

The Honda HR-V

Model shown: HR-V 5 Door 1.6i VTEC 4WD

Only Honda can come up with a refreshing idea in lifestyle travel. Our brilliant HR-V disregards convention and doesn't conform to any established vehicle category. We've made it to handle a wide variety of uses - but its main aim is to be fun to own and great to drive.

Well equipped, the HR-V has air conditioning and power steering. It also has funky styling and dynamic handling qualities with 4WD offering extra traction when you need it. Best of all, it comes at a price that is far less than you might expect.
