

The new A6 and S6
Pricing and Specification Guide

A User's Guide

This guide has been designed to help you tailor and price your chosen Audi model quickly and logically. At the back of this guide, there is a fold-out price calculator which you can fill out as you go along. Here you will also find information on CO₂ emissions-based taxation and the other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi online.

The Audi A6 Saloon and Avant

Voted 'World Car of the Year' in 2005, the Audi A6 is one of the most desirable models in the prestige market. A panel of 48 of the world's most respected journalists made the Audi A6 their number-one choice based on various set criteria; but it was the car's outstanding beauty and 'wow factor' that gave it the edge. Summed up by the words of judge Peter Lyon, "the A6's design and quality leads the pack. Every inch of that exterior is pure poetry".

And one doesn't have to look to far to see what he means. With their striking single-frame grille and dynamic body lines, the A6 Saloon and Avant exude luxury, energy and sophistication – impressions that certainly come to life on closer inspection. The choice of FSI® petrol engines, for instance, originate directly from motorsport, where the remarkably efficient direct-injection principle has enabled Audi to dominate the circuit, race after race. An impressive range of equally economical, piezo-injected TDI® diesel engines complete this extensive engine line-up. Inside, both models are more than equipped to complement your lifestyle – the Saloon with its luxurious finish and sophisticated technologies, the Avant with its 1,660-litre load-area and ingenious luggage-securing concept. Discover every component of Vorsprung durch Technik for yourself over the following pages.

Standard equipment

7.5J x 17 '5-spoke star' alloy wheels with 225/50 R17 Y tyres
12V power socket in luggage compartment
(Avant models only)

Anti-lock Braking System (ABS) with Electronic Brake-pressure Distribution (EBD)

Active front head restraints

Air vents with aluminium trim, 4 vents on the dashboard,
2 for the rear between the front seats, illuminated controls

Airbags, full-size, for driver and front passenger

Aluminium fascia and door trim inlays

Aluminium look in interior, on door handles, MMI control knob and gear lever

Ashtrays, illuminated, at the front of the centre console and in the rear doors

Anti-Slip Regulation (ASR) traction control. Prevents the driven wheels from spinning by reducing engine speed

Anti-theft alarm with tow-away protection including interior monitoring (Thatcham Category 1 approved)

Automatic air-conditioning plus. Separate air distribution for driver and front passenger with digital temperature-display, automatic air recirculation via air-quality sensor, combined pollutant-and pollen-filter and air humidity sensor

Body-coloured door mirrors, handles and bumpers

Brake light – third brakelight in rear window

Brake system: disc brakes at front and rear, ventilated at front (and rear on 4.2 quattro models)

CD player located in glove compartment
(not on 2.0 TFSI or 2.0 TDI)

CD changer located in glove compartment
(2.0 TFSI and 2.0 TDI only)

Centre armrests, front and rear. Front hinged with storage compartment

Central locking with radio remote-control

Centre console with ashtray, storage compartments and MMI terminal

Child locks, electric for rear doors and windows

Cigarette lighters at the front and rear

Coat hooks with cushioned action, two recessed in rear roof area

Compartment for glasses in front roof module

Cruise control

Cup holder within the centre console storage-compartment and a second cup holder beneath the front centre armrest
 Driver and front passenger two-stage airbags with front passenger airbag deactivation
 Driver's Information System (DIS) with monochrome display
 Dynamic suspension system
 Electric front and rear windows
 Electrically adjustable and heated door mirrors
 Electronic Differential Lock (EDL) traction control
 Electromechanical Parking Brake
 Electronic Stability Program (ESP). Networks the ABS, EBD, ASR and EDL systems, ensuring greater stability at all speeds by braking individual wheels as required and overriding the engine-management system

Exhaust pipes – twin chrome (downturned on diesel models)
 Exit lights and active reflectors on all doors
 Floor mats front and rear
 Four-link front suspension
 Front fog-lights, ellipsoidal, integrated into front apron
 Glove box on the passenger's side, lockable
 Head restraints for all five seats
 Headlights – halogen in clear glass with electric adjustment
 Heated rear window
 Heat-insulating glass (green-tinted)
 High-gloss pack with aluminium-look window-and door-handle trims with gloss-black B-pillar
 Illuminated vanity mirrors integrated into front sun visors

