Exterior and Interior

Surround yourself with pleasure

INTERIOR

Bright airy interior

Bright airy interior

Slip into a Micra C+C and you feel like you're still outside. The unique glass roof lets in the light whether the roof's up or down. Stylish trim choices like Ice Blue and Chocolate and a chic interior design add to the fresh, airy feeling within.

Intelligent technology

Intelligent technology

Life is easy in the Micra C+C. Headlamps stay lit for up to 30 seconds to light your way home, and the A/C* regulates the temperature automatically. Push a button, and the roof retracts in 22 seconds. The Intelligent Key* system unlocks the doors when you push a door handle button, and starts the engine with a simple turn of the ignition button. Even the audio system regulates the volume according to the car's speed when the roof is down.

2+2-seater

2+2-seater

The Micra C+C has enough seats for four adults. Wide doors and a special seatback tipping mechanism ensure easy access to both front and rear seats.

Practical storages

Practical storages

The Micra C+C provides an amazing 428 litres of trunk space. Even with the roof down, there's still 225 litres of space. Inside, you'll find lots of practical storage: a lockable hidden 10-litre compartment under the passenger seat, an extra-large glove box, deep door pockets, cup holders, even a fold-away hook on the passenger side for your shopping bags.

EXTERIOR

Pure design

Pure design

Chic and elegant, the Micra C+C doesn't go unnoticed. Its dashing character is established by the sports-style bumpers and side spoilers, front fog lamps, and chrome exhaust finisher.

Nine body colours

Nine body colours

With nine colours to choose from, your Micra C+C will match your personality -- whether you opt for eye-catching Soft Green or a more subtle Caffé Latte. Paintwork is carefully applied with a resilient protective finish, ensuring that your Micra C+C will look brilliant for years to come.

Performance

The joy of driving

ENGINE

1.4l 88 PS engine

1.4l 88 PS engine

A lively 1.4-litre engine responds eagerly to your touch, with 16 valves and a drive-by-wire throttle. Even with 4 people on board, you can feel its 88 PS of power. In May 2006, it will also be available with electronic automatic transmission.

1.6l 110 HP engine

1.6l 110 HP engine

The Micra C+C's 1.6 litre engine has a real feeling of urgency and energy. It delivers an eager 110 PS (81 kW) and over 150 Nm torque.

HANDLING & BRAKING

High driving position

High driving position

Even though it's compact, the Micra C+C gives you a commanding view of the road: the driver is seated reassuringly high for excellent visibility.

Agile handling

Agile handling

The tightest parking space is no challenge for the Micra C+C. At only 9.2 meters curb to curb (with 15" wheels), it has one of the tightest turning circles in its class. Electronic speed-sensitive power steering also makes the Micra C+C easy to manoeuvre.

NISSAN MICRA C+C

Performance

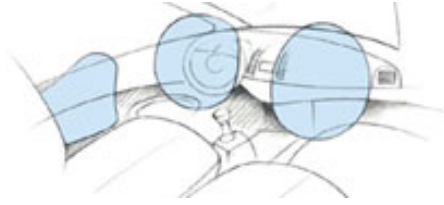

Frugality never felt so good

	Fuel consumption (l/100 km)			CO2 Emission Combined (g/km)
	Urban cycle	Extra cycle	Combined cycle	
1.4 16v Manual (Coupe' Convertible)	8.2	5.6	6.6	158
1.6 16v Manual (Coupe' Convertible)	8.7	5.6	6.7	160

Safety and Security

Secure driving enjoyment

PASSIVE SAFETY

4 airbags

4 airbags

Four airbags are standard, protecting you and your passengers. The front passenger airbag can be turned off when a child seat is placed in the front.

Increased body stiffness

Increased body stiffness

Beyond the city, the Micra C+C takes control of the road. A specially stiffened body minimises roll and helps the car grip the pavement, providing secure yet agile handling. So driving is safe, yet satisfying and fun.

ACTIVE SAFETY

Effective braking

Performance ABS

The Micra C+C stops as well as it goes. Nissan Brake Assist (NBAS) automatically increases braking pressure, reducing emergency stopping distances by up to 15%. And Anti-lock Braking System (ABS) monitors each wheel and prevents them from locking – keeping you in control of steering.

Electronic Stability program

Electronic Stability program

The Electronic Stability Program* relies on a range of electronic sensors to monitor wheel speed and steering angle. To help keep you in your intended direction on slippery roads and in emergency manoeuvres, the system reduces engine output and applies braking to individual wheels to correct under- and over-steer.

NISSAN MICRA C+C

Grades & equipment

AVAILABLE GRADES

Grade : URBIS

The URBIS grade lets in the light all year round with its standard C-view glass roof, which retracts by simply pushing a button. 15" alloy wheels, chrome headlamps, an exhaust pipe finisher and a leather steering wheel add to the fun.

From £13,150

Grade : SPORT

The SPORT grade has sports style written all over it – inside and out. Sculpted sport seats, drilled aluminum pedals and an aluminum gearknob bring the elegance within, while 16" dark alloy wheels and black headlamps make a statement on the street.

From £13,995

Grade : ESSENZA

The ESSENZA grade add a luxurious two tone part leather trim along with Climate control and ESP.

From £14,995
