The new Audi Q5

The Audi Q5 was built to break the mould. With its spacious yet streamlined body, it's no typical SUV, combining the poise and athleticism of a coupé with the practicality and space of a much larger car. Its flowing shape also incorporates some other attractive features, such as imposing 18-inch alloy wheels and five-link front suspension for superb handling. And then there's the range of advanced optional equipment on offer, including our latest HDD-based Satellite Navigation system.

Behind all this lies the remarkable road-holding of quattro® all-wheel-drive, the technology that underpins our most historic achievements on the rally circuit. And it comes with a choice of powerful TFSI or TDI engines, which use direct fuel injection for increased efficiency and better performance. A new 7-speed S tronic gearbox is also available to provide seamless, lightning-fast gear changes.

A design composed of smooth, sweeping lines, deliberately avoiding the 'boxy' SUV shape we've come to expect. A practical, spacious car that's nevertheless built for driving pleasure. In fact, with its class-leading drag coefficient of just 0.33, it's quite simply the most streamlined and aerodynamic car in its class. See it for yourself over the following pages.

Engines

Petrol

TFSI® is a unique Audi innovation. It combines turbocharging with the FSI® technology originally developed for the Le Mans 24-hour endurance race to deliver increased power and torque, as well as enhanced fuel efficiency. Precisely the right amount of fuel and air are injected directly into the combustion chambers, 'unthrottling' the engine and enabling it to 'breathe' more easily. At the same time, electronics monitor the engine load and adjust the injection process. The result – reduced heat-loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions. Ideal for someone who's looking for an uncompromising, exhilarating drive.

Diesel

We introduced TDI® to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. And since then, we've continuously refined it, recently developing common-rail technology for even more efficiency and power. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature and uses less oxygen, which in turn reduces emissions.

Transmission

S tronic®

The revolutionary 7-speed S tronic gearbox combines sporty driving with the convenience and smooth, uninterrupted power of an automatic transmission. The technical basis of S tronic is the double clutch. This consists of two lubricated plates with hydraulically-regulated contact pressure. It means that S tronic works almost as two separate systems: one engaging the odd-numbered gears, the other the even-numbered gears, enabling gearshifts to be made

in a fraction of a second, with no disruption to the power flow. So with S tronic, depending on how the mood takes you, you can either allow gear-changes to take place automatically or, for a sportier driving style, operate the system using the gear lever or the optional steering wheel shift-paddles. The choice is yours.

quattro

Permanent all-wheel-drive

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi Q5 so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling

the car as needed, for a driving experience that's both dynamic and safe. In the Audi Q5, asymmetric-dynamic torque distribution continuously distributes drive power between the front and the rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, sportier drive.

Images shown are for illustration purposes only and do not necessarily depict UK specification.

SE model equipment

All Audi Q5 models have the following items of equipment:

Wheels, tyres and suspension

18 x 8J '10-spoke-V' alloy wheels with 235/60 R18 tyres and locking wheel bolts
Tyre mobility system

Audio and communication

Audi Concert radio – CD player with MP3 compatibility, 6.5" colour centre console screen
Audi Sound System – 10 high-performance loud speakers (180W) and six-channel amplifier

Seats

Milano leather upholstery
Split-folding rear seat

Safety and security

Anti-theft device – Thatcham category 1 approved
Auto-dimming rear-view mirror
Automatic headlight operation
Automatic windscreen wiper operation

Electromechanical parking brake
First-aid kit
Front and rear fog lights
Front and rear ISOFIX seats with airbag de-activation switch for front passenger seat
Halogen headlights with daytime-running lights
Hill Descent Control with Off-road Electronic Stability Programme (ESP)
Rear acoustic parking system
Tool kit and car jack
Warning triangle

Interior equipment

1-zone climate control (except 3.0 TDI)
4-spoke multi-function leather steering wheel
Aluminium inlays
Deluxe 3-zone climate control with separate air distribution and digital temperature displays for driver, front passenger and rear passenger compartment (3.0 TDI only)
Driver's Information System (DIS) in colour

Front and rear electric windows
Front and rear floor mats
Front centre armrest including 12-Volt socket
Servotronic speed-related power-assisted steering