Immobiliser, electronic
 ISOFIX child-seat mounting (front-left and outer-rear seats)
 Light sensor for automatic activation of headlights
 Load area concept comprising rail system, lashing points and folding load-area floor (Avant models only)
 Luggage compartment cover (Avant models only)
 MMI with 10 loudspeakers and a 6.5" monochrome screen in dashboard with DSP sound system (160 Watt total output)
 Partition net (Avant models only)
 quattro® permanent four-wheel-drive (quattro models only)
 Rain sensor for automatic activation of front wipers
 Reading lights – two at front and two at rear
 Rear fog light

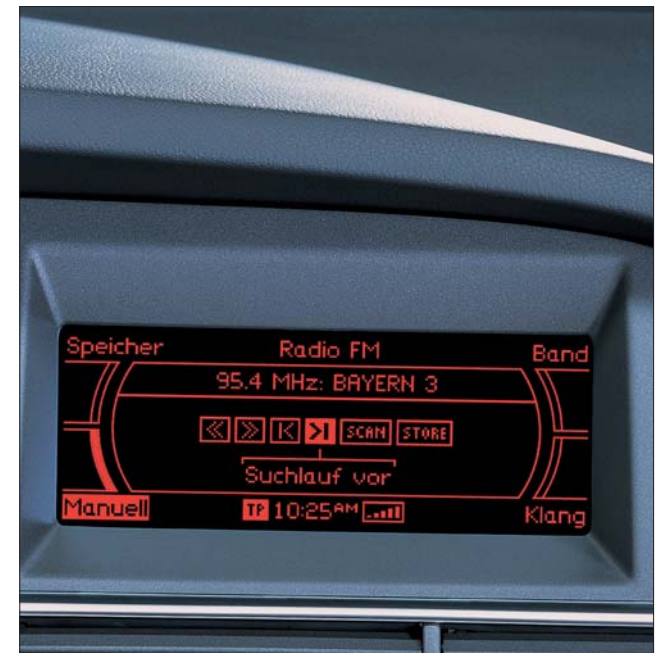

Standard equipment

Rear suspension, front-wheel-drive models with torsion beam, quattro models with double wishbone
Rear window wash/wipe (Avant models only)
Roof rails in aluminium (Avant models only)
Satellite Navigation system with route planning and guidance using voice and pictogram instructions, with UK CD-ROM (2.0 TFSI and 2.0 TDI models only)
Scuff plates with metal inlays
Seatbelts, 3-point for all seats with front belt-force limiters
servotronic steering – power steering with speed-dependent control
Side airbags for driver and front passenger
Side-impact protection in all doors

Sideguard head airbag system to protect front and outer rear passengers in a side collision
Spare wheel – full size alloy
Split-folding rear seats (Avant and quattro Saloon models only)
Steering column – safety, with manual height and reach adjustment
Steering wheel – 4-spoke, leather-covered multi-function with audio and basic MMI controls (with paddle-shift gear-change on automatic models)
Tool kit in luggage compartment
Towing lugs at front and rear
Twin catalytic converters

Upholstery – Meridian cloth
Visible Vehicle Identification Number (VIN)
Warning triangle
Windscreen-washer jets, heated

Additional equipment for 3.2 FSI and 3.0 TDI models:

80-litre fuel tank

Additional equipment for 4.2 quattro models:

7.5J x 17 '16-spoke' design alloy wheels
with 225/50 R17 Y tyres

80-litre fuel tank

Electric front seats with adjustment for height, inclination,
forwards and backwards position and backrest angle

Electric lumbar support

Enhanced brake system

Headlight cleaning system

Heated front seats

LED rear brake lights

Volterra leather upholstery

Walnut wood fascia and door-trim inlays

Xenon Plus headlights

S line trim

At Audi, we don't make cars that just look sporty; we make cars that literally raise the heart-rate, set the endorphins racing and take your breath away. Add an S line trim to your chosen model and you will enhance that experience even further. Featuring a range of muscular additions, including S line body styling, part-leather S line Sports seats and S line Sports suspension, the Audi A6 Saloon or Avant S line delivers a dynamic driving experience every time you get behind the wheel.

Please refer to page 30 for S line prices.

