

The new Audi A5 Cabriolet
Pricing and Specification Guide
Valid from May 2009

A User's Guide

This guide has been designed to help you tailor and price your chosen A5 Cabriolet quickly and logically. At the back of this guide, you will also find information on CO2 emissions-based taxation and the other services offered by Audi, including Finance and Insurance. If you wish, you can also go to audi.co.uk and configure your A5 Cabriolet online.

Tune into the Audi Channel at any time on Sky Guide No. 884 to see a whole range of programmes about the Audi range and our motorsport achievements.

The A5 Cabriolet

When Audi's Italian head of design, Walter da Silva, designed the Audi A5, he described it as 'a rhythm of lines' and the most beautiful car he'd ever built. The A5 Cabriolet has exactly the same qualities, with the added benefit of open-top driving. Its lightweight roof opens in just 15 seconds and closes in 17, and the optional head-level heating and solar heat-reflecting upholstery ensure that it's enjoyable to have the roof down, whatever the weather conditions.

Aside from the obvious benefits of a cabriolet, there are other features that are equally appealing. It accelerates from 0 to 62mph in just 6.4 seconds, on the way to an electronically limited top speed of 155mph. And there's a choice of three impressive engines, the 2.0 TFSI, 3.2 FSI and 3.0 TDI, which demonstrate our trademark fuel-efficient technology. Technical ingenuity and elegant design combine to make us rather proud of the A5 Cabriolet.

Engines

Petrol

All A5 Cabriolet petrol engines feature FSI® direct-injection – a unique Audi technology originally developed for the Le Mans 24-hour endurance race to deliver increased power and torque as well as enhanced fuel efficiency. The way it does this is, in theory, very simple. Precisely the right amount of fuel and air are injected directly into the combustion chambers, enabling the engine to 'breathe' more easily. At the same time, electronics monitor the engine load and adjust the injection process. The result – reduced heat-loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions. Ideal for the buyer who wants an athletic, exhilarating drive without the drawbacks of excessive fuel costs or high emissions.

Diesel

All diesel engines from Audi are known as TDI. This impressive technology was originally pioneered by Audi in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. Like its FSI petrol counterpart, the TDI diesel engine is designed for power, performance, low fuel consumption and emissions.

All A5 Cabriolet TDI engines are based on the common rail system. Here, fuel is stored and kept at constant pressures of up to 1,600 bar, ready to feed a series of highly accurate piezo injectors, which control the rate and point of injection.

quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago – a technology that delivers ultimate control whilst enhancing the athletic characteristics which make the A5 Cabriolet so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the A5 Cabriolet, asymmetric-dynamic torque distribution continuously distributes drive power between the front and rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, more dynamic drive.

Standard model equipment

All A5 Cabriolet models have the following items of standard equipment:

Engines

Automatic start/stop function for greater fuel and CO₂ efficiency. Comprising:

- Recuperation for optimal energy utilisation
- Energy-saving tips feature in Driver's Information System; including gearshift indicator

(Only available on the 2.0 TFSI manual engine)

Wheels, tyres and suspension

17 x 7.5J '6-arm' design alloy wheels with 245/45 R17 Y tyres and locking wheel bolts

Space-saver spare wheel

Audio and communication

Audi Concert audio system. Single CD with MP3 compatibility, colour centre console screen, SD memory card reader and AUX-IN socket in centre console

6 loudspeakers (80 Watts)

Safety and security

ESP

First aid kit

Front and rear fog lights

Front and rear ISOFIX preparation with front passenger airbag de-activation switch

Front side airbags

Halogen daytime-running lights

Headlight range adjustment

Thatcham category 1 alarm and immobiliser

Toolkit and car jack

Warning triangle

Seats

Arcade cloth seats

Automatic seat belt feeder

Split folding rear seat – one touch operation

Interior equipment

1-zone climate control

3-spoke leather steering wheel

Driver's Information System (DIS)

Electric front windows

Electromechanical parking brake

Front and rear floor mats

Intelligent key

Interior chrome package

Micrometallic inlays

Steering column adjustment for rake and reach

Exterior equipment

Fully automatic soft top (can be operated at speeds up to 31mph)

Exterior mirrors – electrically operated and heated

Front grille – Black gloss on 3.0 TDI and 3.2 FSI models, Stone grey on all others

Exhaust pipes – 4-cylinder models have two exhaust pipes on the left-hand side. 6-cylinder models have one exhaust pipe on either side

Exterior aluminium package

17 x 7.5J '6-arm' design alloy wheels

Fully automatic soft top

Standard model prices

Petrol

Engines	Power	Transmission	Basic RRP	Total RRP ^{inc. VAT}	Recommended OTR
2.0 TFSI	211PS	6-speed manual	£25,243.48	£29,030.00	£29,800.00

Transmission

multitronic®

Translating a driver's preferences and intentions into road performance, the multitronic® automatic transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® is available on front-wheel-drive models. A continuously variable transmission, multitronic® operates in an exceptionally wide range of gear ratios thanks to its steel link-plate chain construction. The result is exceptional driving comfort, as well as smooth, powerful acceleration over the entire range of engine speeds.

