NISSAN NAVARA

Exterior and Interior

Tough not rough

INTERIOR

Dual-Zone Climate Control

Seems like when someone's hot, someone else is not. Dual zone climate control allows the driver and front seat passenger to control their own temperature settings ... so everyone can be comfortable.

Innovative Storage Solutions

The Navara can carry the small things in life as efficiently as the large ones, since the cabin is packed with storage space: a double glove box, front-door pockets with bottle holders, even a removable tray under the rear seats.

Cruise Control

The going is easy with cruise control. It maintains a constant speed with no effort on your part. One tap on the brakes, and you're back in control.

Saloon-style comfort

Now Navara's interior is more comfortable and refined than ever. Thick carpeting cushions your feet after a hard day's work as you listen to the in-dash 6 CD autochanger (standard on Outlaw and Aventura grades). Headrests adjust back and forth, as well as up and down. Furthermore you can surround yourself with the scent and feel of high-grain leather upholstery (standard on Aventura and optional on Outlaw Double Cab).

EXTERIOR

Purposeful design

Smooth lines hint at the strength underneath without overwhelming the eye. The Navara is a study of sturdiness translated into aerodynamic lines – from the rounded front to the smooth tailgate, highlighted by strong, flared wheel arches.

C-Channel Load Anchorage system

Navara's unique C-Channel system features channels on the load bed sides and floor with moveable cleats that lock in place. C-Channel provides perfect and secure tie-down points to safely hold motorbikes, outboards, or just about anything.

17" wheels

Whatever grade you choose, the Navara's chunky, stylish wheels underscore its capable lines. With either 16" steel wheels on the entry grade model or 17" alloy wheels on the other grades, Navara is sure to make a big impression.

Exterior and Interior

Tough not rough

Confident Front

The Navara faces the world with a tough, uncompromising attitude. Its rugged nose features Nissan's trademark 4x4 chrome grille – denoting a bloodline that stretches back over 50 years.

NISSAN NAVARA Performance

The power to thrill

ENGINE

Most Powerful Engine*

The 2.5 common rail diesel engine delivers an impressive 171 HP, making the Navara the most powerful vehicle in its class*. With muscle other vehicles can only dream about, the Navara's awesome engine delivers a whopping 403Nm of torque.

*Based on a combination of horse power and torque.

2700Kg Towing Capacity

403 Nm of torque. That means the Navara can haul up to 2700kgs of boat, trailer or cargo without breaking a sweat. Double Cab versions can tow 2600kg.

1,050Kg Payload

Bricks, motorbikes, outboard engines -- load 'em up. Because the mighty Navara can handle payloads way more than 1 ton.

6-speed manual gearbox

The 6-speed manual gearbox with delivers an excellent crawl ratio, making more torque available at the wheels to give you more control on difficult terrain. That means you can experience the full power of the Navara's engine -- whether you're cruising down the highway or exploring a steep backwoods trail.

5-speed automatic gear box

Effortless driving. Not many pick-ups can make that claim. The Navara Outlaw and Aventura Double Cabs have an optional 5-speed automatic gearbox that does the shifting for you -- making your drive even more relaxing. And cleaner, with a diesel particulate filter as standard on automatic transmission models.

Environmental diesel DPF filters

Navara's 2.0dCi (auto) diesel engines include a self-regenerating diesel particulate filter, making them environmentally responsible as well as powerful. The filter incinerates its own accumulated soot and reduces pollutants before they even leave the engine's combustion chamber. Learn more about DPF Technology.

HANDLING

Limited Slip Differential

All Navara's come fitted with a limited slip differential designed to provide confident traction off-road and minimise wheel spin on-road.

Performance

The power to thrill

Selectable 4WD System

Engaging four-wheel drive on Navara could not be easier - a simple twist of a dashboard dial and the driver can change from 2WD to 4WD or 4Low. The 4Low mode gives access to low-ratio gears to tackle the toughest terrain.

