

 **CTS-V WAGON**

A MESSAGE TO OUR SPORT WAGON "COMPETITORS".

Cadillac®

CTS-V WAGON

CADILLACEUROPE.COM

THE COMPETITION IS EFFECTIVELY OVER.

Born of the Nurburgring record-breaking CTS-V Sedan the CTS-V Wagon is no ordinary sports wagon. It is arguably the fastest production wagon on the planet. Sharing the Sedan's legendary 564-hp supercharged 6.2 l V8 one hundred kilometres per hour comes up in less than 5 seconds. Thankfully the Wagon also shares the Sedan's track-tuned chassis and revolutionary dual-mode Magnetic Ride Control suspension system to assure that it holds the road like no other car in its class. With its stunningly appointed interior, breathtaking performance and 1,484 litres of cargo space the all-new CTS-V Wagon simply doesn't have any serious competition.

CTS-V WAGON:

Pre-production model shown, all consumption and emission figures are preliminary and will be available after start of production. Fuel consumption, combined (l/100 km mix): 14.7–15.3 (estimated) • CO₂ emission (g/km): 350–365 (estimated). Engine/transmission: 6.2 l V8 (564 hp) RWD Auto6/Manual6. Average CO₂ emission of all cars sold in Switzerland: 188 g/km.