Includes

8J x 18 '5-arm' design alloy wheels with 245/40 R18 Y tyres

Black cloth headlining

Enhanced brake system (3.2 FSI and 3.0 TDI only)

Front Sports seats with S line logo, including electrically adjustable lumbar support for both front seats

Gear knob in perforated leather

Headlight washers

Leather covered 3-spoke S line multi-function steering wheel (with paddle-shift gear-change for automatic models)

Matt-brushed aluminium fascia and door trims

Radiator grille in S line design

Seat upholstery with seat-side sections in black leather and seat-centre section in black Speed cloth

S line badge (front grille and side wing)

S line body styling (front bumper and rear diffuser in sports design)

S line Sports suspension

Audi A6 'Le Mans' Edition

Audi is no stranger to victory at Le Mans. Since 2000, we've won the world-famous 24-hour race six times out of seven, five times in the legendary Audi R8 – which, since 2001, has had an FSI direct-injection petrol model famed for its remarkable power and fuel-efficiency. In 2006, however, Audi set itself a challenge – to be the first manufacturer ever to win Le Mans with a diesel car. What followed on 18 June 2006 was a new chapter in motorsports history, as the Audi R10 TDI sped past the finishing line at the 'Grand Prix of Endurance' in first place.

In recognition of this momentous achievement, we're producing a very special, Limited Edition 'Le Mans' A6 – a powerful 3-litre diesel model, featuring the remarkably fuel-efficient TDI technology which propelled Audi and the R10 to an historic victory in this year's race. Unlike the R10, however, this model comes complete with the following sporty, luxurious features.

The 'Le Mans' Edition is based on the S line trim and includes the following items of specification in addition to the 3.0 TDI quattro S line model:

Luxury pack

- Volterra leather upholstery
- Heated front seats
- Rear acoustic-parking system
- Interior light package

8.5J x 19 7-arm double-spoke alloy wheels with 255/35 R19 tyres

Metallic/pearl effect paint including unique S line colours

Le Mans Edition Saloon

Basic RRP	Recommended OTR
£28,736.17	£34,575.00

Le Mans Edition Avant

Basic RRP	Recommended OTR
£29,817.02	£35,865.00

Available with automatic tiptronic transmission for an additional £1400.00 RRP inc VAT.

Recommended 'On-The-Road' (OTR) retail prices include: delivery charge, full tank of fuel, numberplates at £577.00 (inc. VAT), Road Fund Licence (which may vary depending on model, see page 52 for details) and first registration fee at £38.00.

For OTR price calculations, the maximum possible Road Fund Licence value has been used (see page 50 for details). RRP – Recommended Retail Price.

Confident, imposing and supremely sporty, the Audi S6 is the latest addition to the A6 model range. Whether you opt for Saloon or Avant, this model features one incredibly potent engine – the 5.2 V10 FSI. The first ever V10 from Audi, this 435PS powerhouse has been developed with technical input from Lamborghini. The performance speaks for itself – a 0-62 mph sprint in the Saloon takes just 5.2 seconds, with a mere tenth-of-a-second's difference in the Avant – a fair compromise considering the latter's cavernous 1,660-litre load-capacity. Channelling all that power and maximising both handling and agility, the latest generation of quattro® permanent four-wheel-drive, modified aluminium-based Sports suspension and 19" alloy

wheels are also included as standard. Yet even with such impressive performance credentials, the Audi S6 doesn't flaunt its capabilities. The exterior design is confident yet subtle, including features such as flared front wheel arches, wide mudguard, aluminium-look wing mirrors and an integrated rear spoiler. Inside, sports styling and carefully-crafted luxury come together in the laterally-supportive leather Sports seats, multi-function leather Sports steering wheel and sleek carbon fibre inlays in the door panelling, dashboard and centre console. Comfortable, refined – but without compromising the raw sportiness that gives the Audi S6 its unique appeal.

Additional standard equipment for S6 quattro models over A6 standard model

- 10-cylinder 5.2 FSI engine (435PS)
- 19" 5-arm 'Wing' design alloy wheels with 265/35 R19 Y tyres
- 6-disc CD changer
- 6-speed tiptronic automatic transmission
- 80-litre fuel tank
- Aluminium-look wing mirrors
- Black-painted brake callipers featuring the S6 logo at front (15" brake disks at front, 13" at rear)
- Carbon Atlas inlays
- Coloured instrument inserts with white needles
- Distinctive LED daytime-running strip lights integrated in the bumper
- Driver's Information System (DIS), in colour
- Dual-branch oval exhaust system (4 tailpipes)
- DVD Satellite Navigation system
- Full-size spare wheel
- Interior light package. Includes lighting under the exterior mirrors and ambient lighting of the centre console and front and rear door trim panels. Also includes active door reflectors in front and rear doors, footwell lights with LED technology at front and rear and rear-door exit lights.