In addition, thanks to its lightweight design and the DRP Dynamic Regulating Programme which monitors gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption. And with seven simulated gear ratios available, you can enjoy all these benefits whilst adopting the dynamic driving style of a manual.

S tronic®

The revolutionary 7-speed S tronic gearbox combines sporty driving with the convenience and smooth, uninterrupted power of an automatic transmission. The technical basis of S tronic is the double clutch. This consists of two lubricated plates with hydraulically-regulated contact pressure. It means that S tronic works almost as two separate systems: one engaging the odd-numbered gears, the other the even-numbered gears, enabling gearshifts to be made in a fraction of a second, with no disruption to the power flow. So with S tronic, depending on how the mood takes you, you can either allow gear-changes to take place automatically or, for a sportier driving style, operate the system using the gear lever or the optional steering wheel shift-paddles. The choice is yours.

1785	2285	80	750	1700	1900	320	750	65	36.7 (7.7)	48.7 (5.8)	43.5 (6.5)
1860	2360	80	750	1900	2100	320	750	65	33.2 (8.5)	48.7 (8.5)	41.5 (6.8)

³ Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴ The engine's power output always goes down with increasing altitude. At 1000m above sea level, and for every additional 1000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

* Loaded up to roof with rear seat folded down.

Additional information

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines	
A – up to 100g/km	£0.00
B – 101 to 110g/km	£35.00
C – 111 to 120g/km	£35.00
D – 121 to 130g/km	£120.00
E – 131 to 140g/km	£120.00
F – 141 to 150g/km	£125.00
G – 151 to 165g/km	£150.00
H – 166 to 175g/km	£175.00
I – 176 to 185g/km	£175.00
J – 186 to 200g/km	£215.00
K* – 201 to 225g/km	£215.00
L – 226 to 255g/km	£405.00
M – over 255g/km	£405.00

*Band K includes cars that have a CO₂ figure over 225g/kg but were registered before 23 March 2006.

Audi Service

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule

Inspection Service Schedule

Vehicle usage:	
Mileage	Less than 10,000* miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving

Fixed Audi Inspection Service Intervals:	
Oil-change Service	Fixed to every 10,000* miles/1 year
Inspection Service	Fixed to every 20,000* miles/3 years, then every 20,000* miles/2 years thereafter

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

has fixed intervals for the Oil Change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil Change Service is required. Oil Change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

LongLife Service Regime

Vehicle usage:	
Mileage	More than 30 miles per day
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000

Audi LongLife Service Intervals:	
Oil-change Service	Variable to a maximum of every 20,000* miles/2 years
Inspection Service	Fixed to every 20,000* miles/3 years, then every 20,000* miles/2 years thereafter

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am-6pm Monday to Friday
9am-5pm Saturday

Service: 8am-6pm Monday to Friday
8.30am-1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

Every attention to detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

All our courtesy cars are insured and fuelled

Upon collection or delivery, your courtesy car will have a minimum of a quarter of a tank of fuel; all we ask is that you replace any fuel used before returning it to us. On presentation of your driving licence, we will also insure the car free of charge.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi Technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 15%.

Delivery charges and number plates are not included in the vehicle price.

<u>Delivery charge</u>	<u>£471.30</u>
<u>Number plates</u>	<u>£20.00</u>
<u>VAT</u>	<u>£73.70</u>
<u>Total</u>	<u>£565.00</u>

Audi Roadside Assistance

Your new car comes complete with complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the third year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire purchase
- ▶ Lease purchase
- ▶ Finance lease
- ▶ Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Competitive comprehensive motor insurance designed specially for Audi drivers. All new Audi models come with complimentary seven-day cover upon request – we'll email a cover note directly to your Audi Centre, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and can begin as soon as your free seven-day cover expires.

For more information, contact your local Audi Centre. Alternatively, call 0800 051 3146 for a quote and to receive 7 days' complimentary cover for your new Audi.

Audi Insurance is underwritten and administered by Zurich Insurance Company.
