

The new Audi A6 Saloon

Pricing and Specification Guide

Valid from January 2011

Personalising your Audi A6 Saloon

This guide has been designed to help you tailor and price your Audi A6 Saloon quickly and logically. At the back, you will find information on CO₂ emissions-based taxation and the other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi A6 Saloon online.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi A6 Saloon

The latest generation of the Audi A6 is one of the most advanced and desirable cars in our range. Thanks to an intelligent combination of steel and aluminium, its body is now significantly lighter – which, combined with a new choice of engines, leads to 19% lower fuel consumption.

You'll find a wide range of equipment as standard, including SD card based navigation, 17-inch alloy wheels, Multi-Media Interface with a retractable 6.5" display and leather upholstery. You can also choose from a wide range of innovative options, including a 15-speaker Bang & Olufsen Advanced Sound System and a cockpit-style head-up display that enables you to keep your eyes on the road at all times.

Of course, that's just the beginning. Read on to see everything the Audi A6 has to offer.

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO₂ and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A6 Saloon.

Recuperation

When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system, like the one in the Audi A6 Saloon, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

Enhanced air conditioning

The efficient cooling system in the Audi A6 can save up to 8 g/km of CO₂ compared with the previous model. It's thanks to a new brushless motor that's lighter, uses less energy and has a longer operating life.

Lightweight construction

From the earliest stages of its design, we looked for ways to save energy in the Audi A6 Saloon. It's why every component has been optimised for greater agility, improved efficiency and more driving pleasure. In fact, thanks to its hybrid aluminium construction, this advanced model is now 15% lighter than a conventional steel vehicle.

Efficiency programmes

The Driver's Information System in the Audi A6 Saloon comes as standard with an innovative efficiency programme, which offers advice on improving fuel economy as you drive. Also, via the standard Audi drive select system you can choose a new efficiency setting which aids you in driving even more economically. For more details, see page 14.

Automatic Start-Stop function

In heavy traffic, your car still uses fuel and releases CO₂, even when it's stationary. The automatic Start-Stop function counteracts this problem by switching off the engine when your car comes to a standstill. As soon as you touch the clutch, the car restarts. In conjunction with TDI® and TFSI®, it helps save up to 0.4 litres of fuel every 100km.

Engines

Petrol

TFSI® direct-injection technology is a unique Audi innovation that includes supercharging, which combines FSI® technology with forced induction – giving cars an extra injection of power and torque. It also delivers enhanced fuel efficiency as precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to ‘breathe’ more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions.

Diesel

We introduced TDI® to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. And since then, we’ve continuously refined it, recently developing common-rail technology. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which lowers emissions.

Transmissions

multitronic®

Translating a driver's preferences and intentions into road performance, the multitronic® transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® automatic transmission is available on models without quattro® permanent all-wheel-drive. A continuously variable transmission, multitronic® can transmit up to 400 Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption.

S tronic®

Driving is all about thinking ahead, which is just what the S tronic® dual-clutch transmission does. It works almost as two separate systems, one engaging the odd-numbered and the other the even-numbered gears. So when you're accelerating in second, it has third gear waiting for you. And once you make the switch, it's already thinking about fourth. With two clutches working together, you can change gears almost instantly while experiencing smooth, uninterrupted power.

quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the A6 Saloon so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.

In the A6 Saloon, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

Image for illustrative purposes only.

quattro® with Sports differential

The optional electronically regulated Sports differential distributes variable amounts of drive force to each rear wheel, ensuring outstanding acceleration performance in corners and stabilising the vehicle's response to load change. It also brings better direct steering characteristics and, as it requires less steering effort, more agile handling.

SE model equipment

All A6 Saloon SE models have the following items of standard equipment

Engine and transmission

Start-Stop system with energy recuperation

Wheels, tyres and suspension

17" x 8J '10-spoke' design alloy wheels with 225/55 R17 tyres

Electromechanical parking brake

Dynamic suspension

Audi drive select with four pre-configured modes (Comfort, Auto, Dynamic and Efficiency), allowing the driver to electronically adjust the engine, transmission and steering. The new efficiency mode influences the shift program, electromechanical power steering, engine, cruise control, and where fitted: deluxe automatic air conditioner, adaptive air suspension, quattro® with Sports differential

Space-saver spare wheel

Anti-theft wheel bolts

Tool kit and car jack

Safety and security

Driver's Information System (DIS) – Monochrome display in the direct field of view of the driver. The DIS shows the radio frequency/station or the song title, outside temperature, trip computer, gear-shift display and telephone menu

Cruise control – maintains any speed above 18mph, provided the engine power output and engine braking effect permit it; operated via separate steering column stalk. The set speed is displayed in the Driver's Information System

Light and rain sensor – automatically switches the dipped beam or windscreen wipers on/off depending on the light and rain conditions; includes delayed deactivation/automatic activation of the rear lights and number plate lights when parking or opening the vehicle

Audi Parking System Plus – acoustic and visual park assist system for the front and rear with Multi-Media Interface (MMI) screen display; measurement is by ultrasonic sensors concealed in the bumpers

Tyre pressure monitoring display – provides a visual and acoustic warning of loss in pressure in one or more tyres; defective tyre is displayed in the Driver's Information System

Electronic Stability Programme (ESP)

First aid kit with warning triangle

Front airbags with front passenger deactivation – also includes side head airbags

Seat belt monitoring

Anti-theft alarm with tow-away protection via angle of inclination sensors (can be switched off), including interior monitoring system which can be switched off; alarm for monitoring doors, bonnet and tailgate, independent of vehicle electrical system

17" x 8J '10-spoke' design alloy wheels – PRQ

MMI Navigation with Bluetooth telephone (optional MMI Touch)

Milano leather seats in Velvet beige*

*Image shows optional comfort seats.

