

Audi

The new Audi A5
Pricing and Specification Guide

A User's Guide

This guide has been designed to help you tailor and price your chosen Audi model quickly and logically. At the back of this guide, there is a fold-out configurator which you can fill out as you go along. Here you will also find information on CO₂ emissions-based taxation and the other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi online.

The new A5

With the proportions of a classic Coupé, the sport-styled A5 is one of the most impressive pioneering designs to date. Sculptured bodywork and aerodynamic lines create a powerful impression of athleticism, reinforced as your eyes follow the trim around muscular wheel arches and along the innovative stretched bonnet design.

This dynamic exterior is more than matched by a host of prestigious interior features. The harmonious lines and understated two-tone upholstery emphasise the driver's area while retaining its athletic profile. The precise instrument cluster is fully integrated into the dashboard, while the door controls, trim, armrest and storage compartment combine in a single, effective unit.

Choosing between 2 impressive engines – 1 petrol and 1 diesel – isn't made easier when you realise that each provides an exceptionally powerful, pulse-quickenning experience. And with optimised axle-load distribution, driving has never been as satisfying as it is on the A5's 17" alloy wheels.

A large, three-dimensional metallic logo consisting of the letters 'A' and '5'. The 'A' is partially visible on the left edge, and the '5' is the main focus, rendered in a brushed metal finish with a dark shadow underneath. The background is a blurred, light-colored surface.

quattro®

Permanent four-wheel-drive

Cars that deliver as much pulling power as the Audi A5 and S5 quattro need a harness in place – a technology that delivers safety and control whilst enhancing the sporty characteristics which make them so thrilling to drive. That's why the latest generation of quattro® four-wheel-drive is available on selected A5 and S5 quattro models. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding. On quattro® models, drive power is continuously distributed between the front and rear axles depending on weather conditions, road surface and gradient. And what better technology to feature on this sporty model than the one that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago.

Engines

Petrol

All A5 petrol engines feature FSI® direct-injection – a unique Audi technology originally developed for the Le Mans 24-hour endurance race to deliver increased power and torque as well as enhanced fuel efficiency. The way it does this is, in theory, very simple. Fuel is injected directly into the combustion chambers, ‘unthrottling’ the engine, reducing heat-loss and increasing output – all whilst reducing fuel consumption and exhaust emissions. Ideal for the buyer who wants a sporty, exhilarating drive without the drawbacks of excessive fuel costs or high emissions-based taxation.

Diesel

All diesel engines from Audi are known as TDI®. This impressive technology was originally pioneered by Audi in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. Like its FSI® petrol counterpart, the TDI® diesel engine is designed for power and performance, with low fuel consumption and CO₂ emissions. The working principle of the TDI® engine is based upon precision and compression. A turbocharger supplies fresh air to the engine, ensuring optimum filling of the cylinder. The result – you get the most in terms of performance and economy from every drop of fuel that enters the tank.

Standard equipment

All A5 models have the following items of standard equipment

Wheels, tyres and suspension

7.5J x 17 '7-spoke' design alloy wheels with 225/50 R17 tyres and locking wheel bolts

Space-saver spare wheel

Audio and communication

Audi Concert audio system – MP3-compatible single CD player and radio with a 6.5-inch high-resolution colour display

10 high-performance loud speakers (180 Watts) and 6-channel amplifier

Seats

Folding rear seat

Four seats

Milano leather upholstery

Safety and security

Anti-theft device – Thatcham Category 1 approved

Door mirrors – electrically operated and heated

Electromechanical parking brake

First aid kit

Front and rear fog lights

Front and rear ISOFIX with front passenger airbag de-activation switch

Rear acoustic parking system

Toolkit and car jack

Warning triangle

Xenon headlights including LED daytime-driving lights, headlight washer system and automatic range adjustment

Interior equipment

3-spoke Sports multi-function leather steering wheel

Deluxe 3-zone climate control with separate air distribution and digital temperature displays for the driver, front passenger and rear passenger compartment

Driver's Information System in colour

Electric front windows

Front and rear floor mats

Front centre armrest

Inlays in Mircometallic platinum

servotronic speed-related power-assisted steering

Exterior equipment

Aluminium window trims framing the exterior side windows

Auto-opening boot lid

Exhaust pipes – single on left-and right-hand side in chrome rolled finish

High gloss black painted grille

S5 quattro

All S5 quattro models have the following additional items of standard equipment

Wheels, tyres and suspension

8.5J x 19 '5-parallel spoke' design alloy wheels with 255/35 R19 tyres

'S' Sports suspension

Seats

S5 Sports seats with electric adjustment and lumbar support

Silk Nappa leather upholstery

Through-load facility

Safety and security

'S' model enhanced braking system

Interior equipment

3-spoke 'S' Sports multi-function leather steering wheel

Aluminium scuff plates with S5 logo

Interior lighting package

Inlays in Matt-brushed aluminium

'S' instrument dials

Exterior equipment

Aluminium-effect door mirror housings

Exhaust pipes – twin on left-and right-hand side in chrome rolled finish

Painted brake callipers with S5 logo

'S' body styling

Sport model premium

At Audi, we don't make cars that just look sporty; we make cars that literally raise the heart-rate, set the endorphins racing and take your breath away. Add a Sport trim to your chosen model and you will enhance that experience even further. Featuring a range of muscular additions, including 18" 10-spoke V design alloy wheels, Sports seats and Sports suspension, the Audi A5 Sport delivers a dynamic driving experience every time you get behind the wheel.

