Mazda CX-7

ZOOM-ZOOM

A racing heart beats inside

2

Images in this brochure are of a pre-production model. The design features and technical data on the final version may differ and some of the features shown may be optional or unavailable.

An exhilarating 190 kW (258 PS) turbocharged engine. Confidence-inspiring all-wheel drive reflexes. Sleek, muscular lines. And a drive that is sure to entertain. The new Mazda CX-7 brings together SUV practicality and sports car vitality like never before. Now that's Zoom-Zoom!

A sports car. From a new perspective

Settle into the sensational new Mazda CX-7 and you know that you are in command of something very special. From the thick leather-trimmed sports steering wheel and perfectly positioned gear shift to the premium craftsmanship and technology, the Mazda CX-7 is a secret just waiting to be discovered.

To lead, you need an original thought

The new Mazda CX-7 continues the Zoom-Zoom tradition of creating unique and exciting vehicles. By cleverly blending the sure-footed attributes of an SUV with the rewarding performance of a sports car, the Mazda CX-7 presents a compelling alternative for those driven by a spirit for adventure.

With its broad, powerful shoulders, aerodynamic coupé-like roofline and imposing 18" alloy wheels, the new Mazda CX-7 boldly signals its sporting intent. Beneath the sweeping bonnet, the high-performance 2.3-litre MZR DISI direct-injection turbocharged engine delivers its impressive power through a slick-shifting 6-speed manual transmission to either the front or all four wheels, as the conditions demand, for an altogether more gripping drive.

Style is subjective. Great design isn't

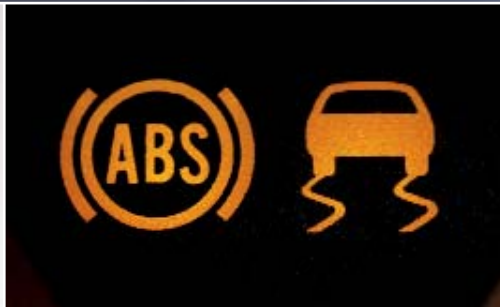

The new Mazda CX-7's sports car character isn't simply confined to the outside. A tactile sports steering wheel, a 3-dial instrument cluster, figure-hugging front bucket seats and stylish 2-tone trim continue the sports car expression inside.

Beyond the driver's cockpit, you'll enjoy a feeling of space with room for up to five occupants – and thoughtful storage for all their gear too. Plus a wealth of advanced features to help you get the most out of every journey.

State-of-the-art features include a premium Bose® 6-CD audio system with MP3 player, automatic climate control and the very latest Mazda Advanced Keyless Entry and Start System that allows you to open the doors, and start or stop the engine, without removing the card-shaped device from your pocket. Although you fall in love with the exterior, it's inside where you form a lasting relationship.

Drive in confidence

Powerful, balanced and safe, the thrilling new Mazda CX-7 lets you drive in complete confidence. The advanced Active Torque Split All-Wheel Drive system delivers its power efficiently to the road and is combined with both Traction Control System (TCS) and Dynamic Stability Control (DSC) for enhanced stability and reduced wheelspin. Six airbags, including side curtain airbags that inflate in the event of a side impact, further add to the Mazda CX-7's all-round impressive safety credentials.

Specification

Technical Data*

Mazda CX-7 2.3 MZR DISI Turbo

Displacement (cc)	2261
Maximum output [kW (PS) / rpm]	190 (258) / 5000