Seats

Split-folding rear seat back

Standard seats in Milano leather upholstery including seat covers, head restraints and front centre armrest. The leather is hard-wearing and durable. Includes manual adjustment for seat height, length, backrest angle, head restraint, belt height and steering wheel height and reach ISOFIX child seat mounting for front passenger (with airbag deactivation) and outer rear seats

Audio and communication

MMI Radio Plus including:

- MMI control panel operating the MMI display (6.5-inch retractable colour display)
- 2 SDHC memory card readers (up to 32GB) and single CD player that supports MP3, WMA and AAC
- TP memo – automatically saves traffic news when driving

MMI Navigation (SD card) includes:

- 6.5-inch retractable MMI colour display with high quality map display
- Voice control using whole words
- Dynamic route guidance
- Additional display in the Driver's Information System

Audi Sound System

- 6-channel amplifier
- 180-Watt amplifying capacity
- 10 loudspeakers including subwoofer

Mobile telephone preparation – Bluetooth Interface: Bluetooth-compatible mobile phones can be connected to the vehicle via the interface allowing handsfree calls via the microphone

Interior equipment

Dual-zone electronic climate control – automatic air conditioning which electronically regulates the air temperature, air flow rate and distribution for the driver and front passenger sides

4-spoke leather-trimmed multi-function steering wheel (with paddles for automatic transmissions)

Auto-dimming rear-view mirror – uses a photocell to recognise when the headlights behind are too bright and dims automatically

Front centre armrest for driver and front passenger, movable and with adjustable angle

Cloth headlining

Luggage compartment mat

Inlays in aluminium trigon

Door sill trims with aluminium inlays

Front and rear floor mats coordinated with the selected interior colour

Exterior equipment

Exterior mirrors; electrically adjustable and heated

Halogen headlights

Body-coloured door mirrors

Tow bar bracket preparation – tow bar preparation includes wiring to the control unit, fitting for control unit and adapted engine cooling. The set of parts for retrofitting is available from Audi Accessories or available as an option (see page 43)

S line model equipment

In addition to SE model equipment

Basic RRP
£1,958.33

Total RRP inc VAT
£2,350.00

Wheels, tyres and suspension

18" x 8J '5-twin-spoke' design alloy wheels with 245/45 R18 tyres
Sports suspension lowered by 10mm

Seats

Front Sports seats including electric 4-way lumbar support and manual adjustment for seat height, length, depth, backrest, head restraint, belt height and steering wheel reach and height

Seats upholstered in black Valcona leather with embossed S line logo in the front seat backrests

Interior equipment

S line 3-spoke leather multi-function Sports steering wheel with S line badge (includes paddles in automatic models)

Gear lever knob in black perforated leather

Door sill trims with S line logo

S line inlays in matt-brushed aluminium

Headlining in black cloth

Exterior equipment

S line badges on the front wings

S line front and rear bumpers, side ventilation grilles, side skirts

Chrome-plated trims for exhaust tailpipe

Platinum grey front spoiler lip and diffuser insert

Xenon headlights with LED daytime running lights

LED rear lights

Headlight washers

18" x 8J '5-twin-spoke' design alloy wheels – PQ1

S line rear styling with LED rear lights

S line interior styling with leather/Alcantara S line Sports seats

Safety and security

Intelligent technology designed to give you better all-round awareness and safety on the road.

