NISSAN NOTE

Exterior and Interior

Real personality: inside and out

INTERIOR

Room for the whole family

Under NOTE's muscular lines and expressive curves lies a remarkably comfortable and spacious interior – one with excellent shoulder and head room, plus the best rear seat knee room in its segment. There's room for everyone to relax in the new NOTE – Mum, Dad, and the kids.

Versatile and smart

The new NOTE is all about intelligent functionality – it shows in the practical and versatile interior. There are 12 different storage areas in the front alone: 9-litre glovebox, 4-litre glovebox pocket, secret storage under the passenger seat, central storage, cup holders, a credit card holder, a place for CDs and that's just the start. Choose the Family Pack and get everything you – and your kids – need to enjoy life on the road. Like back seat pockets and tables, and front and rear armrests. The Family Pack also includes the ingenious new Flexi-board system, which simplifies life by separating items like wet gear from dry and creating a concealed space.

The Ingenious Flexi-board system

Available as part of the Family Pack on Acenta and Tekna grades (and as an accessory on Visia grade) the ingenious Flexi-board divides your boot into two levels. It provides a deep space for bulky items or a concealed compartment - perfect for separating loads – like keeping the kids wet swimming gear separate from your dry cleaning. The Flexi-board is carpet-covered on one side with a wipe clean, waterproof covering on the other side – ideal for that wet pushchair.

Comfortable, Quality interior

Spacious and civilised...With its smart clear dashboard design and silver tones, the new NOTE exudes a sense of class. On the Tekna grade, sports style seats feature elegant part-leather honeycomb trim.

EXTERIOR

Looks count

With its muscular lines and confident stance, the NOTE shouts "I want fun and I want it now!" This is a car with personality and individuality that looks – and feels – invigorating.

Reverse angle rear side windows

Reverse angle rear side windows

Not only does the reverse angle rear window shape, similar to that seen on the Murano, add to the NOTE's styling, it also lets in more light for a brighter interior.

Exterior and Interior

Real personality: inside and out

Innovative silhouette

Innovative silhouette

The NOTE's dynamic silhouette and cambered roof stand out from the pack. But it's more than just style, the distinctive design maximises interior space.

Eye-catching headlights and rear lights

The NOTE's distinctive front and rear lights combine form with function. The unique boomerang-shape rear lights heighten the NOTE's energetic design while providing clear signals to other drivers. The clearance bumps on the front headlamps make it easy to judge the car's width. So important when parking.

Performance

Get on the road and play

ENGINE

1.4l 88 PS engine

The lively 88 PS 1.4-litre engine responds eagerly to your touch, with 16 valves and a drive-by-wire throttle. Yet it's economical on fuel too.

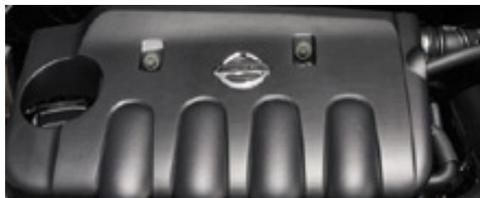

1.6l 110 PS engine

Get up and go. The NOTE's new state-of-the-art 1.6 litre engine delivers a real feeling of power and energy. It produces an enthusiastic 110 PS (81 kW) and over 150 Nm of torque. And it's also available with automatic transmission to make your trip even more relaxing.

1.5 dCi 86 PS

NOTE boasts the latest common rail diesel technology. The smooth and quiet 1.5 litre direct injection diesel engine is as lively as it is economical. And enjoyable, delivering a maximum 86 PS.

1.5 dCi 103 PS

NOTE is now available with the new high power diesel engine with Diesel Particle Filter technology. Delivering an exhilarating 103PS along with 240Nm of torque, this engine has all the get-up-and-go you need. And with its 6-speed manual transmission, it offers increased comfort at high speeds, reduced noise and low fuel consumption too!

Diesel particulate filter

By significantly reducing diesel emissions, NOTE's Diesel Particulate Filter (DPF) is good news for the environment. The DPF uses a special ceramic filter to trap pollutant particles in the exhaust chain. And when the filter starts getting dirty, NOTE's engine triggers an automatic cleaning programme to get it ready for action again. Learn more about DPF Technology.

