

The new Audi A6 and S6 range
Pricing and Specification Guide
Valid from May 2009

A User's Guide

This guide has been designed to help you tailor and price your chosen Audi model quickly and logically. At the back of this guide, you will also find information on CO2 emissions-based taxation and the other services offered by Audi, including Finance and Insurance.

And there's even more information on our website at audi.co.uk. As well as getting further details about the A6, you can also watch the Audi Channel online and see your new car in action on the following programmes:

The new Audi A6 Saloon and Avant

The new Audi A6 Saloon and Avant are two of the most desirable models in the prestige market. With the latest edition, we've made some substantial enhancements, with increased power, better fuel economy and lower emissions. We've also added new colour and wheel choices, more energy-efficient LED tail lights as standard and a revised suspension for a more comfortable ride. But one thing hasn't changed: the Le Mans-winning TDI® and FSI® technology that made the previous generation such a success.

There are also some new, even more practical features inside. The 3rd generation MMI Multi-Media Interface, for example, has been upgraded to include a large-capacity hard disk, storing more information than ever before. So the images produced by the Satellite Navigation system now look far smoother and more realistic, thanks to textured surfaces and high-speed 3D modelling.

Of course, that's just the beginning. Discover every component of Vorsprung durch Technik for yourself over the following pages.

Engines

Petrol

There are three kinds available on this model – the FSI® engine, the turbo-charged TFSI® engine and the new supercharged TFSI® engine. You'll find FSI® technology at work in the 3.0 TFSI®, which delivers increased power and torque, as well as enhanced fuel efficiency. And with their reduced CO₂ emissions, all the engines available (except the V10 engine in the S6) are already compliant with proposed EU 5 emissions standards.

Diesel

All diesel engines from Audi are known as TDI® – Turbo Direct Injection. This impressive technology was originally pioneered by Audi in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. Like its FSI® petrol counterpart, the TDI® diesel engine is designed for power and performance, with low fuel consumption and CO₂ emissions. For instance, the new 2.0 TDIe engine emits just 139g/km of CO₂, making it one of the cleanest engines in its class, and we've also refined our V6 engines to make them more efficient than ever before.

The working principle of TDI® is based upon precision and compression. A turbo-charger supplies fresh air to the engine, ensuring optimum filling of the cylinder. Immediately after compression, an injector then delivers fuel into the combustion chambers at a very high pressure. It's what enables you to get the most in terms of performance and economy from every drop of fuel that enters the tank, and it's the reason why every single TDI® engine in the A6 range already complies with the stringent EU 5 emissions limits scheduled for 2010.

quattro®

Permanent all-wheel-drive

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago – a technology that delivers ultimate control whilst enhancing the athletic characteristics which make the A6 so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-

holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the A6 and S6, asymmetric-dynamic torque distribution continuously distributes drive power between the front and rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, more dynamic drive.

Standard model equipment

All A6 models have the following items of Standard equipment:

Wheels, tyres and suspension

17 x 8J 'Structure' design alloy wheels with 225/50 R17 tyres
Four-link front suspension
Spare wheel – full-size alloy*
Sports suspension, 20mm lower (2.0 TDIe models only)

Audio and communication

MMI Radio Plus, including:

- FM/AM Radio
- 10 speakers
- Single CD player
- DSP sound system
- 2X SD memory card readers

Safety and security

Anti-lock Braking System (ABS) with EBD
Anti-Slip Regulation (ASR) traction control
Audi backguard head restraints for front seats (adjustable)
Brake light – third brake light in rear window
Brake system: disc brakes at front and rear, ventilated at front
Central locking with radio remote-control
Driver and front passenger two-stage airbags with front passenger airbag deactivation
Dynamic suspension system
Electric child locks for rear doors and windows
Electromechanical parking brake
Electronic Differential Lock (EDL) traction control
Exit lights and active reflectors on all doors
Front fog-light

ISOFIX child-seat mounting (front-left and outer-rear seats)
LED rear lights
Light and rain sensors including coming/leaving home function
Rear fog-light
Servotronic steering – power steering with speed-dependent control
Side airbags for driver and front passenger
Sideguard head airbag system to protect front and outer rear passengers in a side collision
Side-impact protection in all doors
Thatcham Category 1 alarm and immobiliser
Warning triangle

Seats

3-point seat belts for all seats with front belt-force limiters
Split-folding rear seats
Upholstery – Meridian cloth