- Leather trimmed 3-spoke multi-function steering wheel with 'S6' logo and contrasting stitching and gear-change shift paddles in aluminium look
- Leather/Alcantara 'S' Sports seats – electrically adjustable with electric lumbar support
- MMI High. Multi-Media Interface operating system for vehicle and infotainment functions. Includes high-resolution 7" TFT colour display
- 'S' gear knob in leather and aluminium
- 'S' grille (platinum grey): double vertically-oriented chrome struts, S6 badge
- 'S' rear spoiler
- 'S' specific bumpers
- 'S' specific Sports chassis with latest-generation quattro drive, incorporating a 40/60 rear-biased torque-split
- S6 door-sill trim in aluminium look
- Split-folding rear seats
- Storage pack
- V10 badge on wheel arch below indicator
- Xenon Plus headlights including headlight washers

S6 quattro Saloon

Basic RRP	Recommended OTR
£46,425.53	£55,375.00

S6 quattro Avant

Basic RRP	Recommended OTR
£47,506.38	£56,645.00

quattro®

Permanent four-wheel-drive

Cars that deliver as much pulling power as the Audi A6 and S6 need a harness in place – a technology that delivers safety and control whilst enhancing the sporty characteristics which make them so thrilling to drive. That's why the latest generation of quattro® permanent four-wheel-drive is available on selected A6 models and standard on the S6. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-

driven wheels deliver better acceleration and road-holding. On quattro® models, drive power is continuously distributed between the front and rear axles depending on weather conditions, road surface and gradient. And what better technology to feature on this sporty model than the one that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago.

Engines

Petrol

There are two kinds available on this model – the standard petrol engine and the FSI® direct-injection engine. FSI® is a unique Audi technology originally developed for the Le Mans 24-hour endurance race to deliver increased power and torque as well as enhanced fuel efficiency. The way it does this is, in theory, very simple. Fuel is injected directly into the combustion chambers, ‘unthrottling’ the engine, reducing heat-loss and increasing output – all whilst reducing fuel consumption and exhaust emissions. Ideal for the buyer who wants a sporty, exhilarating drive without the drawbacks of excessive fuel costs or high emissions-based taxation.

Diesel

All diesel engines from Audi are known as TDI® – Turbo Direct Injection. This impressive technology was originally pioneered by Audi in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. Like its FSI® petrol counterpart, the TDI® diesel engine is designed for power and performance, with low fuel consumption and CO₂ emissions. The working principle of the TDI® engine is based upon precision and compression. A turbo-charger supplies fresh air to the engine, ensuring optimum filling of the cylinder. Immediately after compression, an injector then delivers fuel into the combustion chambers at a very high pressure. The result – you get the most in terms of performance and economy from every drop of fuel that enters the tank.

Transmissions

Audi offers a variety of different transmission options to suit your requirements and driving style. In addition to the classic manual gearbox are two innovative automatic and semi-automatic transmission options. To help you come to an informed decision, each of these is described in detail opposite.

multitronic®

Translating a driver's preferences and intentions into road performance, the multitronic® transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® automatic transmission is available on models without quattro permanent four-wheel-drive. A continuously variable transmission, multitronic® can transmit up to 310 Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption.

tiptronic

The 6-speed tiptronic transmission system is a form of automatic transmission available on Audi models with quattro® permanent four-wheel-drive. The technology converts high-torque engine power into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and an optimised gearshift strategy. More spontaneous gear changes are a particular benefit, especially when down-shifting. Both in the 'D' (Drive) and 'S' (Sport) programme, the advanced electronics used in tiptronic respond efficiently to every driver input, helping to prevent unwanted upshifts when cornering.

Audi exclusive

In a car made from Vorsprung durch Technik, exclusivity comes as standard. In the Audi A6 and S6 it's present in everything, from the distinctive single-frame front grille to the stylish tail lights. But for that extra element of exclusivity, customise your Audi according to your

own unique taste with options from Audi exclusive. Whether you want Fine Nappa leather seats, a part-wood steering wheel or even customised seatbelts in your chosen model, Audi exclusive offers an impressive number of options to make it your own.

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the type of fuel a vehicle uses and the amount of carbon dioxide (CO₂) it emits, measured in grams per kilometre (g/km). The DVLA has created six categories for petrol engines and six categories for diesel engines.