Front & Rear Suspension

The Navara's suspension system keeps your ride smooth both on and off the road - without sacrificing agility. At the front, compact independent suspension with coils over shocks and double wishbones are light yet rigid, for an optimum ride with stable handling. The rear suspension provides high lateral rigidity for better cornering, plus a long suspension stroke that evens out the bumps off-road.

NISSAN NAVARA Performance

	Fuel consumption (mpg)			CO2 Emission Combined (g/km)
	Urban cycle	Extra cycle	Combined cycle	
2.5 dCi Automatic (Double cab)	22.2	32.1	27.7	276
2.5 dCi Manual (Double cab)	23.9	32.8	28.8	264
2.5 dCi Manual (King cab)	23.9	32.8	28.8	264

In accordance with 2004/3/EC optional equipment, driving technique, payload, road and weather conditions may affect actual fuel consumption.

Safety and Security

Drive with confidence

PASSIVE SAFETY

Body-Zone Construction

The Navara's front and rear crumple zones are designed to absorb energy in a crash, helping to protect the reinforced central zone – and its occupants.

Driver & Passenger Airbags

Every Navara grade comes with driver and front passenger airbags as standard. There's nothing like the peace of mind that comes from knowing that you and your passenger are protected in the event of a front impact.

Side & Curtain Airbags

Everyone is well-protected with side and curtain airbags, which provide an extra safety barrier for driver and passengers - especially in the event of a side impact. The airbags are standard on Aventura and optional on Outlaw King and Double Cabs.

Active Head Restraints

Sport models and above feature active head restraints - designed to minimise whiplash in the event of a collision.

Navara Service Campaign

As a result of the recent EuroNCAP crash test announcement on pickups, Nissan Motor GB has introduced a service campaign updating the airbag control unit software for all Nissan Navara models from 2005 onwards. Owners of affected vehicles are being notified by post inviting them to contact a Nissan dealer to have this service campaign carried out. Following a modification to the airbag control unit software Navara has now been awarded an improved score of three stars for adult occupant protection. Navara also achieved a maximum score in the side impact test and also for its protection of a three-year-old. Should you have any questions or concerns please contact your nearest dealer who is fully equipped to assist you. To find your nearest dealer please use the dealer locator below.

ACTIVE SAFETY

ABS & EBD

Braking hard normally increases the load on the front brakes. Electronic Brakeforce Distribution (EBD) balances the braking effort between the front and the back of the Navara for maximum braking efficiency. At the same time, ABS prevents the wheels locking, keeping you in control of the vehicle.

Security System

All UK Navaras come well protected by an engine-immobiliser and NATS alarm system. This is reinforced by anti-hijack Superlocking with keyless entry and a separate lock for the

Safety and Security

Drive with confidence

tailgate.

NISSAN NAVARA

Grades & equipment

AVAILABLE GRADES

Grade : Trek

The Navara Trek feels like so much more than an entry-grade, combining convenience and comfort like electric windows, Bluetooth telephone integration, CD Player, power door locks and an alarm and immobiliser.

From £18,324

Grade : Sport

The Sport grade stands out from the crowd with 17" alloy wheels, a side step rail and full colour coding. The C-Channel load anchorage system provides added utility. Plus, it's packed with SUV-like features – including dual-zone climate control.

From £20,639

Grade : Outlaw king cab

The Outlaw grade makes a bold statement with its 17" alloy wheels, chrome side mirrors and privacy glass. And it makes life easier with auto day/night mirror, cruise control and steering wheel-mounted audio system controls.

From £21,297

Grade : Outlaw double cab

The Outlaw grade makes a bold statement with its aerodynamic roof rack, 17" alloys, chrome side mirrors and privacy glass. And it makes life easier with a C-Channel load anchorage system, auto day/night mirror, cruise control, CD autochanger and steering wheel mounted audio system controls.

From £22,707

Grade : Aventura

The Aventura stands proud as the ultimate Navara. Featuring DVD Satellite Navigation, electric sunroof, leather upholstery and power/heated seats – it really is the boss.

From £25,668