Exterior equipment

Aluminium roof rails with roof bar detection (automatically adjusts the ESP to react to the higher centre of gravity when roof bars are in place)
Aluminium window trims framing the exterior side windows
Door mirrors – electrically adjustable and heated
Full body-coloured bumpers
High-gloss black painted grille on 3.0 TDI. All other models come with Stone grey finish grille
Rear spoiler
Roof bars

18 x 8J '10-spoke-V' alloy wheels

Aluminium inlays

Door mirrors – electrically adjustable and heated

SE model prices

Petrol

Engines	Power	Transmission	Basic RRP	Total RRP ^{inc. VAT}	Recommended OTR
2.0 TFSI quattro®	211PS	7-speed S tronic®	£26,042.55	£30,600.00	£31,440.00

3.0 TDI*	6-cylinder	2967 (4)	240/4400	500/1500-3000	7-speed S tronic	199	6.5	139	17E

*With Diesel Particulate Filter

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

²The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

Weights, kg			Max. trailer load ⁴ , kg			Volumes		Fuel consumption, mpg (l/100km)			
Unladen weight ³	Gross weight limit	Roof load limit/nose weight	unbraked	with 12% gradient	with 8% gradient	Luggage compartment capacity, litres		Fuel tank capacity approx, litres	Urban	Extra Urban	Combined
						rear seats upright	rear seats folded				
1740	2320	100/80	750	2000	2400	540	1560	75	27.1 (10.4)	38.6 (7.3)	33.2 (8.5)
1730	2310	100/80	750	2000	2400	540	1560	75	34.4 (8.2)	48.7 (5.8)	42.1 (6.7)
1865	2445	100/80	750	2000	2400	540	1560	75	30.7 (9.2)	42.8 (6.6)	37.6 (7.5)

³Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴The engine's power output always goes down with increasing altitude. At 1000m above sea level, and for every additional 1000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Dimensions

Audi Q5

Dimensions were measured with vehicle at unladen weight. Turning circle approx 11.7m.
*Maximum head room.

Dimensions in millimetres.

Additional information

CO2 data and information

CO2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO2) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created seven categories:

Petrol and Diesel engines	
A – up to 100g/km	£0.00
B – 101 to 120g/km	£35.00
C – 121 to 150g/km	£120.00
D – 151 to 165g/km	£145.00
E – 166 to 185g/km	£170.00
F – 186 to 225g/km	£210.00
G – over 225g/km	£400.00

CO2 emissions-based Vehicle Excise Duty

The CO2 emission figures quoted in the technical data section on pages 40-41 are based on a fully-laden vehicle, including the driver, and the heaviest possible options configuration. Actual CO2 emissions may be lower depending on options selected.

Audi Servicing

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule

Inspection Service Regime

	Vehicle usage:
Mileage	Less than 10,000* miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving

Enhanced LongLife servicing

	Fixed Audi Inspection Service Intervals:
Oil-change Service	Fixed to approximately every 10,000* miles/1 year
Inspection Service	Fixed to approximately every 20,000* miles/3 years, then approximately every 20,000* miles/2 years thereafter

has fixed intervals for the Oil Change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil Change Service is required. Oil Change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

LongLife Service Regime

	Vehicle usage:
Mileage	More than 30 miles per day
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000

	Audi LongLife Service Intervals:
Oil-change Service	Variable to a maximum of approximately every 20,000* miles/2 years
Inspection Service	Fixed to approximately every 20,000* miles/3 years, then approximately every 20,000* miles/2 years thereafter

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am–6pm Monday to Friday
9am–5pm Saturday

Service: 8am–6pm Monday to Friday
8.30am–1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

Every attention to detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5%.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£469.36
Number plates	£20.00
VAT	£85.64
Total	£575.00

Audi Roadside Assistance

Your new car comes complete with complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery.

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is our full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire Purchase
- ▶ Lease Purchase
- ▶ Finance Lease
- ▶ Contract Hire

With all our finance products, you can choose one of our fixed-cost maintenance plans, which are designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Competitive comprehensive motor insurance designed specially for Audi drivers. All new Audi models come with complimentary seven-day cover upon request – we'll email a cover note directly to your Audi Centre, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and can begin as soon as your free seven-day cover expires.

For more information, contact your local Audi Centre. Alternatively, call 0800 051 3146 for a quote and to receive 7 days' complimentary cover for your new Audi.

Audi Insurance is underwritten and administered by Zurich Insurance Company.
