NISSAN X-TRAIL

Exterior and Interior

Designed for life

INTERIOR

Large cabin and luggage area

The X-TRAIL's long wheelbase and estate rear creates plenty of room for five passengers and luggage. With the back seats folded down you have a completely flat load area and cavernous 1841 litres of space. The load area floor can be removed and hosed down to clean.

Clever storage

There's a place for everything in the X-TRAIL. The rear centre armrest folds down to reveal a ski-hatch wide enough for a snowboard or a load of lumber. More storage for your personal items is concealed in the armrest itself. Up front, the driver facing storage box and split level glovebox hold all your essentials. And there are even can-cooling cupholders in the front that keep your drinks cool when the air conditioning is on.

Panoramic sunroof

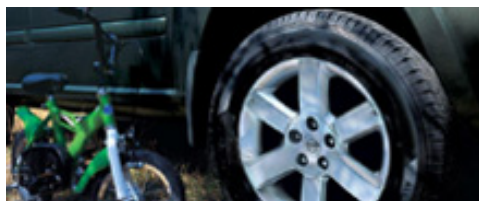

The X-TRAIL's sunroof is much larger than conventional sunroofs, enabling you to get even more pleasure from the great outdoors. The sunroof is standard on all models bar the SE.

Family Pack

Available on dCi SE models the Family Pack has a unique seat trim and transforms the back seat area. Family friendly features include "relax" headrests so kids can sleep comfortably and a toy box with power outlet. The large centre armrest with integrated table keeps the kids separate and happy.

EXTERIOR

Stylish Wheels and Privacy Glass

17" alloy wheels and privacy glass are now standard on Columbia and Aventura grades, with 16" alloys on SE. The alloy wheels give X-TRAIL a sporty look, while privacy glass protects you from unwanted attention and also blocks out more of the sun's potentially harmful UV rays.

The shape of adventure

Every aspect of the X-TRAIL has been shaped with tool-like precision. A steeply angled nose and tail enables the X-TRAIL to power up and down steep inclines. While wide wheel arches leave plenty of room for wheel movement as the suspension tames tough terrain

Large roof rack with driving lamps

Optional on the Aventura grade, the unique roof mounted safari lamps give the term night-life a whole new meaning. Integrated into aluminium roof rails that can hold up to 100kg when the accessory crossbars are fitted, the lamps increase the lighting range to 180 metres for enhanced night vision.

ENGINE

Diesel engine with 136PS

The X-TRAIL's 2.2 dCi turbo engine has the latest common rail injection and M fire combustion system, and delivers 100kW (136 PS) of power. As well as impressive fuel economy and low CO2 emissions, it also produces 304 Nm of torque at 2000 revs.

Petrol engines with 140 to 165 PS

The 2.5 petrol litre engine features twin camshafts and 16 valves, run via a silent chain with continuously variable valve timing control (CVTC). This generates 165 PS of no-nonsense power. For a balance between performance and economy, you can opt for the 2.0 litre petrol engine with its 140 PS. Whichever engine you choose, low noise and vibration create a quiet and smooth ride, whether it's over city bumps or country potholes.

The pleasure of cruise control

On long roads, cruise control keeps the X-TRAIL's speed constant. This enables you to concentrate on the road ahead, making driving safer and more comfortable. A light touch on the brake or accelerator and you are back in control of the speed of the vehicle. Cruise control is now standard on 2.5 petrol and 2.2 diesel engine models.

HANDLING

4 independent suspensions

The X-TRAIL's suspension easily tackles tough terrain, and it's smooth you're back on tarmac. With four independent suspensions, each wheel responds to bumps without transferring the shock to the other wheels – making for a truly comfortable ride.

Dynamic cornering

The X-TRAIL is a 4x4 that corners like a sports car. Thanks to its independent suspension and excellent body control, the X-TRAIL handles with assurance.

NISSAN X-TRAIL

Performance

	Fuel consumption (l/100 km)			CO2 Emission Combined (g/km)
	Urban cycle	Extra cycle	Combined cycle	
2.0i 5 manual 4x2 (5 door)	11.9	7.4	9.1	217
2.2 dCi 136 6 manual 4x2 (5 door)	9.0	6.7	7.5	201
2.2 dCi 136 6 manual 4x4 (5 door)	9.2	6.8	7.6	203
2.5i 4 automatic 4x4 (5 door)	12.7	7.9	9.6	231
2.5i 5 manual 4x4 (5 door)	12.6	7.6	9.4	226

Safety and Security

Confidence

PASSIVE SAFETY

ISOFIX child seat brackets

The X-TRAIL includes brackets which make it easy to attach ISOFIX child safety seats. Quick and secure installation ensures total peace of mind.

Airbags

<p>All models have driver and passenger plus front side airbags, for confident driver and passenger protection.</p>

Active headrests

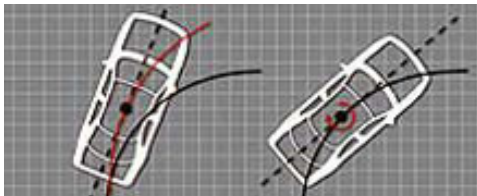

To minimise the risk of whiplash, X-TRAIL head restraints move forward then return to their normal position in the event of a collision.

ACTIVE SAFETY

Powerful brakes

The X-TRAIL has three braking systems to help you stop safely. Electronic Brake Force Distribution (EBD), automatically regulates the pressure between the front and rear brakes, giving all wheels optimum braking – even when towing or carrying heavy loads. In emergency braking, Brake Assist increases the force applied to the brakes. And ABS prevents the wheels from locking, making it easier to steer around obstacles.

ESP+ (Electronic Stability Program)

<p>The Electronic Stability Program+ (ESP+) has a myriad of electronic sensors that measure wheel speed and steering angle. This increases stability by reducing engine output and applying braking to individual wheels when conditions require it. ESP+ is fitted as standard on the T-Spec model. The X-TRAIL also comes with speed sensitive power steering, enabling you to corner enthusiastically yet safely.</p>

NISSAN X-TRAIL

Grades & equipment

AVAILABLE GRADES

Grade : SE

Anything but basic, the X-TRAIL SE offers far more than just the bare necessities. As well as a host of safety features, electric windows and door mirrors, climate control air conditioning and a CD player are all standard. 16" alloy wheels are also standard on all SE models.

From £16,500

Grade : Columbia

A roof spoiler, 17" alloy wheels and privacy glass provide the X-TRAIL Columbia with attitude. A large panoramic sunroof lets the outside in. Inside, you're pampered with standard features like climate control air conditioning, CD audio system and power foldable and heated door mirrors.

From £20,000

Grade : Aventura

The X-TRAIL Aventura features leather upholstery, heated and powered front seats, DVD satellite navigation, xenon lamps and ESP+ making it the ultimate in refined elegance.

From £22,000
