving the New Cherry Hatchbacks is effortless and enjoyable with the added comfort of knowing that you have Datsun's famous reputation for quality and reliability behind you.

COUPE

Exciting hatchback coupe with bold attractive styling that really makes it stand out from the crowd. An 1171cc engine gives the coupe a top speed of up to 93mph and a five speed gearbox makes the most of the performance and gives economical cruising.

Luxury interior features some of the latest Datsun equipment with variable intermittent wipers, rear screen wiper and washer, interior fuel lid and tailgate release, walk-in device etc. Split rear seats fold individually to give 'multispace' carrying advantages.

ESTATE

Designed for the motorist who wants economy with extra space. Even with the rear seat in position you have a really substantial luggage area 52 inches wide and 39 inches long. A one-touch control lets you fold the rear seat down for even more space! An exceptionally low floor height makes it ideal for loading heavy or awkward objects. Unusually for an estate car of this size, the Cherry has five doors including the high-lift tailgate. Luxury equipment includes cloth upholstery, fitted carpets, tinted glass, quartz clock, heated rear window, cigar lighter and much more.
