# Exterior and Interior

Style with substance

## INTERIOR

### Climate control air conditioning

No more fiddling with various knobs or buttons. Complete climate control is available on all Primera models, which automatically maintains your preferred cabin temperature.

### Auto-dim rear view mirror

The auto-dim rear view mirror, on SX grade and above, helps visibility at night by automatically reducing the glare of headlights from vehicles behind you. The brighter the glare, the darker the mirror becomes.

### Drive computer

Everything you need to know about your journey is shown on the drive computer, including driving time, average speed, average fuel consumption and distance to empty. The information is shown on the centre monitor, which is easy to see without distracting you from the road.

## EXTERIOR

### A shape with unique appeal

Whether you choose the 5-door hatchback or estate, the Primera's elegant, sweeping, streamlined profile hints that this is an innovative car. Inspired, individual styling details instantly set it apart, and with its sleek, powerful look, the Primera is a car that simply can't be ignored.

### Two body types

Business, driving for fun, family outings. Whatever your lifestyle, with a 5-door hatchback and a sleek estate to choose from, you'll find a Primera that suits you.

### Rain-sensing wipers

To save you forever switching the wipers between on, intermittent and off, Primera SX grades and above have a rain sensor. Quite simply, when there's rain, it wiper, when it's dry, it doesn't.

### Xenon headlamps

The key to safe driving is seeing clearly, night and day. The Primera's xenon headlamps, available on SVE grade, provide a wide angle of light that closely simulates daylight.

# Performance

The economy of power

## ENGINE LINE UP

### 1.8 petrol engine

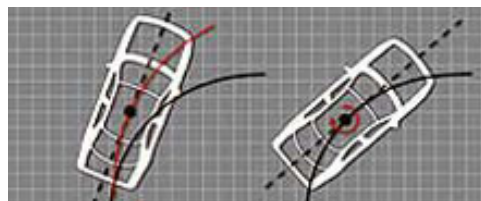

Our 1.8 petrol engine includes continuously variable valve timing for a smooth, continual surge of torque. You can feel it whenever you accelerate – in any gear.

## HANDLING & BRAKING

### Braking system

Three braking systems work together to help you stop quickly and safely. Electronic Brake force Distribution (EBD) distributes maximum braking effort to the wheels that have the most grip available. Nissan Brake Assist (NBA) helps you apply additional braking pressure in an emergency braking situation. And the Anti-lock Braking System (ABS) prevents the wheels from locking while braking, keeping you in control.

### Electronic Stability Program (ESP)

The Electronic Stability Program, available on certain grades, keeps the Primera on your intended course. If the car is losing grip around a corner, ESP can brake each wheel independently and ease the throttle to rebalance the car. It's so subtle you probably won't realise it's working. But under demanding road conditions, you'll certainly appreciate the benefit.

### Short braking distance

When you need to stop suddenly, you want to stop in the shortest possible distance. The Primera has one of the shortest stopping distances in its class, achieved by large disc brakes, Electronic Brake force Distribution (EBD) and Nissan Brake Assist (NBA).

# NISSAN PRIMERA

## Performance

	Fuel consumption (l/100 km)			CO2 Emission Combined (g/km)
	Urban cycle	Extra cycle	Combined cycle	
1.8 16v 5 speed manual (5 door estate)	9.6	6.1	7.4	177
1.8 16v 5 speed manual (5 door hatchback)	9.6	6.1	7.4	177

Peace of mind

## ACTIVE SAFETY

### Braking system

Three braking systems work together to help you stop quickly and safely. Electronic Brake force Distribution (EBD) distributes maximum braking effort to the wheels that have the most grip available. Nissan Brake Assist (NBA) helps you apply additional braking pressure in an emergency braking situation. And the Anti-lock Braking System (ABS) prevents the wheels from locking while braking, keeping you in control.

### Electronic Stability Program (ESP)

The Electronic Stability Program, available on certain grades, keeps the Primera on your intended course. If the car is losing grip around a corner, ESP can brake each wheel independently and ease the throttle to rebalance the car. It's so subtle you probably won't realise it's working. But under demanding road conditions, you'll certainly appreciate the benefit.

## PASSIVE SAFETY

### Six airbags and active headrest

Every Primera comes with front, side and curtain airbags as standard. To help prevent whiplash, active headrests limit head movement if you're hit from behind.

### Smart seat belts

The restraint system fitted to the Primera has two major features to help reduce injuries. Front seatbelts with pretensioners will automatically help tighten the belts should the airbags deploy. However, if your body puts too much force on the belt, load limiters will cause the belt to give a little.

### Reinforced cabin

Every seat is a safe seat in the Primera. The car has a reinforced cabin that cradles occupants in an extra strong cell, and the roof is padded to provide extra head protection.

### ISOFIX fixings

The Primera includes a bracket for attaching an ISOFIX child safety seat. It's quick and secure, ensuring correct installation – and your peace of mind.

# Grades & equipment

## AVAILABLE GRADES

### Grade : S

S grade includes features that set you up for a relaxing drive, including 6 airbags, ABS with Brake Assist and Electronic Brake force Distribution, climate control air conditioning and a CD radio.

**From £15,495**

### Grade : FLARE

With our latest special version having a host of impressive features such as 16" alloy wheels, cruise control and a colour rear view camera, all at a great price, there's never been a better time to add a touch of 'Flare'.

**From £12,795**

### Grade : SVE

Stylish features like leather upholstery, xenon headlamps and an electric sunroof are added to the SVE grade.

**From £18,195**

### Grade : SX

SX grade catches your eye with standard features like the full colour rear view camera, rain-sensing wipers, cruise control and 17" alloy wheels.

**From £16,695**