CO₂ emission figures

The CO₂ emission figures quoted in the technical data section on pages 20-21 are based on a fully laden vehicle, including the driver, and the heaviest possible options configuration. Actual CO₂ emissions may be lower depending on options selected.

	Petrol engines	Diesel engines
A – up to 100 g/km	£0.00	£0.00
B – 101 to 120 g/km	£40.00	£50.00
C – 121 to 150 g/km	£100.00	£110.00
D – 151 to 165 g/km	£125.00	£135.00
E – 166 to 185 g/km	£150.00	£160.00
F – 186 to 225 g/km	£190.00	£195.00
G – over 226 g/km	£210.00	£215.00

Servicing

Servicing tailored to your needs

Prior to the 2000 model year, almost all Audi models followed a traditional fixed Service Schedule similar to that of other major car manufacturers: a Lubrication Service every 10,000 miles and an Inspection Service every 12 months or 20,000 miles – whichever occurred sooner. Since then, Audi has introduced a more flexible maintenance system that works in accordance with how, where and how much an individual uses their car.

The two Servicing Regimes available are the conventional 'Inspection Service Regime' and the flexible 'LongLife Service Regime'. When you purchase a new car, we will recommend one of these regimes to you depending on your own individual driving style and journey-type. The tables below should give you an indication of which regime might be more appropriate for you.

With the LongLife Service Regime, on-board sensors continuously monitor the condition of the engine oil in terms of temperature, level and oil degradation. The monitoring system also checks mileage, brake-pad wear and battery condition. Using this information, the car's on-board

computer calculates its own maintenance interval, providing you with ample warning of a due Service via the 'distance to Service' display.

In practice, this means that every Audi gets the maintenance it needs, when it needs it. For companies and private owners alike, there are many advantages to the LongLife Service Regime. Longer service intervals mean lower maintenance costs, and thus lower whole-life costs. According to company car mileage monitored at Audi since the introduction of LongLife, petrol engines are typically achieving an average of at least 17,500 miles and diesel engines around 20,000 miles between services.

One of the factors that makes this kind of servicing regime possible is the advanced engineering and technology that goes into Audi engines. Furthermore, Audi use high-grade long-life oils such as Castrol SLX LongLife III, which are designed to withstand ageing and high loads without deterioration. Compared to conventional oils, these advanced-formulation oils also give exceptional levels of engine protection, are kinder to the environment and deliver average fuel savings of 2.7%.

Inspection Service Regime

	Vehicle usage:
Mileage	Less than 10,000* miles per annum.
Type of Journey	Mainly city/town centre driving. Short journeys.
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing.
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving.

	Service intervals:
Oil-change Service	Every 10,000* miles/1 year
Interval Service	Every 20,000* miles/2 years
Interval Service Inspection	Every 40,000* miles/4 years

LongLife Service Regime

	Vehicle usage:
Mileage	More than 30 miles per day.
Type of Journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading.
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3000.

	Service intervals:
Interval Service	Flexible to a maximum 20,000* miles/2 years
Interval Service Inspection	Every 40,000* miles/4 years

*Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am-6pm Monday to Friday
9am-5pm Saturday

Service: 8am-6pm Monday to Friday
8.30am-1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

Every attention to detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

All our courtesy cars are insured and fuelled

Upon collection or delivery, your courtesy car will have a minimum of a quarter of a tank of fuel; all we ask is that you replace any fuel used before returning it to us. On presentation of your driving licence, we will also insure the car free of charge.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5%.

Delivery charges and numberplates are not included in the vehicle price.

<u>Delivery charge</u>	<u>£471.06</u>
<u>Numberplates</u>	<u>£20.00</u>
<u>VAT</u>	<u>£85.94</u>
<u>Total</u>	<u>£577.00</u>

Audi Roadside Assistance

Your new car comes complete with free roadside assistance and recovery across the UK provided by RAC Motoring Services. Your 24 months' free cover can be extended for a further year free-of-charge, provided that your vehicle is serviced and, if necessary, repaired by an Authorised Audi Centre or Audi-Authorised Repairer in accordance with the manufacturer's instructions.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery.

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is our full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire Purchase
- ▶ Lease Purchase
- ▶ Finance Lease
- ▶ Contract Hire

With all our finance products, you can choose one of our fixed-cost maintenance plans, which are designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Motor insurance specially tailored to your Audi is available from Audi Insurance. For a no-obligation quote, please ring Linkline on 0845 6016014.
