

Model shown: CR-V 2.0 i-VTEC SE Sport

For those with a family, there's no law that makes a people carrier compulsory. Powered by our innovative 2.0 i-VTEC engine, the new Honda CR-V delivers the performance, comfort and efficiency of a passenger car. Yet it has off-roader looks, toughness, sheer presence on the road and a natural spirit of adventure. It's designed to tackle more than just your everyday driving demands. For instance, if the CR-V senses a loss of traction from the front wheels, it automatically engages four-wheel drive. No thinking time, no fumbling for a shift lever. Once back on terra firma, it instantly reverts to front-wheel drive to minimise fuel consumption. But perhaps best of all, NCAP have given the CR-V one of the highest ever ratings for passenger and pedestrian safety combined.

Prices from: £16,900 OTR

Annual Tax Liability*	BIK % of P11D	22%	40%
2003/4	27%	£1,070	£1,946