Interior equipment

- 12V power socket in luggage compartment (Avant models only)
- 12V power socket in rear centre console
- 4-spoke leather multi-function steering wheel (adjustable for reach and rake)
- Aluminium fascia and door trim inlays
- Ashtrays, illuminated, at the front of the centre console and in the rear doors
- Centre armrests, front and rear, with storage compartment
- Coat hooks with cushioned action, two recessed in roof area
- Compartment for glasses in front roof module
- Cruise control
- Cup holder within the centre console storage compartment and a second cup holder beneath the front centre armrest
- Driver's Information System (DIS)
- Dual-zone electronic climate control
- Electric front and rear windows
- Floor mats in front and rear
- Heated rear window
- Heat-insulating glass
- Illuminated vanity mirrors
- Load area comprising rail system, lashing points and folding load-area floor (Avant models only)
- Luggage compartment cover (Avant models only)
- Reading lights – two at front and two at rear
- Scuff plates with metal inlays
- Tool kit in luggage compartment

Exterior equipment

- Body-coloured door mirrors, handles and bumpers
- Electrically adjustable and heated door mirrors
- Halogen headlights with manual range adjustment
- Rear window wash/wipe (Avant models only)
- Roof rails in aluminium (Avant models only)
- Windscreen-washer jets, heated

Le Mans Edition model equipment

In addition to S line model equipment:

Audi is no stranger to victory at Le Mans – we’ve won the legendary 24-hour race 8 times in 9 years. Our greatest triumph came on 18 June 2006, when we became the first manufacturer ever to win Le Mans with a diesel car. The theory was simple but it made the technology extremely efficient: we injected exactly the right amount of fuel and air into the engine’s combustion chambers, which resulted in less wastage and fewer pitstops.

Now we’ve produced a range of very special Limited Edition ‘Le Mans’ A6 models which use the same remarkably efficient TDI technology that has been integral to our recent Le Mans victories. Unlike the race-winning R10, however, this model comes complete with the following features:

Basic RRP	Total RRP ^{inc.} _{VAT}
£595.65	£685.00

S6 model equipment in addition to A6 standard model equipment:

Whether you opt for Saloon or Avant, this model features one incredibly potent engine – the 5.2 V10 FSI. The first ever V10 from Audi, this 435PS powerhouse has been developed with technical input from Lamborghini. The performance speaks for itself – a 0-62 mph sprint in the Saloon takes just 5.2 seconds, with a mere tenth-of-a-second's difference in the Avant – a fair compromise considering the latter's cavernous 1,660-litre load-capacity. Channelling all that power and maximising both handling and agility, the latest generation of quattro® permanent all-wheel-drive, modified aluminium-based Sports suspension and 19" alloy wheels are also included as standard. Yet even with such impressive performance credentials, the Audi S6 doesn't flaunt its capabilities.

The exterior design is confident yet subtle, including features such as flared front wheel arches, aluminium-look wing mirrors and an integrated rear spoiler. Inside, sports styling and carefully-crafted luxury come together in the laterally-supportive leather/Alcantara Sports seats, multi-function leather Sports steering wheel and sleek carbon fibre inlays in the door panelling, dashboard and centre console. Comfortable, refined – but without compromising the raw power that gives the Audi S6 its unique appeal.

Wheels, tyres and suspension

19 x 9J 5-arm 'S' design alloy wheels with 265/35 R19 tyres
Full-size spare wheel

Audio and communication

6-disc CD changer
Bluetooth mobile phone preparation – high
HDD Satellite
Navigation system
MMI 3G Multi Media Interface with 7" high resolution screen

Interior equipment

Auto-dimming rear view mirror
Carbon Atlas inlays
Coloured instrument inserts with white needles
Colour Driver's Information System (DIS)
Interior lighting package
Leather trimmed 3-spoke multi-function steering wheel with 'S6' logo, contrasting stitching and gear-change shift paddles in aluminium look
'S' gear knob in leather and aluminium
Storage pack (for details see page 51)

Exterior equipment

80-litre fuel tank
Aluminium-look wing mirrors
Black-painted brake callipers featuring the S6 logo at front (15" brake discs at front, 13" at rear)
LED daytime-running lights integrated in the bumper
Dual-branch oval exhaust system (4 tailpipes)
'S' grille (Platinum grey): double vertically-oriented chrome struts, S6 badge
'S' rear spoiler
'S' specific bumpers

'S' specific Sports chassis with latest-generation quattro® all-wheel-drive, incorporating a 60/40 rear-biased torque-split

S6 door-sill trim in aluminium look
V10 badge on wheel arch
Xenon Plus headlights including headlight washers

Seats

Leather/Alcantara 'S' Sports seats – electrically adjustable with electric lumbar support
Split-folding rear seats

RRP – Recommended Retail Price.

Transmissions

multitronic®

Audi offers a variety of different transmission options to suit your requirements and driving style. In addition to the classic manual gearbox, there are two innovative automatic and semi-automatic transmission options. To help you come to an informed decision, each of these is described in detail opposite.