Sport models include

8.5J x 18 '10-spoke V' design alloy wheels
with 245/40 R18 Y tyres

Sports seats

Sports suspension. 20mm lower ride height with stiffer spring settings
and shock-absorbers

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the type of fuel a vehicle uses and the amount of Carbon Dioxide (CO₂) it emits, measured in grams per kilometre (g/km). The DVLA has created six categories for petrol and diesel engines.

CO₂ emission figures

The CO₂ emission figures quoted in the technical data section on page 15 are based on a fully laden vehicle, including the driver, and the heaviest possible options configuration. Actual CO₂ emissions may be lower depending on options selected.

	Petrol and Diesel engines
A – up to 100g/km	£0.00
B – 101 to 120g/km	£35.00
C – 121 to 150g/km	£115.00
D – 151 to 165g/km	£140.00
E – 166 to 185g/km	£165.00
F – 186 to 225g/km	£205.00
G – over 226g/km	£300.00

Servicing

Servicing tailored to your needs

Prior to the 2000 model year, almost all Audi models followed a traditional fixed Service Schedule similar to that of other major car manufacturers: a Lubrication Service every 10,000 miles and an Inspection Service every 12 months or 20,000 miles – whichever occurred sooner. Since then, Audi has introduced a more flexible maintenance system that works in accordance with how, where and how much an individual uses their car.

The two Servicing Regimes available are the conventional 'Inspection Service Regime' and the flexible 'LongLife Service Regime'. When you purchase a new car, we will recommend one of these regimes to you depending on your own individual driving style and journey-type. The tables below should give you an indication of which regime might be more appropriate for you.

With the LongLife Service Regime, on-board sensors continuously monitor the condition of the engine oil in terms of temperature, level and oil degradation. The monitoring system also checks mileage, brake-pad wear and battery condition. Using this information, the car's on-board

Inspection Service Regime

	Vehicle usage:
Mileage	Less than 10,000* miles per annum.
Type of Journey	Mainly city/town centre driving. Short journeys.
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing.
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving.

	Service intervals:
Oil-change Service	Every 10,000* miles / 1 year
Interval Service	Every 20,000* miles / 2 years
Interval Service Inspection	Every 40,000* miles / 4 years

computer calculates its own maintenance interval, providing you with ample warning of a due Service via the 'distance to Service' display.

In practice, this means that every Audi gets the maintenance it needs, when it needs it. For companies and private owners alike, there are many advantages to the LongLife Service Regime. Longer service intervals mean lower maintenance costs, and thus lower whole-life costs. According to company car mileage monitored at Audi since the introduction of LongLife, petrol engines are typically achieving an average of at least 17,500 miles and diesel engines around 20,000 miles between services.

One of the factors that makes this kind of servicing regime possible is the advanced engineering and technology that goes into Audi engines. Furthermore, Audi use high-grade long-life oils such as Castrol SLX LongLife III, which are designed to withstand ageing and high loads without deterioration. Compared to conventional oils, these advanced-formulation oils also give exceptional levels of engine protection, are kinder to the environment and deliver average fuel savings of 2.7%.

LongLife Service Regime

	Vehicle usage:
Mileage	More than 30 miles per day.
Type of Journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading.
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3000.

	Service intervals:
Interval Service	Flexible to a maximum 20,000* miles / 2 years
Interval Service Inspection	Every 40,000* miles / 4 years

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am–6pm Monday to Friday
9am–5pm Saturday

Service: 8am–6pm Monday to Friday
8.30am–1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

Every attention to detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

All our courtesy cars are insured and fuelled

Upon collection or delivery, your courtesy car will have a minimum of a quarter of a tank of fuel; all we ask is that you replace any fuel used before returning it to us. On presentation of your driving licence, we will also insure the car free of charge.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5%.

Delivery charges and numberplates are not included in the vehicle price.

<u>Delivery charge</u>	<u>£471.06</u>
<u>Numberplates</u>	<u>£20.00</u>
<u>VAT</u>	<u>£85.94</u>
<u>Total</u>	<u>£577.00</u>

Audi Roadside Assistance

Your new car comes complete with free roadside assistance and recovery across the UK provided by RAC Motoring Services. Your 24 months' free cover can be extended for a further year free-of-charge, provided that your vehicle is serviced and, if necessary, repaired by an Authorised Audi Centre or Audi-Authorised Repairer in accordance with the manufacturer's instructions.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire Purchase
- ▶ Lease Purchase
- ▶ Finance Lease
- ▶ Contract Hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Competitive comprehensive motor insurance designed specially for Audi drivers. All new Audi models come with complimentary seven-day cover upon request – we'll email a cover note directly to your Audi Centre, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and can begin as soon as your free seven-day cover expires.

For more information, contact your local Audi Centre. Alternatively, call 0800 051 3146 for a quote and to receive 7 days' complimentary cover for your new Audi.

Audi Insurance is underwritten and administered by Zurich Insurance Company.