HANDLING & BRAKING

Minimal body roll

Minimal body roll

The NOTE's specially stiffened body and wide stance grips the road securely, while a dynamic chassis and rebound springs minimise roll. The result: secure yet agile handling that makes driving safe and smooth, yet satisfying and fun.

Performance

Get on the road and play

Agility guaranteed

Speed-sensitive, electric power steering makes parking and manoeuvring easier, and increases responsiveness at highway speeds. Get behind the wheel yourself to discover a level of precision that gives you a feeling of greater control.

NISSAN NOTE

Performance

Fuel efficiency never felt this good

	Fuel consumption (mpg)			CO2 Emission Combined (g/km)
	Urban cycle	Extra cycle	Combined cycle	
1.4 16v 5 speed manual (5 door hatchback)	35.8	53.3	44.8	150
1.5 dCi 103 6 speed manual (5 door hatchback)	47.9	58.9	55.4	136
1.5 dCi 86 5 speed manual (5 door hatchback)	55.4	67.3	62.8	119
1.6 16v 4 speed automatic (5 door hatchback)	31.0	52.3	41.5	159
1.6 16v 5 speed manual (5 door hatchback)	33.2	51.4	42.8	155

In accordance with 2004/3/EC optional equipment, driving technique, payload, road and weather conditions may affect actual fuel consumption.

Safety and Security

Safety first

PASSIVE SAFETY

6 airbags & active headrests

Four airbags – front and side - are standard, protecting you and your passengers. Curtain airbags are available on Acenta and Tekna grades. As are active headrests that move forward on impact to helping prevent whiplash in the event of a rear collision.

Passenger airbag cut off switch

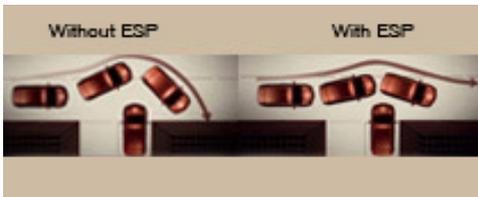

Endlessly adaptable, NOTE is ready for all eventualities. The front passenger airbag can be turned off when a child seat is placed in the front. And the dashboard LED light is there to remind you when the passenger airbag is deactivated.

ACTIVE SAFETY

Excellent braking

The NOTE stops as well as it goes. Nissan Brake Assist (NBAS) automatically increases braking pressure, reducing emergency stopping distances by up to 15%. And the Anti-lock Braking System (ABS) monitors each wheel and prevents them from locking – keeping you in control of steering.

Electronic Stability Program

Electronic Stability Program

The Electronic Stability Program, fitted as standard to all Tekna models, relies on a range of electronic sensors to monitor wheel speed and steering angle. To help keep you in your intended direction on slippery roads and in emergency manoeuvres, the system reduces engine output and applies braking to individual wheels to correct under- and over-steer.

NISSAN NOTE

Grades & equipment

AVAILABLE GRADES

Grade : VISIA

The VISIA grade is the first entry in the NOTE family. It's packed with great features that are standard throughout the range, such as ABS, electric power steering, 4 airbags, central door locking with remote control, MP3 auxiliary jack, and, of course, incredible spaciousness.

From £10,345

Grade : VISIA+

The VISIA + grade features all the qualities and practicalities of VISA but adds manual air conditioning and 9-Litre cooled glovebox for more comfort and the Flexi-board system for more boot flexibility.

From £10,845

Grade : ACENTA

The ACENTA is where you really feel the NOTE's versatility. The Family Pack provides handy features like seat back tables and the Flexiboard that converts the boot space into two separate compartments. 15" alloy wheels and body coloured electric heated mirrors add elegance, while Bluetooth® connectivity, rear power windows and air conditioning as standard make it even more comfortable inside.

From £11,695

Grade : ACENTA S

The NOTE Acenta S is packed with friendly and easy to use technologies such as Intelligent key, Bluetooth, rain sensing wipers and auto headlamps. Add in features like Climate control, 6-CD changer and electric windows and you've got a fantastic car!

From £12,195

Grade : TEKNA

The refined TEKNA grade makes a strong statement with its 16" alloy wheels, darkened security glass and aluminium pedals. All while pampering you with part leather seats and the convenience of rain-sensing wipers and automatic lighting. TEKNA grade also includes ESP as standard (excluding on automatic variant) for even more secure handling.

From £13,745