Order Code		SE	S line	Basic RRP	Total RRP inc VAT
7X5	Park assist – searches for suitable parking spaces along the road by means of ultrasonic sensors, calculates the ideal parking path and performs the steering action virtually automatically. Steering is done by the vehicle, the driver need only accelerate and apply the brakes. Only in combination with colour DIS (9Q8)	●	●	£341.67	£410.00
KA2	Audi parking system advanced, rear view camera – image of area behind the vehicle is shown on the MMI display, with dynamic display modes showing the calculated path (steer-angle dependent); includes help lines and guidelines and identification of point at which to apply opposite lock when parallel parking, reversing camera concealed in the handle strip of the tailgate. Also available as part of the Comfort package (WB1) – please see page 34	●	●	£391.67	£470.00
QR9	Speed limit display – the prevailing speed limit can be simply read on the Driver's Information System (DIS). Should the camera fail to see a sign properly, the speed limit from the data for the navigation system – if fitted – will be shown instead. The advantages: - Display of the speed limits currently registered, which can be called up in the Driver's Information System at any time - Display can be called up in every instrument cluster view and in the head-up display (optional equipment) - Camera-based system is also capable of detecting temporary speed restrictions in roadworks and on digital displays (e.g. over motorways) within the system limits - Display of national speed limits for Western European countries Only available in conjunction with MMI Navigation Plus (PNQ or WB4), and with active lane assist (PCB), Audi side assist (PCD) or adaptive cruise control (PCG/PCN)	●	●	£129.17	£155.00
9R1	Night vision assistant with pedestrian detection – a thermal imaging camera (remote infrared with resolution of 320 x 240 pixels) registers heat dissipation in front of the vehicle and represents this image in the Driver's Information System (DIS). Image recognition software highlights people detected in the darkness and a warning bell is sounded if the system classifies them as being at risk. Warning can also be shown in the head-up display (optional equipment). System operation may be restricted in too much ambient light, high humidity and high night temperatures (over 28 degrees). Only in combination with colour DIS (9Q8)	●	●	£1,750.00	£2,100.00
4F2	Advanced key. Access and authorisation system that works through automatic data exchange between key and vehicle, allowing the driver to keep their car key in their pocket or bag at all times. To unlock and open, simply lift the exterior door handle. The door is locked by pressing the button on the handle. Pressing the start/stop button integrated in the centre console starts and stops the engine. Also available as part of the Comfort package (WB1) – please see page 34	●	●	£566.67	£680.00
VC1	Garage door opener (HomeLink®*). Programmable radio remote control, with buttons integrated into the front roof module; can be used for opening garages and exterior gates	●	●	£204.17	£245.00
4X4	Rear side airbags. For the outer rear seats, incorporated into the seat backrests; supplement the side impact protection in the doors and the head airbag system	●	●	£312.50	£375.00
7G9	Tracking preparation	●	●	£91.67	£110.00
OM5	75-litre fuel tank	●	●	£95.83	£115.00

Options are subject to availability and may extend delivery.

*Homelink® is a registered trademark of Johnson Controls. For information on compatibility, visit www.homelink.com.

Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a whole range of accessories to enhance your A6, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. And they're all available exclusively from Audi. To find out more, just visit your local Audi Centre.

Warranty

All of the accessories available on the A6 are covered by a three-year warranty* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty.*

A6 Saloon technical data

Petrol

Engine	3.0 TFSI quattro
Transmission	7-speed S tronic
Cylinder	6-cylinder
Displacement, cubic cm (valves per cylinder)	2995 (4)
Max. power, ¹ PS	300/5250-6500
Max. torque, Nm at rpm	440/2900-4500
0-62mph acceleration, seconds	5.5
Top speed, mph	155*
CO ₂ emissions, ² g/km	190
Benefit in kind (BIK)%	27%
Fuel consumption, mpg (l/100km) Urban	26.2 (10.8)
Fuel consumption, mpg (l/100km) Extra Urban	42.8 (6.6)
Fuel consumption, mpg (l/100km) Combined	34.4 (8.2)
ABI insurance group 1-50 ⁺	TBC
Unladen weight, ³ kg	1740
Gross weight limit, kg	2350
Roof load limit/nose weight, kg	100/85
Max trailer load unbraked, ⁴ kg	750
Max trailer load with 12% gradient, ⁴ kg	2100
Max trailer load with 8% gradient, ⁴ kg	2100
Luggage compartment capacity, rear seats upright, litres	530
Fuel tank capacity approx, litres	65

*Electronically limited

**Loaded up to roof with rear seat folded down.

⁺Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit www.thatcham.org/abigrouprating for details.

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

²The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

³Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

A6 Saloon dimensions

The technical drawings opposite show the exact dimensions of the Audi A6 Saloon, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.

*Maximum headroom.

Dimensions in millimetres.

Turning circle approx 11.9m.

Dimensions were measured with vehicle at unladen weight. Luggage compartment volume in litres: 535/1390 (measured by the VDA standard test method using 200 x 100 x 50mm blocks; second value: with rear seat folded down).

Additional information

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A - up to 100g/km	£0.00	£0.00
B - 101 to 110g/km	£0.00	£20.00
C - 111 to 120g/km	£0.00	£30.00
D - 121 to 130g/km	£0.00	£90.00
E - 131 to 140g/km	£110.00	£110.00
F - 141 to 150g/km	£125.00	£125.00
G - 151 to 165g/km	£155.00	£155.00
H - 166 to 175g/km	£250.00	£180.00
I - 176 to 185g/km	£300.00	£200.00
J - 186 to 200g/km	£425.00	£235.00
K - 201 to 225g/km	£550.00	£245.00
L - 226 to 255g/km	£750.00	£425.00
M - over 255g/km	£950.00	£435.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service schedule has fixed intervals for the Oil-change and Inspection Service that are based on time

and distance, whichever comes first. With the Audi LongLife Service schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading - e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical - e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading - e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm

Saturday 9am–5pm

Service: Monday to Friday 8am–6pm

Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our commitment to you, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.