Translating a driver's preferences and intentions into road performance, the multitronic® transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® automatic transmission is available on models without quattro® permanent all-wheel-drive. A continuously variable transmission, multitronic® can transmit up to 310 Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption.

tiptronic®

The 6-speed tiptronic® transmission system is a form of automatic transmission available on Audi models with quattro® permanent all-wheel-drive. The technology converts high-torque engine power into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and an optimised gearshift strategy. More spontaneous gear changes are a particular benefit, especially when down-shifting. Both in the 'D' (Drive) and 'S' (Sport) programme, the advanced electronics used in tiptronic® respond efficiently to every driver input, helping to prevent unwanted upshifts when cornering.

RRP – Recommended Retail Price.

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that added element of exclusivity – that distinguishing look that sets you apart from the rest – you can specify your new A6 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

For more information on any of the options over the following pages or to view swatches, simply ask a member of staff at your local Audi Centre.

Upholstery

With Audi exclusive, you can choose from a selection of high quality upholsteries, depending on the texture and flexibility you prefer in your car. And once that's decided, you can specify your seats in an array of different colours shown to the left.

Choose just one all-over shade for each seat, or for a sportier look, customise each panel in two or more complementary colours from the distinctive Audi exclusive palette shown here. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, you're guaranteed to be extremely comfortable with the result.

Paint

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. Choose from the swatches here, or specify any other paint colour in the Audi range – whether it's Jet blue from the Audi R8 or Alpine white from the original Audi quattro®. The choice is yours.

Customised paint

In a car made with Vorsprung durch Technik, there are no compromises. So if you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want – whether it's the blue of your favourite shirt or the wall colour in your sitting room.

Basic RRP	Total RRP ^{inc.} _{VAT}
£2,043.48	£2,350.00

Inlays

Inlays are the all-important ‘finishing touch’ that add flair and interest to the surfaces inside your car. So Audi exclusive have sourced a hugely varied range of materials from which to craft these elements – from Oak sepia to rich quilted maple wood. You can even customise your gear knob with one of the available woods, all of which are shown opposite.

Steering wheels, controls packs and gear levers

Our fingertips and palms contain more touch receptors than any other part of our body – so shouldn't the parts of our car we handle the most also be the most pleasing to touch? With this in mind, Audi exclusive enables you to customise the steering wheel of your choice in smooth, warm leather, in any of the colours shown on page 55. As with Audi exclusive seats, you even have free choice on the colour of the decorative stitching used. Choose a controls pack and you can extend this exclusive look and feel to your car's handbrake, gearknob and gaiter too.

Carpets and floor mats

Exclusivity isn't just about choice and individuality – it's about attention to every detail in your A6; and for us, that includes the carpets and floor mats. First, choose from eleven different colours of high-quality velour carpets. Next, choose the colour of your car's floor mats from the same list, whilst using the palette of Audi upholstery colours detailed on page 55 to select a leather colour for the mats' decorative leather piping – matched or contrasting, depending on your personal taste. Floor mats are included when you order Audi exclusive carpet; but if you wish, they can also be purchased separately in a set of four.

Audi exclusive line

Audi exclusive is ultimately about choice – but if you’d rather leave some of the decisions in the capable hands of our designers, the expert team at quattro® GmbH have compiled Audi exclusive line, combining some of the most popular elements of the exclusive range in one beautifully coordinated package.

The package gives you:

- ▶ Sports seats in two-tone Valcona leather, with black seat-side sections with coloured stitching and coloured seat-centre section in Silver (QL), Cognac (QX) or Magnolia white (QQ)
- ▶ Black dashboard and carpets
- ▶ Black cloth headlining
- ▶ Door-trim inserts in black to match interior trim
- ▶ Audi exclusive door sill trims*
- ▶ Brushed aluminium inlays
- ▶ Floor mats in black with coloured piping (to match seat-centre section)
- ▶ Leather steering wheel** (multitronic or tiptronic with shift paddles)
- ▶ Steering wheel rim and gear lever gaiter with coloured stitching in matching colour to seat-centre section
- ▶ Head restraints with coloured stitching in matching colour to seat-centre section

³Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Dimensions

A6 Saloon

Dimensions were measured with vehicle at unladen weight. Turning circle approx 11.9m.
*Maximum headroom.

Dimensions in millimetres.

A6 Avant

Dimensions were measured with vehicle at unladen weight. Turning circle approx 11.9m.
*Maximum headroom.

Dimensions in millimetres.

Dimensions

S6 Saloon

Dimensions were measured with vehicle at unladen weight. Turning circle approx 11.9m.
*Maximum headroom.

Dimensions in millimetres.

S6 Avant

Dimensions were measured with vehicle at unladen weight. Turning circle approx 11.9m.
*Maximum headroom.

Dimensions in millimetres.

