

Mazda2

ZOOM-ZOOM

Mazda2: Confident, versatile and stylish.

A to B was yesterday. Today, cars need to be able to take you from A to Z and beyond. Why? Because life is as diverse as it is exciting. One minute you're dashing to work, the next you're relaxing and enjoying your hobbies with friends. Which is why we're delighted to introduce the Mazda2 supermini – designed to help you take control of the hustle and bustle that is modern living. Work, friends, shopping, hobbies – Mazda2 helps you enjoy life to the full. As fast as it is flexible, as comfortable as it is dynamic – Mazda2 is also a serious amount of fun. With a choice of three exciting series, including the new Antares and Capella models, whichever Mazda2 you choose, you're guaranteed to enjoy the ride.

Customise with a great range of accessories.
- 18 **Mazda Credit.**
Finance and insurance products from Mazda.

Vehicle shown not to UK specification.

Auto Shift Manual (ASM) transmission.

Feel free to enjoy to open road.

Mazda2 inspires confidence with its alert driving dynamics, excellent visibility and strong performance. It's a supermini with real spirit.

Superb steering, handling and braking is matched by equally responsive engines. These lightweight, aluminium units supply just the right performance for a truly spirited drive. Three petrol engines are available – all free-revving, 16-valve units. There's even an advanced common-rail diesel version delivering exceptional economy and low emissions.

Also available on certain petrol and diesel models, the innovative Auto Shift Manual (ASM) transmission allows you to climb easily through the gears with the choice of sporty clutchless manual gearshifts or a fully automatic mode. Whichever Mazda2 you choose, you'll be rewarded with a fun drive that only a Mazda can deliver.

Interior design.

When it comes to great design, the interior of Mazda2 is hard to beat. The centre console, instrument dial surrounds and door switch panels all boast a modern titanium-look. And then there's the chunky 3-spoke steering wheel with audio controls and high-quality textured materials.

The Mazda2 Antares and Capella models are also packed with contemporary styling; the smart interior features a refreshing dark blue colour theme throughout. The seat trims, door inserts and gear lever surround are all colour coordinated. There's even floor mats neatly finished with harmonised blue stitching and scuff plates with matching logos.

Comfort, too, is high on the agenda with Mazda2. Wide-opening doors create easy access, and excellent head, leg and shoulder room for both front and rear passengers means everyone can stretch out. And the layout of the instruments is logical, making them easy to read. In fact, Mazda2 has been named class winner of the What Car? Comfort Test for 2003 and 2004.

A whole lot from a supermini.

Mazda2 S.

Whether it's the morning dash to work, nipping out for a quick bite to eat or going on one of those vital shopping trips – the Mazda2 S is more than up to the challenge. And, it does it in style.

With stylish full body colour bumpers as well as the latest trim and interior styling, the Mazda2 S prefers to lead fashion rather than follow it. Not only are the driver's seat and steering wheel height-adjustable, but there's also remote central locking with alarm for extra peace of mind, as well as large windows and a raised driver position for that all-important visibility. Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) as well as Emergency Brake Assist (EBA) are standard features on all Mazda2 models to help you maintain optimum control at all times. Flat-folding rear seats, 3-point seatbelts and head restraints on all seats and ultra-useful steering wheel audio controls can also be found as standard.

In brief, the Mazda2 S possesses just the right mix of style, versatility and quality finishing to set it apart from its rivals.

Express yourself.

Mazda2 Antares.

Proving that every journey can be a pleasure, the Mazda2 Antares combines comfort and practicality to deliver an unparalleled level of luxury from a supermini. The only problem is, you won't want to arrive.

Taking the everyday stop-start of busy city streets in its stride, the Mazda2 Antares manages to infuse even seemingly mundane excursions with both quality and style. It's the little touches that make the difference, and the Mazda2 Antares has them in abundance. There are body colour exterior mirrors and door handles to complement the car's distinctive design. The interior boasts not only air conditioning but also electric front windows and a CD player for that extra touch of luxury. The Mazda2 Antares is a testament to sumptuous driving. Whether it's for work, shopping or an evening out – the Mazda2 Antares guarantees that you'll arrive feeling completely relaxed.

Define your style.

Mazda2 Capella.

Like the Mazda2 Antares, the Mazda2 Capella offers all you need for a thrilling drive in smart, comfortable surroundings. But with the Mazda2 Capella there are hints of even more sophistication and style.

An already high level of equipment is increased even further with electric front and rear windows including a safety cut-off switch. This enables the driver to deactivate the rear windows if required. And, for those winter mornings, the electric exterior mirrors are heated so you can be on your way with minimal fuss

Outside, distinctive 15" alloy wheels give the Mazda2 Capella a unique look with a confident stance that alludes to the excellent driving dynamics. The chrome exhaust tailpipe just adds the perfect finishing touch that makes it truly irresistible.

With good looks and so many special features, the Mazda2 Capella ensures that you'll effortlessly stand out from the crowd.

5-seater.

Rear seat back folding.

Rear seat flat folding.

Front passenger's* and rear seat backs folding, with 60:40 split.

Packed with storage solutions.

Designed for your ever-changing requirements, Mazda2 employs the latest innovations and freshest thinking to offer you exceptional interior space and practicality. Whether you're looking for a flexible luggage capability, or more comfort from a supermini – the Mazda2 range offers practical solutions to your real-life needs.

The wide tailgate, combined with the low flat floor, makes loading and unloading extremely simple. All the surfaces are neatly squared-off, so stowing large or bulky items isn't a problem either. Also, for extra capacity, the rear seats fold flat with a 60:40 split increasing load volume up to 1,044 litres. Even the front passenger seat can be folded flat to accommodate longer items*, while the cabin offers no less than 10 places to store hand luggage.

*Not available on Mazda2 S.

Feeling safe and secure.

Our aim is industry excellence when it comes to safety and security. And Mazda2 is a prime example of this determination. After all, what's the point of stylish good looks and exciting performance if you don't feel safe?

Mazda2's multi-faceted protection system starts with its rugged shell. In the event of a collision, the super-rigid body is designed to provide a survival space for all occupants. Which, combined with impact sensors, seatbelt pre-tensioners, dual-stage front airbags, optional side airbags and curtain airbags*, puts you and your passengers in one of the safest cars on the road. The advanced Anti-lock Braking System (ABS) standard on all derivatives features Electronic Brake-force Distribution (EBD) and Emergency Brake Assist (EBA) to increase braking performance in severe situations. Quite simply, when it comes to safety, there is no compromise with Mazda2.

1 Front airbags:

Both of the Mazda2's dual-stage front airbags deploy according to the impact severity, maximising passenger protection and minimising the risk of airbag-inflicted injuries.

2 Side and curtain airbags*:

Front side airbags and front and rear curtain airbags provide enhanced protection in the event of a side impact.

3 Seatbelt system:

All five of Mazda2's seats feature 3-point seatbelts, while the two front seats are equipped with seatbelt pre-tensioners and load-limiters to ensure that the stress applied to the front passengers is limited in the event of a collision.

*Optional on Mazda2 Capella only.

The personal touch.

Express your individuality with Mazda2's exclusive range of interior and exterior accessories, from satellite navigation to the innovative Supagard which protects your car against the elements. Listed below are just some of the accessories available.