Additional information

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines	
A – up to 100g/km	£0.00
B – 101 to 110g/km	£35.00
C – 111 to 120g/km	£35.00
D – 121 to 130g/km	£120.00
E – 131 to 140g/km	£120.00
F – 141 to 150g/km	£125.00
G – 151 to 165g/km	£150.00
H – 166 to 175g/km	£175.00
I – 176 to 185g/km	£175.00
J – 186 to 200g/km	£215.00
K* – 201 to 225g/km	£215.00
L – 226 to 255g/km	£405.00
M – over 255g/km	£405.00

*Band K includes cars that have a CO₂ figure over 225g/kg but were registered before 23 March 2006.

Audi Service

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future resale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule

Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000* miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving

	Fixed Audi Inspection Service Intervals:
Oil-change Service	Fixed to every 10,000* miles/1 year
Inspection Service	Fixed to every 20,000* miles/3 years, then every 20,000* miles/2 years thereafter

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

LongLife Service Regime

	Vehicle usage:
Mileage	More than 30 miles per day
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000

	Audi LongLife Service Intervals:
Oil-change Service	Variable to a maximum of every 20,000* miles/2 years
Inspection Service	Fixed to every 20,000* miles/3 years, then every 20,000* miles/2 years thereafter

Service by Design

At Audi, we believe our customers have the right to expect excellent service each and every time they make contact with us. To ensure that this happens, we have agreed a set of service standards with our Audi Centre network that governs the way they do business with you. These standards apply to both Sales and Aftersales, and we actively monitor our Centres to ensure that you receive the highest level of customer service. These service standards will ensure a consistent, stress-free experience whenever you are in contact with anyone representing the Audi brand.

Every Audi Centre will be open during the following hours:

Sales: 9am-6pm Monday to Friday
9am-5pm Saturday

Service: 8am-6pm Monday to Friday
8.30am-1pm Saturday

Sunday opening at local discretion.

Test drives

Whilst we cannot always have the desired demonstrator car ready immediately, we will confirm arrangements for a test drive within two working days (subject to status).

New Car delivery

Once we have confirmed a delivery date with you, we will keep you informed of progress. In the unlikely event of a delay, we will provide you with a courtesy car to minimise inconvenience and keep you mobile.

Delivery to any location within the UK

To maximise your Audi experience right from the first day of ownership, we will deliver your car to your preferred location – whether that's home or your place of work (subject to reasonable notice).

Attention to every detail

Your ownership experience starts with half a tank of fuel.

Quotation response

We are committed to answering any quotation request within 1 working day.

Training

We run a continuous training development programme for all our staff so that we consistently deliver a high-quality, professional service.

Formal complaints procedure

We have a complaints procedure designed to ensure any negative issue you raise with us is dealt with properly.

Courtesy cars

When your car is off the road, perhaps due to a scheduled service or MOT, we will offer you an Audi Courtesy Vehicle until yours is ready. We'll even collect from and deliver to your chosen location, keeping hassle to an absolute minimum.

All our courtesy cars are insured and fuelled

Upon collection or delivery, your courtesy car will have a minimum of a quarter of a tank of fuel; all we ask is that you replace any fuel used before returning it to us. On presentation of your driving licence, we will also insure the car free of charge.

Service bookings

If you do not require a courtesy car, we will service your Audi within a maximum of 5 working days. If you do choose to take a courtesy car, we will promise to service your vehicle within a maximum of 10 working days.

Cleaning

When your car comes to our workshop, we will wash and vacuum it at no extra cost.

No hidden charges

You will be consulted before we carry out any necessary work on your vehicle, and anything charged for will be itemised on your bill. No extra work will be undertaken without your permission.

A personal service

All work will be done by a named Audi technician, to whom you can personally direct questions or requests should you need to.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 15%.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£471.30
Number plates	£20.00
VAT	£73.70
Total	£565.00

Audi Roadside Assistance

Your new car comes complete with free roadside assistance and recovery across the UK provided by RAC Motoring Services. Your 24 months' free cover can be extended for a further year free-of-charge, provided that your vehicle is serviced and, if necessary, repaired by an Authorised Audi Centre or Audi-Authorised Repairer in accordance with the manufacturer's instructions.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Up to 3 years' UK roadside assistance and recovery

This package, together with Audi variable Service intervals, offers a combination unmatched by any other major manufacturer. Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is our full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire purchase
- ▶ Lease purchase
- ▶ Finance lease
- ▶ Contract hire

With all our finance products, you can choose one of our fixed-cost maintenance plans, which are designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Competitive comprehensive motor insurance designed specially for Audi drivers. All new Audi models come with complimentary seven-day cover upon request – we'll email a cover note directly to your Audi Centre, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and can begin as soon as your free seven-day cover expires.

For more information, contact your local Audi Centre. Alternatively, call 0800 051 3146 for a quote and to receive 7 days' complimentary cover for your new Audi.

Audi Insurance is underwritten and administered by Zurich Insurance Company.
